 Virginia Woolf's most unusual and
 fantastic creation, a funny, exuberant tale
 that examines the very nature of
 sexuality. WITH INTRODUCTIONS BY PETER
 ACKROYD AND MARGARET REYNOLDS As
 his tale begins, Orlando is a passionate
 young nobleman whose days are spent in
 rowdy revelry, filled with the colourful
 delights of Queen Elizabeth's court. By the
 close, he will have transformed into a
 modern, thirty-six-year-old woman and
 three centuries will have passed. Orlando
 will not only witness the making of history

from its edge, but will find that his unique
 position as a woman who knows what it is
 to be a man will give him insight into
 matters of the heart. The Vintage Classics
 Virginia Woolf series has been curated by
 Jeanette Winterson and Margaret
 Reynolds, and the texts used are based on
 the original Hogarth Press editions
 published by Leonard and Virginia Woolf.

The story of Oliver Twist - orphaned, and set upon by evil and adversity from his first breath - shocked readers when it was published. After running away from the workhouse and pompous beadle Mr Bumble, Oliver finds himself lured into a den of thieves peopled by vivid and memorable characters - the Artful Dodger, vicious burglar Bill Sikes, his dog Bull's

Eye, and prostitute Nancy, all watched over by cunning master-thief Fagin. Combining elements of Gothic Romance, the Newgate Novel and popular melodrama, Dickens created an entirely new kind of fiction, scathing in its indictment of a cruel society, and pervaded by an unforgettable sense of threat and mystery.

The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series starring Michael Sheen and David Tennant. ?Season 2 of *Good Omens* coming soon! “*Good Omens* . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It’s a wow. It would make one hell of a movie. Or a heavenly one. Take your pick.”

According to *The Nice and Accurate Prophecies of Agnes Nutter, Witch* (the world’s only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact. Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according

to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst Earth’s mortals since *The Beginning* and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .

Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand

the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

He thought Christianity was a sham. Then it changed his life. Skeptic Josh McDowell thought Christians were out of their minds. He ridiculed and insulted them, then decided to combat them with his own thorough research to disprove the claims of Jesus Christ. To his surprise, he discovered that the evidence suggested exactly the opposite—that Jesus, instead of being simply a first-century Hebrew carpenter, truly was the God he claimed to be. Josh went on to write the inspirational work on Christian apologetics, *More Than a Carpenter*, which has sold over 15 million copies. In this revised and updated edition, with over 15 million copies in print since its original publication, *More Than a Carpenter* has changed countless lives. Now, in this revised and updated edition, Josh is joined by his son, Sean, as they tackle the questions that today’s generation continues to ask: “Can I be spiritual without believing in God?” “How can I make sure that my life counts for something?” “Is it really possible to know anything for sure about God or Jesus?” This edition is an accessible read for seekers and a great evangelism tool.

Earth is ruled by master-machines but the Three Laws of Robotics have been designed to ensure humans maintain the upper hand: 1) A robot may not injure a human being or allow a human being to come to harm 2) A robot must obey orders given to it by human beings except where such orders would conflict with the First Law. 3) A robot must protect its own existence as long as such protection does

not conflict with the First or Second Law. But what happens when a rogue robot's idea of what is good for society contravenes the Three Laws?
