The New York Times and #1 internationally bestselling author of *Secret Daughter* returns with an unforgettable story of family, responsibility, love, honor, tradition, and identity, in which two childhood friends—a young doctor and a newly married bride—must balance the expectations of their culture and their families with the desires of their own hearts. The first of his family to go to college, Anil Patel, the golden son, carries the weight of tradition and his family's expectations when he leaves his tiny Indian village to begin a medical residency in Dallas, Texas, at one of the busiest and most competitive hospitals in America. When his father dies, Anil becomes the de facto head of the Patel household and inherits

the mantle of arbiter for all of the village's disputes. But he is uneasy with the custom, uncertain that he has the wisdom and courage demonstrated by his father and grandfather. His doubts are compounded by the difficulties he discovers in adjusting to a new culture and a new job, challenges that will shake his confidence in himself and his abilities. Back home in India, Anil's closest childhood friend, Leena, struggles to adapt to her demanding new husband and relatives. Arranged by her parents, the marriage shatters Leena's romantic hopes, and eventually forces her to make a desperate choice that will hold drastic repercussions for herself and her family. Though Anil and Leena struggle to come to terms with their identities thousands of miles apart, their lives eventually intersect once more—changing them both and the people they love forever. Tender and bittersweet, *The Golden Son* illuminates the ambivalence of people caught between past and present, tradition and modernity, duty and choice; the push and pull of living in two cultures, and the painful decisions

we must make to find our true selves.

With a wealth of never-before-accessed materials—including

unpublished letters and manuscripts; court, police, and psychiatric records; and new interviews-- Heather Clark brings to life the brilliant daughter of Wellesley, Massachusetts who had poetic ambition from a very young age and was an accomplished, published writer of poems and stories even before she became a star English student at Smith College in the early 1950s. Determined not to read Plath's work as if her every act, from childhood on, was a harbinger of her

tragic fate, Clark evokes a culture in transition, in the shadow of the atom bomb and the Holocaust, as she explores Plath's world: her early relationships and determination not to become a conventional woman and wife; her conflicted ties to her well-meaning, widowed mother; her troubles at the hands of an unenlightened mental-health industry; her Cambridge years and thunderclap meeting with Ted Hughes, a marriage of true minds that would change the course of poetry in English; and

much more. Clark's clear-eyed portraits of Hughes, his lover Assia Wevill, and other demonized players in the arena of Plath's suicide promotes a deeper understanding of her final days, with their outpouring of first-rate poems. Along with illuminating readings of the poems themselves, Clark's meticulous, compassionate research brings us closer than ever to the spirited woman and visionary artist who blazed a trail that still lights the way for women poets the world over.
