Bassitalia è un luogo “enigmatico” che comincia dopo il Lazio e finisce a Punta Pescespada, scoglio di Lampedusa di fronte all’Africa. È un nome poetico che soddisfa desideri di bellezza e risveglia ricordi di “viaggi nel tempo” da Paestum alla valle dei Templi, ma è anche un’espressione ambigua dove la parola bassa non denota la posizione sulla carta geografica ma il “censo”, cioè la condizione economica sociale e civile “inferiore” che certo Nord individua nella metà meridionale dell’Italia che, mai così in pericolo e contesa, ha l’occasione per riscoprire il valore dello stare insieme in una fertile competizione, ripensandosi e ritrovando l’unità, che come idea è nata dal Rinascimento, dalla bellezza dei luoghi, e dallo slancio offerto dall’eredità della cultura classica del Mezzogiorno.

Cos’è esattamente il Kamut®? Perché è meglio non mangiare troppo tonno? Le patate al selenio fanno bene alla salute? La mortadella al 100 per cento naturale esiste davvero? Dopo il successo di PANE E BUGIE (Chiarelettere 2010), il libro sulla disinformazione in campo alimentare, Dario Bressanini ci accompagna tra gli scaffali di un supermercato immaginario e ci aiuta a capire cosa raccontano, e cosa nascondono, le etichette dei prodotti che acquistiamo. Scopriremo, tra l’altro, che l’equazione “naturale = buono” è uno dei pregiudizi più radicati e più usati dalla pubblicità, che un prodotto che l’etichetta descrive come a “chimica zero” i conservanti li contiene, che il prezzo di una bottiglia di vino ne influenza l’apprezzamento e che il tonno più buono non si taglia con un grissino.

In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to

give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

*The True Cost of Cheap Meat* Springer Nature

“Impishly witty and ingeniously irreverent” essays on topics from cell phones to librarians, by the author of *The Name of the Rose* and Foucault’s *Pendulum* (*The Atlantic Monthly*). A cosmopolitan curmudgeon the *Los Angeles Times* called “the Andy Rooney of academia”—known for both nonfiction and novels that have become blockbuster *New York Times* bestsellers—Umberto Eco takes readers on “a delightful romp through the absurdities of modern life” (*Publishers Weekly*) as he journeys around the world and into his own wildly adventurous mind. From the mundane details of getting around on Amtrak or in the back of a cab, to reflections on computer jargon and soccer fans, to more important issues like the effects of mass media and consumer civilization—not to mention the challenges of trying to refrigerate an expensive piece of fish at an English hotel—this renowned writer, semiotician, and philosopher provides “an uncanny combination of the profound and the profane” (*San Francisco Chronicle*). “Eco entertains with his clever reflections and with his unique persona.” —*Kirkus Reviews* Translated from the Italian by William Weaver

- A book about the pleasure of baking your own bread using natural sourdough and healthy ingredients - Includes 90 taste-tested recipes Bread making is a skill, but it is also a pleasure, rooted in traditions that have nurtured generations. Sourdough, pasta madre in Italian, is one of bread-baking's most popular variations with its signature tang and unique health benefits. It is also one of the easiest and most natural, its starter made from flour, water, and time. Riccardo Astolfi has mastered the art of baking with sourdough and here collects 90 taste-tested recipes for breads, as well as sweets and savories such as brioche, sweet buns, traditional panettone, pancakes, bagels, pizza and more. Each recipe calls for organic and locally available ingredients and is tested for the home kitchen. Contents: Introduction; Everyday recipes (breakfast, snacks and pizzas); Festive recipes.

In reconstructing the birth and development of the notion of 'unconscious', historians of ideas have heavily relied on the Freudian concept of Unbewussten, retroactively projecting the psychoanalytic unconscious over a constellation of diverse cultural experiences taking place in the eighteenth and nineteenth centuries between France and Germany. Archaeology of the Unconscious aims to challenge this perspective by adopting an unusual and thought-provoking viewpoint as the one offered by the Italian case from the 1770s to the immediate aftermath of WWI, when Italo Svevo's *La coscienza di Zeno* provides Italy with the first example of a 'psychoanalytic novel'. Italy's vibrant culture of the long nineteenth century, characterised by the sedimentation, circulation, intersection, and synergy of different cultural, philosophical, and literary traditions, proves itself to be a privileged object of inquiry for an archaeological study of the unconscious; a study whose object is not the alleged 'origin' of a pre-made theoretical construct, but rather the stratifications by which that specific construct was assembled. In line with Michel Foucault's *Archéologie du savoir* (1969), this volume will analyze the formation and the circulation, across different authors and texts, of a network of ideas and discourses on interconnected themes, including dreams, memory, recollection, desire, imagination, fantasy, madness, creativity, inspiration, magnetism, and somnambulism. Alongside questioning pre-given narratives of the 'history of the unconscious', this book will employ the Italian 'difference' as a powerful perspective from whence to address the undeveloped potentialities of the pre-Freudian unconscious, beyond uniquely psychoanalytical viewpoints.

