The Bramble Bush

Routledge

Jurisprudence: Themes and Concepts offers an original introduction to, and critical analysis of, the central themes studied in jurisprudence courses. The book is presented in three parts

each of which contains General Themes, Advanced Topics, tutorial questions and guidance on further reading: Law and Politics, locating the place of law within the study of institutions of government Legal Reasoning, examining the contested nature of the application of law Law in Modernity, exploring the social forces that shape legal development. This

second edition includes enhanced discussion of the rise of legal positivism within the context of the rise of the modern state, the changing role of natural and human rights discourse, concepts of justice in and beyond the nation state, the impact of emergency doctrines in contemporary legal regulation, and challenges to the rule of law in light of shifting and competing

demands for new types of social solidarity.

Accessible, interdisciplinary, and socially informed this book has been revised to take into account the latest developments in jurisprudential scholarship.

9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the

scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions.

Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

#### Lectures on Jurisprudence

OUP Oxford

Personal rights are such as can be claimed by a law-suit from a particular person, but not a quocumque possessore. Such are all debts and contracts, the payment or performance of which can

be demanded only from one person. If I buy a horse and have him delivered to me, though the former owner sell him to another, I can claim him a quocumque possessore; but if he was not delivered to me I can only pursue the seller. Real rights are of four kinds, property, servitudes, pledges, and exclusive privileges. *Fundamental Principles of the Sociology of Law* Oxford University Press Challenging traditional accounts of the development of American

private law, Peter Karsten offers an important new perspective on the making of the rules of common law and equity in nineteenth-century courts. The central story of that era, he finds, was a [On Our Law and Its Study](#) UNC Press Books The Global Community Yearbook is a one-stop resource for all researchers studying international law generally or international tribunals specifically. The Yearbook has established itself as an authoritative

source of reference on global legal issues and international jurisprudence. It includes analysis of the most significant global trends in a way that allows readers to monitor the development of the global legal order from several perspectives. The Global Community Yearbook publishes annually in a volume of carefully chosen primary source material and corresponding expert commentary. The general editor, Professor Giuliana Ziccardi Capaldo, employs

her vast expertise in international law to select excerpts from important court opinions and to choose experts from around the world to contribute essay-guides, which illuminate those cases. Although the main focus is recent case law from the major international tribunals and regional courts, the first four parts of each year's edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and

global policy, themes that appear throughout the case law of the many courts covered by the series as a whole. The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence: the series now also serves to prepare researchers for the issues facing emerging global law. The 2015 edition of The Global Community Yearbook both updates readers on the important work of long-standing international tribunals and

introduces readers to more novel topics in international law. The Yearbook has established itself as an authoritative resource for research and guidance on the jurisprudence of both U.N.-based tribunals and regional courts. The 2015 edition continues to provide expert coverage of the Court of Justice of the European Union, and diverse tribunals from the criminal tribunals for the Former Yugoslavia and Rwanda, to economically based tribunals such as ICSID and the WTO

Dispute Resolution panel. This edition includes expert introductory essays by prominent scholars in the realm of international law, on topics as diverse and current as the fusion of eastern and western civil disobedience to the concept of jus cogens. Included in the 2015 edition, researchers will find detailed guidance on a rich diversity of legal topics, from the concept of universal jurisdiction over international crimes and the increased push for transparency in

resolution of international economic disputes to the issue of religion and multiculturalism in Europe through a focus on Islam. This edition also provides students, scholars, and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates. This publication can also be purchased on a standing order basis.

**The Province of Jurisprudence Determined by John Austin** OUP Oxford

For over 70 years, prospective and enrolled law students have been assigned to read a text that prepares them what they are about to encounter. That text is Bramble Bush. This classic answers questions that all students have when starting law school, and virtually takes them inside the classroom like no other text. It gives factual examples, detailed information, and practical explanations. Bramble Bush is required reading in numerous law schools and is recommended by

many Law School Deans. An outgrowth of Professor Llewellyn's introductory lectures at Columbia University School of Law, Bramble Bush continues to be the best introduction to the study of law for both potential and enrolled law students. Constitutional Law Oxford University Press on Demand Contract Law: A Case & Problem-Based Approach is a unique casebook that provides an organizational structure introducing students to each major area of contract law

before exploring these areas in greater depth later in the casebook. Specifically, the casebook is broken into three major parts, each of which is designed not only to orient the students to the major subject areas of contract law but also meant to help them appreciate the connections and relationships between and among these various subject areas. Part I, the "30,000-foot view," familiarizes students with contract law, discusses the sorts of problems with

which contract law is concerned, and introduces them to some of the basic rules and theories governing contract law. Part II, the "10,000-foot view," exposes students to each major substantive area of contract law in more depth by discussing one classic case in each area, along with additional historical, theoretical, and contextual materials to supplement the black-letter doctrine. After finishing Parts I and II, the student will have a basic understanding of each

