Character Creator

contains 16 personality-
type cards and templates
for three dice that, when

used together, can help
writers add depth and
believability to their
characters while on the
go. Created in the 1940s,
the Myers-Briggs Type
Indicator(r) has become
one of the most widely-
used personality
instruments in the world.
It is often used to improve
or enhance team

dynamics at work or to
guide people when
selecting a career. Why
not also use it to help
writers create more
believable characters?
Apply this tool to your
characters and see the
difference it can make in
your story line!

Creating a Character
CreateSpace

Explores the techniques of effective character development in the processing of writing novels to take the author's stories from good to great, including how to determine which arc is right for your character, why you should never pit plot against character, and how to avoid the pitfalls of writing novels without character arcs.

Writing Irresistible

Kidlit Abdul Press

The bestselling Emotion Thesaurus, often hailed as “the gold standard for writers” and credited with

transforming how writers craft emotion, has now been expanded to include 56 new entries! One of the biggest struggles for writers is how to convey emotion to readers in a unique and compelling way. When showing our characters’ feelings, we often use the first idea that comes to mind, and they end up smiling, nodding, and frowning too much. If you need inspiration for creating characters’ emotional responses that are personalized and evocative, this ultimate

show-don’t-tell guide for emotion can help. It includes:

- Body language cues, thoughts, and visceral responses for over 130 emotions that cover a range of intensity from mild to severe, providing innumerable options for individualizing a character’s reactions •
- A breakdown of the biggest emotion-related writing problems and how to overcome them •
- Advice on what should be done before drafting to make sure your characters’ emotions will be realistic and consistent

• Instruction for how to show hidden feelings and emotional subtext through dialogue and nonverbal cues • And much more! The Emotion Thesaurus, in its easy-to-navigate list format, will inspire you to create stronger, fresher character expressions and engage readers from your first page to your last. [Activities That Promote Learning and Emotional and Social Development](#) Penguin
Create characters that leap off the page--and into readers' hearts!

Populating your fiction with authentic, vivid characters is a surefire way to captivate your readers from the first sentence to the last. Whether you're writing a series, novel, short story, or flash fiction, *Creating Characters* is an invaluable guide to bringing your fictional cast to life. This book is a comprehensive reference to every stage of character development. You'll find timely advice and helpful instruction from best-selling authors like Nancy Kress,

Elizabeth Sims, Orson Scott Card, Chuck Wendig, Hallie Ephron, Donald Maass, and James Scott Bell. They'll show you how to: • Effectively introduce your characters • Build a believable protagonist • Develop strong anti-heroes and compelling villains • Juggle multiple points of view without missing a beat • Craft authentic dialogue that propels the story forward • Motivate your characters with powerful objectives and a believable conflict • Show dynamic character

development over the course of a story No matter what your genre, *Creating Characters* gives you the tools necessary to create realistic, fascinating characters that your readers will root for and remember long after they've finished the story.

Creating Memorable Characters for Fiction, Film, and TV Penguin

Former private investigator and New York Times notable author David Corbett offers a unique and indispensable toolkit for creating

characters that come vividly to life on the page and linger in memory. Corbett provides an inventive, inspiring, and vastly entertaining blueprint to all the elements of characterization-from initial inspiration to realization-with special insights into the power of secrets and contradictions, the embodiment of roles, managing the "tyranny of motive," and mastering crucial techniques required for memorable dialogue and

unforgettable scenes. This is a how-to guide for both aspiring and accomplished writers that renders all other books of its kind obsolete.