**Lorenzo Benoni** Pocket Books

From a bestselling author with unprecedented access to Pope Francis, an investigative look at the recent financial scandals at the highest levels of the Vatican. A veritable war is waging in the Church: on one side, there is Pope Francis's strong message for one church of the poor and all; on the other, there is the old Curia with its endless enemies, and the old and new lobbies struggling to preserve their not-so-Christian privileges. The old guard do not

back down, they are ready to use all means necessary to stay in control and continue the immoral way they conduct their business. They resist reforms sought by Pope Francis and seek to delegitimize their opponents, to isolate those who want to eliminate corruption. It's a war that will determine the future of the church. And if he loses the battle against secular interests and blackmail, Pope Francis could resign, much like his predecessor. Based on confidential information—including top secret documents from inside the Vatican, and actual transcripts of Pope Francis's admonishments to the papal court about the lack of financial oversight and responsibility—*Merchants in the Temple* illustrates all the undercover work conducted by the Pope since his election and shows the reader who his real enemies are. It reveals the instruments Francis is using to reform the Vatican and rid it, once and for all, of the overwhelming corruption traditionally encrusted in the Roman Catholic Church. *Merchants in the Temple* is a startling book that will shock every reader. It's a story worthy of a Dan Brown novel, with its electrifying details of the trickery and scheming against the papacy—except that it is real.

In this much-lauded memoir, acclaimed for its blend of literary elegance and political passion, Rossana Rossanda, a legendary figure on the Italian left, reflects on a life of radical commitment. Active as a communist militant in the Italian Resistance against fascism during World War Two, Rossanda rose rapidly in its aftermath, becoming editor of the Communist Party weekly paper and a member of parliament. Initially a party loyalist, she was critical of the party's conservatism in the face of new radical movements and moved into opposition during the late 1960s. The breach widened after she and others publicly opposed the Soviet invasion of Czechoslovakia, and were expelled in 1969. She went on to help found the influential paper *il manifesto*, which remains the most critical daily in Berlusconi's Italy. Her unique experience enables her to reconstruct that period with flair and authority. She paints a revealing picture of fascism, communism, post-war reconstruction and the revolts that shook Europe in the 1960s. In *The Comrade* from Milan, one of the most influential intellectuals of the European Left relives the storms of the twentieth century. Both cool-headed and precise, Rossanda provides a rare insight

into what it once meant to be politically engaged.

The tumultuous twentieth century, told through the life of a single extraordinary woman. Rejected by a series of publishers, abandoned in a chest for twenty years, Goliarda Sapienza's masterpiece, *The Art of Joy*, survived a turbulent path to publication. It wasn't until 2005, when it was released in France, that this novel received the recognition it deserves. At last, Sapienza's remarkable book is available in English, in a brilliant translation by Anne Milano Appel and with an illuminating introduction by Angelo Pellegrino. *The Art of Joy* centers on Modesta, a Sicilian woman born on January 1, 1900, whose strength and character are an affront to conventional morality. Impoverished as a child, Modesta believes she is destined for a better life. She is able, through grace and intelligence, to secure marriage to an aristocrat—without compromising her own deeply felt values. Friend, mother, lover—Modesta revels in upsetting the rules of her fascist, patriarchal society. This is the history of the twentieth century, transfigured by the perspective of one extraordinary woman. Sapienza, an intriguing figure in her own right—her father homeschooled her so she wouldn't be exposed to fascist influences—was a respected actress and writer who drew on her own struggles to craft this powerful epic. A fictionalized memoir, a book of romance and adventure, a feminist text, a bildungsroman—this novel is ultimately undefinable but deeply necessary; its genius will leave readers breathless.

Political science research, especially in recent times, has recognized the centrality of party and executive leaders and their individual characteristics. The attention has been mostly directed towards individual leadership. However, one-chief leadership is not the only existing model of party governance, and some recent developments seem to have put forms of collective leadership into the spotlight. Two parties that have recently achieved remarkable electoral results, the Italian Five Star Movement and the German Alliance 90/The Greens, can be considered examples of alternative models of leadership. This book calls for a deep and systematic analysis of cases of parties in which powers and responsibilities appear to be shared among different individuals rather than being concentrated in the hands of just one leader.

Drawing on the literature of organization and management theory, the book fills a gap in the literature of political science by developing a theoretical framework that may provide researchers with the tools for proceeding with the analysis of cases of party collective leadership. To illustrate their approach, the authors have selected three cases – the German Greens, Alternative for Germany, and the Five Star Movement in Italy – that show significant variation across types of collective leadership. The outcome of the empirical analysis contributes to a better knowledge of the nature and functioning of party leadership as well as raises questions that could be further addressed in future research.