major area of contract law, along with a good understanding of how these parts fit together. Part III is therefore designed to explore each of the major subject areas in greater depth, and is organized along the lines of a traditional contracts casebook, including a healthy mix of classic and modern cases, short problems, and exercises. New to the Second Edition: Additional materials and cases added to explore the contract doctrines of impossibility and

impracticability in light of past and current epidemics (in the case of polio) and pandemics (in the case of COVID-19). Additional case added to explore the relationship between Contract Law, Civil Rights, and Constitutional Law. Reorganization of some materials in Chapter 8 (defenses). More focused notes and appendices Professors and student will benefit from: Organization exposes students to main concepts, and gives professors a number of

choices about how to teach their course. Helpful doctrinal introductions to each new major substantive section. Historical, theoretical, and comparative materials are presented to help students understand and think critically about the black-letter rules. “Thinking tools” feature that helps the student think critically about the law, along with theoretical, historical, doctrinal, contextual, and practice-oriented notes enrich the students’ black-letter experience.

Enjoyable, contextual materials that are included after a number of classic cases help to bring to light fascinating background information.

Oxford University Press

Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all

in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes - portability, meaningful feedback, and greater efficiency. Adhering to the multi-disciplinary and scholarly approach of its predecessors, the eighth edition of Constitutional Law guides students through all facets of constitutional law. Constitutional Law explores traditional constitutional doctrine through the lens of

varying critical and social perspectives informed by political theory, philosophy, sociology, ethics, history, and economics. This comprehensive approach paired with carefully edited cases provides instructors with rich material for classroom discussion. Logically organized for a two-semester course, the first part of Constitutional Law tackles issues concerning separation of powers and federalism while the second part addresses all facets of individual rights

and liberties. Constitutional Law also provides thoughtfully selected content on the First Amendment to give students a well-rounded understanding of religion and free speech issues. Key Features: The text's attention to policy, including discussion of competing critical and social perspectives. A multi-disciplinary approach that draws on political theory, philosophy, sociology, ethics, history, and economics. Thoughtful editing, including both

lightly and more tightly-edited cases that balances close textual analysis with comprehensive converge of important opinions and pivotal cases. Streamlined treatment of First Amendment law, so that it efficiently provides the necessary fundamentals in free speech and religious liberties jurisprudence. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to

keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time.

OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester. [the Great Master](#) Oxford University Press Routledge Q&As give you the tools to practice and refine your exam technique, showing you

how to apply your knowledge to maximum effect in assessment. Each book contains essay and problem-based questions on the most commonly examined topics, complete with expert guidance and model answers that help you to: Plan your revision and know what examiners are looking for: Introducing how best to approach revision in each subject Identifying and explaining the main elements of each question, and providing marker annotation to

show how examiners will read your answer  
Understand and remember the law: Using memorable diagram overviews for each answer to demonstrate how the law fits together and how best to structure your answer Gain marks and understand areas of debate: Providing revision tips and advice to help you aim higher in essays and exams Highlighting areas that are contentious and on which you will need to form an opinion Avoid common errors: Identifying common

pitfalls students encounter in class and in assessment The series is supported by an online resource that allows you to test your progress during the run-up to exams. Features include: multiple choice questions, bonus Q&As and podcasts.

**Natural Law** OUP Oxford Written generations ago, but highly relevant today, *The Bramble Bush* remains one of the books most recommended for students to read when considering law school, just before beginning its

study, or early in the first semester. Its first edition began as a collection from a series of introductory lectures given by legal legend Karl Llewellyn to new law students at Columbia University. It still speaks to law, legal reasoning, and exam-taking skills in a way that makes it a classic for each new generation. The *Quid Pro Legal Legends Edition* includes an extensive, practical, and modern Introduction by Stewart Macaulay, a senior law professor at the University of Wisconsin-Madison.

Macaulay updates the current reader on the book's continued relevance and application, offers a practical perspective to new law students, and places the original edition in its historical context. Simply put, Macaulay writes, this "is a book that anyone interested in law schools or law should read." The Quid Pro Books edition of the classic work also includes several unobtrusive annotations, to update the reader on legal terms and cultural references made in the

original that may not be clear to today's reader. Moreover, this is a carefully proofread and presented edition, lacking the errors and scanning mistakes of other presses' editions in print. It is also available in paperback and clothbound formats from Quid Pro, including the annotations and new Introduction by Prof. Macaulay.

