This textbook provides a comprehensive overview of international  
corporate reporting which enhances students' understanding of  
diversity and convergence in the field. The authors discuss the  
institutional and cultural context in which international corporate  
reporting has developed over the years as well as the global  
reach of IFRS Standards from the IASB throughout and beyond  
the European Union, into interest groups and emerging

economies. Other key elements explored throughout the book include assurance through auditing and corporate governance, narrative reporting, strategic and corporate social responsibility, group accounting, current accounting issues and taxation in corporate reports. Indicative research examples show how the methods used in research papers may be understood and applied. Case studies outline short projects based on corporate cases, with related links to material on corporate websites. Helpful and reliable sources of information and data are identified through hyperlinks to accessible websites. End-of-chapter questions encourage discussion of the main issues. Throughout there is a focus on accountability and the information needs of stakeholders. This new edition of a classic text is fully revised and updated in order to remain essential reading for students of international accounting and corporate reporting globally. The book will be an invaluable resource for postgraduate taught programmes and final-year undergraduate courses in accounting, finance and business studies.

**Applying International Financial Reporting Standards** Anchor Books

Formerly title International Accounting Standards: A Practical Guide, this third edition summarizes each International Financial Report Standard in order to provide a broad and basic understanding of the key issues for each standard. In addition to these short summaries, each chapter contains a case study that stresses the practical application of key concepts in a particular standard. This provides the non-technical reader with the tools to

participate in discussions on the appropriateness and application of a standard to a given situation. All of the accounting standards, issued by the International Accounting Standards Committee (IASC) are included in this book, as well as interpretations disseminated by the Standards Interpretations Committee (SIC) through 31 December 2003.

DiplFR Diploma in International Financial Reporting

As a result of the global convergence of financial reporting standards, U.S. GAAP is changing profoundly. U.S. GAAP is also being abandoned by many public and private companies, and will eventually be replaced by a higher-quality set of global standards. The Convergence Guidebook for Corporate Financial Reporting provides the timely, practical guidance that CFOs, controllers, and other financial managers need in order to prepare for the impact of Convergence on their companies, departments, and careers. Guidebook readers will also learn why they must begin preparing for "the next big challenge in corporate financial reporting" now.

The IFRS (International Financial Reporting Standards) Certificate program (40.5 CPE Credits) will distinguish you from other accounting and finance professionals and expand your career opportunities both in the U.S. and globally. Since more than 125 countries require or permit the use of IFRS, taking this program will give you a distinct competitive advantage over your peers. As of January 1, 2018, those who successfully complete all courses in the curriculum will receive a certificate of achievement, a digital badge, a subscription to the eIFRS online subscription service and 40+ hours of CPE credit. Why is IFRS relevant in the US, and for you? U.S. multinationals are headquartered across the U.S., so you could easily find yourself with a client that has IFRS requirements, either for itself or a non-U.S. subsidiary. You

might increasingly find yourself structuring deals and transactions with IFRS counterparties, including vendors and customers. Understanding the implications of structuring these transactions and reporting using IFRS will require you to have more than a passing knowledge of the differences between IFRS and U.S. GAAP. As both the FASB and IASB continue their standard-setting agendas, you'll need to assess proposals and be concerned about divergence that could impact your financial reporting or audit responsibilities going forward. Courses included: Credit for individual courses purchased can be applied to the full program if purchased within one year. IFRS: Business Combinations (IFRS 3) IFRS: Separate and Consolidated Financial Statements (IFRS 10 & IAS 27) IFRS: Earnings Per Share (IAS 33) IFRS: Fair Value Measurement (IFRS 13) IFRS: Financial Statements, Interim Reporting, and Cash Flows (IAS 1, IAS 34, and IAS 7) IFRS: Financial System Considerations in IFRS IFRS: The Effects of Changes in Foreign Exchange Rates IFRS: Impairment of Non-Financial Assets (IAS 36) IFRS: Income Taxes (IAS 12) IFRS: Intangible Assets (IAS 38) IFRS: Inventories (IAS 2) IFRS: Investment Property (IAS 40) IFRS: Investments in Associates and Joint Arrangements (IAS 28 and IFRS 11) IFRS: Financial Instruments (IFRS 9, IAS 39, IAS 31, and IFRS 7) IFRS: Leases (IAS 17) IFRS: Liabilities, Provisions and Contingencies (IAS 37) IFRS 5: Non-current Assets Held for Sale and Discontinued Operations IFRS: Policies, Changes, Errors; Events After Reporting Date; Related Parties (IAS 8, 10, and 24) IFRS: Property, Plant & Equipment (IAS 16) IFRS: Revenue Recognition (IAS 18 and IAS 11) IFRS: Segment Reporting (IFRS 8) IFRS: Share-based Payments and Employee Benefits, non-pension

International GAAP® 2019 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EYs financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2019 edition of International GAAP® has

been fully revised and updated in order to:

- Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers).
- Explore the complex implementation issues arising as entities adopt, in 2019, IFRS 16 (Leases).
- Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of this

- standard.
- Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no standard applies to a particular transaction or event.
- Address amended standards and new interpretations issued since the preparation of the 2018 edition.
- Explain the many other initiatives that are currently being discussed by the IASB and by the IFRS Interpretations Committee and the potential consequential changes to accounting requirements.
- Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues.