Avoid Cliche and Get Your Facts Right! JADD Publishing

An introduction to modern physics and to Richard Feynman at his witty and enthusiastic best, discussing gravitation, irreversibility, symmetry, and the nature of scientific discovery. Richard Feynman was one of the most famous and important physicists of

the second half of the twentieth century. Awarded the Nobel Prize for Physics in 1965, celebrated for his spirited and engaging lectures, and briefly a star on the evening news for his presence on the commission investigating the explosion of the space shuttle Challenger, Feynman is best known for his contributions to the field of quantum electrodynamics. The *Character of Physical Law*, drawn from Feynman's famous 1964 series of Messenger Lectures at

Cornell, offers an introduction to modern physics—and to Feynman at his witty and enthusiastic best. In this classic book (originally published in 1967), Feynman offers an overview of selected physical laws and gathers their common features, arguing that the importance of a physical law is not “how clever we are to have found it out” but “how clever nature is to pay attention to it.” He discusses such topics as the interaction of mathematics and physics,

the principle of conservation, the puzzle of symmetry, and the process of scientific discovery. A foreword by 2004 Physics Nobel laureate Frank Wilczek updates some of Feynman's observations—noting, however, “the need for these particular updates enhances rather than detracts from the book.” In *The Character of Physical Law*, Feynman chose to grapple with issues at the forefront of physics that seemed unresolved, important,

and approachable.

The Emotion

Thesaurus: A Writer's Guide to Character Expression (2nd Edition)

Simon and Schuster

A 'fast-forward' acting course covering all the essential techniques an actor needs to know and use - with a suite of exercises to put each technique into practice. The Acting Book offers various ways to analyse a text and to create character, using not only the established processes of Stanislavsky and

Meisner, but also new ones developed by the author over many years of teaching drama students. It also sets out a wide range of rehearsal techniques and improvisations, and it brims over with inventive practical exercises designed to stimulate the actor's imagination and build confidence. The book will be invaluable to student actors as an accompaniment to their training, to established actors who wish to refresh their technique, and to drama teachers at every

level. 'Abbott knows what he's talking about and has a gift for expressing himself in straightforward, clutter-free language' The Stage on Improvisation in Rehearsal

The Character of Physical Law Knopf Books for Young Readers

Living with his little brother, Fudge, makes Peter feel like a fourth grade nothing. Fudge is never far from trouble. He's a two-year-old terror who gets away with everything--and Peter's had enough. When Fudge walks off with Dribble,

Peter's pet turtle, it's the last straw.

Breathing Life Into Your Characters Penguin

The Student Actor

Prepares is a practical, interactive approach to a student actor's journey. Each chapter includes acting principles, their importance to the process, and workbook entries for emotional work, script analysis, and applications to the study of theater. Topics cover a brief history of the art of acting and how the study of acting can be an advantage in numerous

occupations; an actor's discovery of emotional work; movement and mime practices for the actv vocal practices for the actv solo improvisational study; script analysis for the individual actv rehearsal tips; monologue work; original solo work; audition information; working with an acting partner or in a production; acting resources; and research topics.

The Book Thief Intellect Books

Building Character, Community, and a Growth

Mindset in Physical Education is a highly practical and theoretically sound resource that will help you build a positive learning environment, teach valuable life skills, and inspire in students a desire to live active, healthy lives. It reinforces the many ways in which physical education and sport are the ideal setting to build college and career readiness skills. Teachers will learn how to help students develop a growth mindset and recognize that obstacles, challenges, and failures

provide the greatest learning opportunities. The book is written with both American and Canadian national standards in mind: You can help your students achieve Standards 3, 4, and 5 of SHAPE America's National Standards and Grade-Level Outcomes for K-12 Physical Education and PHE Canada's goals for physical education ("enable individuals to make healthy, active choices that are both beneficial to and respectful of their whole self, others, and their

environment"). It will also aid you in achieving Standard Six of the objectives set by the National Board for Professional Teaching Standards (NBPTS). This text provides • 35 new large-group warm-up activities; • 20 character-building activities; • 11 team-building challenges; • assessment, reflection, and goal-setting strategies; and • a web resource with ready-to-use printable and editable activity materials (such as focus words and definitions, reflection

scenarios, station and team challenge cards, and more). The activities, which are ready-made for use in your curriculum, include a motivational strategy and resource tool using the acronym GROWTH that will help your students learn and adopt the growth mindset traits necessary to set and reach goals. The book addresses many hot-button topics, such as emotional intelligence, community building, teamwork, physical fitness, and goal setting—all in a concise,