Strategic Conspiracy Narratives proposes an innovative semiotic perspective for analysing how contemporary conspiracy theories

are used for shaping interpretation paths and identities of a targeted audience. Conspiracy theories play a significant role in the viral spread of misinformation that has an impact on the formation of public opinion about certain topics. They allow the connecting of different events that have taken place in various times and places and involve several actors that seem incompatible to bystanders. This book focuses on strategic-function conspiracy narratives in the context of (social) media and information conflict. It explicates the strategic devices in how conspiracy theories can be used to evoke a hermeneutics of suspicion – a permanent scepticism and questioning of so-called mainstream media channels and dominant public authorities, delegitimation of political opponents, and the ongoing search for hidden clues and coverups. The success of strategic dissemination of conspiracy narratives depends on the cultural context, specifics of the targeted audience and the semiotic construction of the message. This book proposes an innovative semiotic perspective for analysing contemporary strategic communication. The authors develop a theoretical framework that is based on semiotics of culture, the notions of strategic narrative and transmedia storytelling. This book is targeted to specialists and graduate students working on social theory, semiotics, journalism, strategic communication, social media and contemporary social problems in general.

*An Essay on the Morals of Diet, to which are Added Two Stories* Routledge

APOLOGUE A young painter, indulging a vein of pleasantry, sketched a kind of conversation piece, representing a bear, an owl, a monkey, and an ass; and to render it more striking, humorous, and moral, distinguished every figure by some emblem of human life. Bruin was exhibited in the garb and attitude of an old, toothless, drunken soldier; the owl perched upon the handle of a coffee-pot, with spectacle on nose, seemed to contemplate a newspaper; and the ass, ornamented with a huge tie-wig (which, however, could not conceal his long ears), sat for his picture to the monkey, who appeared with the implements of painting. This whimsical group afforded some mirth, and met with general approbation, until some mischievous wag hinted that the whole—was a lampoon upon the friends of the performer; an insinuation which was no sooner circulated than those very people who applauded it before began to be alarmed,

and even to fancy themselves signified by the several figures of the piece. Among others, a worthy personage in years, who had served in the army with reputation, being incensed at the Supposed outrage, repaired to the lodging of the painter, and finding him at home, "Hark ye, Mr. Monkey," said he, "I have a good mind to convince you, that though the bear has lost his teeth, he retains his paws, and that he is not so drunk but he can perceive your impertinence." "Sblood! sir, that toothless jaw is a damned scandalous libel—but don't you imagine me so chopfallen as not to be able to chew the cud of resentment." Here he was interrupted by the arrival of a learned physician, who, advancing to the culprit with fury in his aspect, exclaimed, "Suppose the augmentation of the ass's ears should prove the diminution of the baboon's—nay, seek not to prevaricate, for, by the beard of Aesculapius! there is not one hair in this periwig that will not stand up in judgment to convict thee of personal abuse. Do but observe, captain, how this pitiful little fellow has copied the very curls—the colour, indeed, is different, but then the form and foretop are quite similar." While he thus remonstrated in a strain of vociferation, a venerable senator entered, and waddling up to the delinquent, "Jackanapes!" cried he, "I will now let thee see I can read something else than a newspaper, and that without the help of spectacles: here is your own note of hand, sirrah, for money, which if I had not advanced, you yourself would have resembled an owl, in not daring to show your face by day, you ungrateful slanderous knave!"

"Marvelous and Illuminating. . . . Forces us to reassess our notions of good and evil." —Irvine Welsh In a contested, lawless region between Moldova and Ukraine known as Transnistria, a tightly knit group of "honest criminals" live according to strict codes of ritualized respect and fierce loyalty. In a voice utterly compelling and unforgettable, Nicolai Lilin, born and raised within this exotic subculture, tells the story of his moral education outside the bounds of "society" as we know it, where men uphold values with passion—and often by brute force.

Food and its preparation play an integral role in this novel of a young Italian woman struggling to find her own identity in a family of strong personalities and colorful figures. Part autobiographical novel and part cookbook, Keeping House tells

the story of a young Italian woman struggling to find self-definition and self-identity. Born into a prominent Jewish Italian family full of strong personalities and colorful figures, Clara narrates the humorous, dramatic, and often poignant events that inform her life. Intertwining recipes with her narrative, Clara uses food as markers for the cornerstones of her life, allowing her to

discover and remember both public and private events—a Yom Kippur dinner, fascism and antifascism, the early years of the young Italian republic, the politics and culture of the Italian left, the openness of the 1960s and '70s, and the retreat into privacy of the 1980s. Clara Sereni is an award-winning Italian writer residing in Perugia, Italy. She is the author of several novels and a collection of short stories. Giovanna Miceli Jeffries teaches Italian

at the University of Wisconsin at Madison. She is the author of *Letteratura e Lavoro nella narrativa di Italo Svevo* and editor of *Feminine Feminists: Cultural Practices in Italy*.
