Something fresh and new from the king of M/M romance, Andrew Grey. Mystery, intrigue and suspense overflow in Stranded. Kendall Monroe is an accomplished stage actor taking on his first movie role. The director is not his biggest fan and makes him painfully aware of this from the start.

There are times as a writer when you are hit by an idea that really knocks your socks off. When that happens, you get down on your knees and thank your lucky stars. Stranded was that kind of story for me. There are many plot points that have been used again and again. I'm not saying there is anything wrong with them, they work.

Andrew Grey - podpost.us Kendall Monroe is handcuffed to a car in the desert. Is this life imitating art or art imitating life? The only thing he's sure of is that the situation he finds himself in is a copy of a scene he filmed earlier, only this time, there is no director yelling "cut" and no crew to rescue him. Stranded - Andrew Grey The blurb of Stranded intrigued me. I wasn't sure how well it would work in something longer than a short story. Lucky for me, Andrew Grey knew exactly how to approach it and make it interesting and enjoyable. This is my first Andrew Grey novel. I have to say I found Grey's writing like lube for the eyes. Andrew Grey does a great job of showing us both the best and worst of humanity in Running To You. While there is one good deed that is central to the plot, there is actually more than one, because these are noble men and that's what noble men do. This is another great story by Andrew Grey. I

have no idea how he creates these books that are each unique and never from a cookie cutter formula but I'm so glad he does. One Good Deed is another deviation from Andrew Grey, and one, I have to say, that I have already reread twice.