practical, and highly effective way. As such, you will be helping your students meet Common Core and College and Career Readiness objectives. And students with goal-setting skills and a growth mindset will be well prepared to meet the challenging standards that are promoted by the Every Student Succeeds Act. In addition, Building Character, Community, and a Growth Mindset in Physical Education is the perfect antidote to bullying: Through the materials and activities,

the students learn to be respectful competitors and supportive teammates. The text contains six chapters: • Chapter 1 explores the connection between emotional intelligence and a growth mindset. It reinforces the many ways in which physical education and sport are the ideal settings to build college and career readiness skills. • Chapter 2 describes the impact community building has on motivation and learning. It also contains fun community-building

activities as well as guidance on how to develop a positive learning environment. • Chapter 3 outlines strategies for building character and offers reflection scenarios, focus words, inspirational sayings, and recommended video clips. • Chapter 4 supplies more than 20 fun, engaging, and motivational character-building activities and games. • Chapter 5 provides outdoor collaborative team-building challenges. • Chapter 6 delves into

various aspects of developing a growth mindset through concepts such as assessment, reflection, and goal setting. Building Character, Community, and a Growth Mindset in Physical Education is a powerful and valuable resource because it develops the whole student. It helps students meet important national standards while also preparing them for success in life. This book will help you develop resilient citizens who choose to live active,

healthy lifestyles; understand the importance of collaboration and teamwork; and are intrinsically motivated to succeed in all areas of their lives.

Hatchet Penguin
When a young girl ventures through a hidden door, she finds another life with shocking similarities to her own. Coraline has moved to a new house with her parents and she is fascinated by the fact that their 'house' is in fact only half a house! Divided into

flats years before, there is a brick wall behind a door where once there was a corridor. One day it is a corridor again and the intrepid Coraline wanders down it. And so a nightmare-ish mystery begins that takes Coraline into the arms of counterfeit parents and a life that isn't quite right. Can Coraline get out? Can she find her real parents? Will life ever be the same again?

To Build a Fire MIT Press
Celebrate the thirtieth anniversary of the Newbery Honor-winning

survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America's best-loved novels by PBS's The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his

mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food,

how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents. [How to Create Believable Characters Using the Myers-Briggs Type Indicator\(r\)](#) Theatre Communications Group
The information you need to write characters with physical disabilities

effectively! You're writing a book and one of your characters has a physical disability. Maybe it's crucial to the plot. Maybe you thought it would be nice to give your character a more unique and unusual back story. Maybe you just want a realistic book and in real life sometimes people have disabilities. Even in a fiction book, you're going to want to get the details right. Is someone with a vision impairment really going to walk up to a stranger and start feeling his face? Can someone

with Muscular Dystrophy feel their legs? How does someone without legs drive a car? How does a spinal cord injury really impact sexual function? This book has the answers. It is divided up into sections for nine common physical disabilities you may want to give your characters. Each section includes... An overview of the disability An explanation of the causes of this disability The physical effects of the disability Adaptations and equipment a person with

this disability might use Common misconceptions The second part includes helpful essays about disability in fiction, including common cliches to avoid and playing with stereotypes. The information in this book will guide you in creating a unique and compelling story where physical disability adds to the richness of the book you are creating.

classic literary library At Pure Snow Publishing we have taken the time and care into formatting this book to make it the best possible reading experience. We specialize in publishing classic books and have been publishing books since 2014. We now have over 500 book listings available for purchase. Enjoy! *Building a Character* Simon and Schuster "Character" has become a front-and-center topic in contemporary discourse, but this term does not have a fixed meaning.