### **Heart Versus Head**

Aspen Publishers  
This accessible text takes a multi-disciplinary approach to exploring issues surrounding

domestic violence. It draws on contemporary research findings, policy developments, innovative practice and case studies to explore new directions in professional and voluntary sector responses to domestic violence. Centred on the United Kingdom, but located in a context of global change, the book discusses and critically evaluates new criminal justice and multi-agency initiatives such as domestic violence courts and risk assessment conferences, as well as

assessing how far these initiatives improve the safety of women and children. Harne and Radford aim to disseminate ideas about best practice in relation to dealing with this sensitive and still controversial issue. They use real-life case studies from professionals, including the police, health services and Women's Aid, and are inclusive of the experiences of a wide range of survivors, in order to enable an understanding of the need for appropriate responses,

depending on different survivor needs. *Tackling Domestic Violence* provides an informed background for professionals in the police, probation, health and social care services, the legal system and voluntary sector with a remit to respond to domestic violence. It is also highly relevant to those undertaking courses on domestic violence at undergraduate and postgraduate level. *Business Law I Essentials* University of Pennsylvania Press

The Oxford Handbook of Jurisprudence and Philosophy of Law brings together specially commissioned essays by twenty-six of the foremost legal theorists currently writing, to provide a state-of-the-art overview of jurisprudential scholarship. *Tort Law Directions* Wolters Kluwer The concept of law lies at the heart of our social and political life. Legal philosophy, or jurisprudence, explores the notion of law and its role in society,

illuminating its meaning and its relation to the universal questions of justice, rights, and morality. In this Very Short Introduction Raymond Wacks analyses the nature and purpose of the legal system, and the practice by courts, lawyers, and judges. Wacks reveals the intriguing and challenging nature of legal philosophy with clarity and enthusiasm, providing an enlightening guide to the central questions of legal theory. In this revised edition Wacks makes a

number of updates including new material on legal realism, changes to the approach to the analysis of law and legal theory, and updates to historical and anthropological jurisprudence. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis,

perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. Judge-made Law in Nineteenth-century America Routledge The Concept of Law is one of the most influential texts in English-language jurisprudence. 50 years after its first publication its relevance has not diminished and in this third edition, Leslie Green adds an introduction that places the book in a contemporary context, highlighting key questions

about Hart's arguments and outlining the main debates it has prompted in the field. The complete text of the second edition is replicated here, including Hart's Postscript, with fully updated notes to include modern references and further reading.

*Introducing Jurisprudence*  
VM eBooks

Synesthesia is the phenomenon where sensual perceptions are joined together as a combined experience - that is, the ability to feel color, hear the visual, or

even smell emotion. These types of unions expand the normativity of our legal thinking, as the abilities to represent the tethering of emotion, place, and concept to law are magnified. In this way, interpretations of law and legal phenomena that are enriched with embodied meaning contribute to our understanding of how law works - namely through sensory input, sensory output, and the attachment that happens within these sensory unions. This edited volume explores the richly

complex manifestations of synesthesia and law drawing from a plurality of approaches, including legal studies, philosophy, social science, linguistics, history, cultural studies, and the humanities. Contributions in the volume discuss how we feel/taste/smell/see/hear law within the synesthetic scope of legal interpretation, legal consciousness, and legal culture. The collection examines aspects of embodiment, place, and presence that constitutively frame law

amidst social, cultural, and historical contexts. The Spirit of the Common Law NYU Press  
Fifty years on from its original publication, HLA Hart's *The Concept of Law* is widely recognized as the most important work of legal philosophy published in the twentieth century, and remains the starting point for most students coming to the subject for the first time. In this third edition, Leslie Green provides a new introduction that sets the book in the context of subsequent developments

in social and political philosophy, clarifying misunderstandings of Hart's project and highlighting central tensions and problems in the work.

**Wild Law - In Practice**  
McGraw-Hill Education (UK)

"An attempt to give readers in one volume a speaking acquaintance with the great legal philosophers of the ages"-  
-Preface.

Jurisprudence, a Study of Indian Legal Theory  
Transaction Publishers  
Brian Leiter is widely

recognized as the leading philosophical interpreter of the jurisprudence of American Legal Realism, as well as the most influential proponent of the relevance of the naturalistic turn in philosophy to the problems of legal philosophy. This volume collects newly revised versions of ten of his best-known essays, which set out his reinterpretation of the Legal Realists as prescient philosophical naturalists; critically engage with jurisprudential responses

to Legal Realism, from legal positivism to Critical Legal Studies; connect the Realist program to the methodology debate in contemporary jurisprudence; and explore the general implications of a naturalistic world view for

problems about the objectivity of law and morality. Leiter has supplied a lengthy new introductory essay, as well as postscripts to several of the essays, in which he responds to challenges to his interpretive and philosophical claims by

academic lawyers and philosophers. This volume will be essential reading for anyone interested in jurisprudence, as well as for philosophers concerned with the consequences of naturalism in moral and legal philosophy.
