 I love history, but this book was too hard to follow. The text went on and on with long sentences and complex concepts presented in long drawn out paragraphs. I feel this book was written by European scholars for overly educated people. I will keep looking for a history of 19th century Europe written in a clear style that gets to the point.

 Its inception resulted from many trends in European society, culture, and diplomacy during the late 19th century. In between these boundaries—the one opening a new set of trends, the other bringing long-standing tensions to a head—much of modern Europe was defined. Europe during this 125-year span was both united and deeply divided.

 Today, few in search of a novel would turn to the pages of a daily newspaper. But what are usually cast as discrete realms – fiction and journalism – came, in the nineteenth century, to occupy the same space, a point which complicates our sense of the cultural history of French literature.

 By the mid-19th century, the Ottoman Empire had declined enough to become a target for other global powers (see History of the Balkans). This instigated the Crimean War in 1854 and began a tense period of minor clashes among the globe-spanning empires of Europe that eventually set the stage for the First World War.

 The 19th century was a century that began on January 1, 1801, and ended on December 31, 1900. It is often used interchangeably with the 1800s, though the start and end dates differ by a year. The 19th century saw large amounts of social change; slavery was abolished, and the First and Second Industrial Revolutions led to massive urbanization and much higher levels of productivity, profit and prosperity. The Islamic gunpowder empires were formally dissolved and European imperialism brought much o

 During the nineteenth century, European women experienced dramatic and enduring changes in their familial, working and political lives. Breaking away from traditional categories, the authors of this book provide a sense of the variety and complexity of women's lives across national and regional boundaries, juxtaposing the experiences of women with their perceptions of their lives.