Character may be simply defined by what someone does not do, but a more active and thorough definition is necessary, one that addresses certain vital questions. Is character a singular characteristic of an individual, or is it composed of different aspects? Does character-- however we define it-- exist in degrees, or is it simply something one happens to have? How can character be developed? Can it be learned? Relatedly, can it be taught, and who might

be the most effective teacher? What roles are played by family, schools, the media, religion, and the larger culture? This groundbreaking handbook of character strengths and virtues is the first progress report from a prestigious group of researchers who have undertaken the systematic classification and measurement of widely valued positive traits. They approach good character in terms of separate strengths-- authenticity, persistence, kindness, gratitude, hope,

humor, and so on--each of which exists in degrees. Character Strengths and Virtues classifies twenty-four specific strengths under six broad virtues that consistently emerge across history and culture: wisdom, courage, humanity, justice, temperance, and transcendence. Each strength is thoroughly examined in its own chapter, with special attention to its meaning, explanation, measurement, causes, correlates, consequences, and development across

the life span, as well as to strategies for its deliberate cultivation. This book demands the attention of anyone interested in psychology and what it can teach about the good life.

The Ultimate Guide to Crafting Fiction for Young Adult and Middle Grade Readers Rowman & Littlefield

This third volume examines the development of a character from the viewpoint of three widely contrasting plays.

Building Character, Community, and a Growth Mindset in Physical Education Holt

Paperbacks
Following the phenomenal success of Michael Ondaatje's Booker Prize-winning third novel, *The English Patient*, expectations were almost insurmountable. The internationally acclaimed #1 bestseller had made Ondaatje the first

Canadian novelist ever to win the Booker. Four years later, in 1996, a motion picture based on the book brought the story to a vast new audience. The film, starring Ralph Fiennes and Juliette Binoche, went on to win numerous prizes, among them nine Academy Awards, including Best Picture. Worldwide English-language sales of the book topped two million copies. But in April 2000, *Anil's Ghost* was widely hailed as Ondaatje's most powerful and engrossing

novel to date. Winning a Governor General's Literary Award for Fiction, the Kiriyaama Pacific Rim Book Prize and the Giller Prize, Anil's Ghost became an international bestseller. "Nowhere has Ondaatje written more beautifully," said The New York Times Book Review. The setting is Sri Lanka. Steeped in centuries of cultural achievement and tradition, the country has been ravaged in the late twentieth century by bloody civil war. As in *The English Patient*, Ondaatje's latest novel

follows a woman's attempt to piece together the lost life of a victim of war. Anil Tissera, born in Sri Lanka but educated in England and the U.S., is sent by an international human rights group to participate in an investigation into suspected mass political murders in her homeland. Working with an archaeologist, she discovers a skeleton whose identity takes Anil on a fascinating journey that involves a riveting mystery. What follows, in a novel rich with

character, emotion, and incident, is a story about love and loss, about family, identity and the unknown enemy. And it is a quest to unlock the hidden past – like a handful of soil analyzed by an archaeologist, the story becomes more diffuse the farther we reach into history. A universal tale of the casualties of war, unfolding as a detective story, the book gradually gives way to a more intricate exploration of its characters, a symphony of loss and loneliness

haunted by a cast of solitary strangers and ghosts. The atrocities of a seemingly futile, muddled war are juxtaposed against the ancient, complex and ultimately redemptive culture and landscape of Sri Lanka. Anil's Ghost is Michael Ondaatje's first novel to be set in the country of his birth. "There's a tendency with us in England and North America to say it's a book 'about Sri Lanka.' But it's just my take on a few characters, a personal tunnelling into that ... The

book's not just about Sri Lanka; it's a story that's very familiar in other parts of the world" - in Africa, in Yugoslavia, in South America, in Ireland. "I didn't want it to be a political tract. I wanted it to be a human study of people in the midst of fear."

Creating Character Arcs
Penguin

The phenomenon returns! Originally published in 1987, *The Book of Questions*, a New York Times bestseller, has been completely revised and updated to

incorporate the myriad cultural shifts and hot-button issues of the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more

than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite

your child’s college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If

you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? The Book of Questions may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.
