It must not be supposed that the Church so concentrates her energies on caring for souls as to overlook things which pertain to mortal and earthly life. ~Pope St. Leo XIII, *Rerum Novarum*, no. 42  
This workbook follows TAN Academy's 32-part introductory lecture series on economics for high schoolers. These lectures, taught by Dr. Hannah Kling, cover the basic tenets of economic principles and financial literacy in order to inform the choices of the students as they grow. In addition, this one-semester course provides foundational knowledge of personal finance, which will reap dividends in adult life. It is perfect for anyone who will live in the world but not of it, teaching not only the fundamentals of how a capitalist-based system works but also how to use money wisely as individuals. The workbook includes: Vocabulary Matching exercises Quizzes and test for the course Integrated with TAN Academy's 12th Grade Economics Lesson Plan. This workbook is part of TAN Academy's 12th Grade curriculum but can be used in any high school grade.

Engage your students with topics of immediate interest in this book's unique, issues-oriented approach. Ideal for non-majors and majors alike, Moomaw/Olson/Applegate/McLean's ECONOMICS AND CONTEMPORARY ISSUES, 8E examines major economic issues pertaining to education, health care, Social Security, unemployment, inflation, and international trade. This edition also examines social and political phenomena throughout the world, such as the collapse of communism and central planning, the role of government in today's economy, crime and drugs, poverty, and the failure of some economies to grow. Captivating insights, intellectual challenges, and a solid analytical framework strengthen your students' critical thinking skills while the book's

proven approach helps build a strong foundation in core economic principles. The authors clearly connect today's issues to key economic principles and applications, while providing an unmatched international perspective. Students develop a stronger appreciation and interest in contemporary economics as they see its importance in understanding both issues that affect them personally as well as today's news headlines.
