### **RISHI RAMOS**

**Business Ethics** Oxford University Press, USA

In the wake of ethical scandals and close ethical scrutiny throughout business and the accounting professional today, Brooks/Dunn's BUSINESS & PROFESSIONAL ETHICS, 9E provides the ethical insights and strategies you need for corporate and professional success. Learn why ethical behavior is so important and how to recognize potential pitfalls that involve much more than memorizing rules. You master the skills to develop a corporate culture of integrity that maintains stakeholder support and enables directors and auditors to complete their jobs. You also learn how to use ethical strategies to make decisions, as this edition examines the latest information on governance scandals, legal liability and professional accounting and auditing issues. More than 130 cases and readings highlight new and classic cases of fraud, bankruptcy and unprofessional practices to help you better understand appropriate codes of conduct and sound ethical reasoning while strengthening your persuasive and leadership skills for success.

**Business and Professional Ethics** Cengage Learning

The seventh edition of Birt's Accounting textbook is designed for the core accounting unit in a business or commerce degree. Many students who plan to major in soft-side disciplines such as marketing or human resource management need a clear and accessible text that emphasises the relevance of accounting to business. The Accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Ernst & Young, animated work problems and questions with immediate feedback. Birt's unique resource can also form the basis of a blended learning solution for lecturers.

**Business Ethics, Seventh Edition** Broadview Press

"Beginning with examples of the scandals that have shaken public confidence in the ethics of Wall Street, this book explains the need for ethics in the personal conduct of finance professionals and the operation of financial markets and institutions. A broad range of practical issues in the financial services industry, investment decision making, and corporate financial management are explored, focusing on standards of fairness in market transactions and the duties of fiduciaries and agents in

financial relationships. Among the topics covered are unethical sales practices, the churning of accounts, personal trading by fund managers, discrimination in home mortgage lending, the role of institutional investors, the socially responsible investment movement, insider trading and program trading, the abuse of bankruptcy, and hostile takeovers. Ethics in Finance also contains a critical examination of conception of the theory of the firm in finance and the financial objective of firms." - product description.

SAGE

Peg Tittle's ambitious business ethics text brings together readings, cases, and the author's own informed opinions. The second edition includes over a dozen new readings and case studies, as well as a new chapter on issues in Information and Communication Technology. Includes - Canonical and topical readings on issues ranging from whistleblowing and advertising to international business, the nature of capitalism, and the environment - Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions - What to Do? scenarios and Case Studies illustrate the practical relevance of each topic - Comprehensive introductions to ethical theory and the ethics of business - Questions following

each selection test understanding and promote active reading - A primer on ethical institutions examines the role of ethics consultants, codes of ethics, and more

**Business Ethics: Case Studies and Selected Readings** IGI Global

"This 10-volume compilation of authoritative, research-based articles contributed by thousands of researchers and experts from all over the world emphasized modern issues and the presentation of potential opportunities, prospective solutions, and future directions in the field of information science and technology"--Provided by publisher.

**Management** Broadview Press

Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

**Business Ethics Education and the Pragmatic Pursuit of the Good** John Wiley & Sons

The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law.

**Ethical Issues in Business** Aspen Publishing

Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and - at the end of each chapter - study questions and suggested additional readings.

**The Business Writer's Handbook, Seventh Edition** SAGE

As tomorrow's manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. MANAGEMENT: AN INTEGRATED APPROACH, by award-winning instructors and prominent Harvard business experts, teaches you how to think like a successful manager and effective leader. This second edition clearly demonstrates the interconnectivity between three facets of management: strategic positioning, organizational

design, and individual leadership. You learn the importance of harnessing technological advances, managing and leading a dispersed and diverse workforce, anticipating and reacting to constant competitive and geopolitical change and uncertainty, competing on a global scale, and operating in a socially responsible and accountable manner. Clear concepts directly relate to how today's organizations operate, while self-reflection opportunities help you evaluate personal leadership abilities and skill-building practice equips you for leadership success. You master management principles from a tangible, integrated, and current perspective as you learn to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Let MANAGEMENT: AN INTEGRATED APPROACH, 2E prepare you for leadership success as this unique book answers the key question: How are leaders successfully managing competitive companies in the 21st Century? "This book explores game theory and its deep impact in developmental economics, specifically the manner in which it provides a way of formalizing institutions"--Provided by publisher.

**The SAGE Encyclopedia of Business Ethics and Society** Macmillan

The best-selling text of its kind on the market, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 7th Edition gets behind the decision-making process of business leaders today to illustrate why good leaders often make questionable decisions. This fascinating collection exposes common themes in less-than-ethical decision making, and shows why leaders make ethical compromises in business that they would not make in their personal lives. A combination of short and long cases, readings, hypothetical situations, and current ethical dilemmas, BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS provides students with a stimulating and thorough basis for evaluating business ethics, and encourages stronger values in future business leaders. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Ethical Issues in Business - Second Edition** South-Western College

This book is an extended argument for the critical importance which justice and ethical leadership should have in business ethics education. The book examines the history of ideas and purposes in education, the contemporary role of business schools, and the social foundations of moral education to conclude that the pragmatic pursuit of the good must be a central aim of business

strategy. To meet the challenges of facing society today, the masters of business must be moral craftsmen in a just and democratic private property economy that serves the common good. The author grounds this vision for business leadership in the centrality of systems of exchange in human society, in generating prosperity and providing for the general welfare. Business ethics education has focused primarily on moral formation of individual leaders and managers in the context of ethical codes, organizational culture, and legal compliance. Important as this approach is, it fails to generate a sufficient level of business responsibility to satisfy legitimate social concerns regarding the use of natural resources, environmental sustainability, reasonable limitation of systemic risk in capital markets, and fair allocation of goods and services. If the social purpose of business is not intentionally embraced and diligently pursued, the economy may enrich a few but impoverish the society, its resources, and its democracy. Hence this book argues for a new vision of business ethics that is grounded in public accountability of business operations and outcomes for the common good, as a matter of justice.
