*How to Open Doors and Build Career Relationships That Matter* Ballantine Books  
 "The best and most important book about acting I've ever read."--Nathan Lane From the co-author of *The World Only Spins Forward* comes the first cultural history of Method acting--an ebullient account of creative discovery and the birth of classic Hollywood. On stage and screen, we know a great performance when we see it. But how do actors draw from their bodies and minds to turn

their selves into art? What is the craft of being an authentic fake? More than a century ago, amid tsarist Russia's crushing repression, one of the most talented actors ever, Konstantin Stanislavski, asked these very questions, reached deep into himself, and emerged with an answer. How his "system" remade itself into the Method and forever transformed American theater and film is an unlikely saga that has never before been fully told. Now, critic and theater director Isaac Butler chronicles the history of the Method in a narrative that transports readers from Moscow to New York to Los Angeles, from *The Seagull* to *A Streetcar Named Desire* to *Raging Bull*. He traces how a cohort of American mavericks—including Stella Adler, Lee Strasberg, and the storied Group Theatre—refashioned Stanislavski's ideas for a Depression-plagued nation that had yet to find its place as an artistic powerhouse. The Group's feuds and rivalries would, in turn, shape generations of actors who enabled Hollywood to become the global dream-factory it is today. Some of these performers the Method would uplift; others, it would destroy. Long after its midcentury heyday, the Method lives on as one of the most influential—and misunderstood—ideas in American culture. Studded with marquee names—from Marlon Brando, Marilyn Monroe, and Elia Kazan, to James

Baldwin, Ellen Burstyn, and Dustin Hoffman—The Method is a spirited history of ideas and a must-read for any fan of Broadway or American film.

This book describes the theoretical and computational aspects of the mimetic finite difference method for a wide class of multidimensional elliptic problems, which includes diffusion, advection-diffusion, Stokes, elasticity, magnetostatics and plate bending problems. The modern mimetic discretization technology developed in part by the Authors allows one to solve these equations on unstructured polygonal, polyhedral and generalized polyhedral meshes. The book provides a practical guide for those scientists and engineers that are interested in the computational properties of the mimetic finite difference method such as the accuracy, stability, robustness, and efficiency. Many examples are provided to help the reader to understand and implement this method. This monograph also provides the essential background material and describes basic mathematical tools required to develop further the mimetic discretization technology and to extend it to various applications.

Proficiency as a drummer has always come from great hand dexterity. However, with the introduction of modern drumming techniques, it has become increasingly necessary to gain complete independence of both the hands and feet. With various rhythmic exercises in easy-to-read notation, 4-Way Coordination is designed to guide the drummer from simple patterns to advanced polyrhythms. Through the study of this method book, the student will gain invaluable listening skills and techniques that will provide insight to drumming in all styles.

The general public is starting to recognize what parents, teachers and therapists have known for years: we are losing our young men. Now more than ever, emerging men between 16 and 35 find themselves stuck in limbo between adolescence and adulthood. Addictions, anxieties, egos, and overwhelming expectations leave them trapped in childhood, frustrated with their lives, and forced to cope with drugs, porn, and video games. For too many young men, this vital period has gone from a stage of emergence to a state of emergency. In *The Primal Method*, addiction counselor and therapist Gregory Koufacos draws from his extensive background with troubled young men to identify what has gone wrong, why traditional therapy often fails, and how emerging men can break their debilitating cycles. Using vivid examples from his professional career and own life, Koufacos demonstrates the use of the walking cure, Miyagi mentoring, emphatic challenge, and other techniques that harness young men's primal motivation to live a life of power and purpose.

\* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover the secrets to successfully hiring the best recruits. You will also discover that : employees are a company's number one competitive advantage; finding good candidates is a challenge; interviews are often too random and lack methodology; to be successful in recruitment, it is necessary to define your search very precisely by giving the mission, the objectives and the skills it implies. For a company, personnel decisions are decisive: they influence its future success even more than strategy. It's not just a matter of finding qualified people, but of ensuring that they can play a specific role. Recruitment errors are very frequent and can have serious consequences for the company: only a rigorous method can avoid them. This is presented here by Geoff Smart and Randy Street, leaders of the management consulting firm ghSMART. \*Buy now the summary of this book for the modest price of a cup of coffee!

You have plenty of ideas you want to put into a book, but you're stalled. Maybe you start, but can't find the time to continue. Or you're frustrated with the writing process. And when you seek advice, people tell you, "It's all about discipline," or they talk about what writing software to use. But that doesn't help you actually write your book. So you never finish your book, the world never gets the benefit of your wisdom, and you never get the benefits of being an author. Isn't there an easier way? Now there is. In "The Book In A Box Method," Tucker Max and Zach Obront show you the exact steps you can follow to go from idea to finished manuscript, in an easy, quick way -- even if you're not a writer. Using the same methods, processes, and templates that they use for their authors at their company, Tucker and Zach show you exactly how to: Crystallize your book idea Create your book outline Create all the content for your book Edit that content into a great manuscript With "The Book In A Box Method," you'll be able to write a better book - in less time - than you ever thought possible.

The #1 New York Times bestseller by Tom Brady, six-time Super Bowl champion and one of the NFL's 100 Greatest Players of All Time. Revised, expanded, and updated, the first book by Tampa Bay Buccaneers and former New England Patriots quarterback Tom Brady—who continues to play at an elite level into his forties—a gorgeously illustrated and deeply practical “athlete’s bible” that reveals Brady’s revolutionary approach to enhanced quality of life and performance through recovery for athletes of all abilities and ages. In this new edition of *The TB12 Method*, Tom Brady further explains and details the revolutionary training, conditioning, and wellness system that has kept him atop the NFL at an age when most players are deep into retirement. Brady—along with the expert Body Coaches at TB12, the performance lifestyle brand he cofounded in 2013—explain the principles and philosophies of pliability, a paradigm-shifting fitness concept that focuses on a more natural, healthier way of exercising, training, and living. Filled with lessons from Brady’s own training regimen, *The TB12 Method* provides step-by-step guidance on how to develop and maintain one’s own peak performance while dramatically decreasing injury risks. This illustrated, highly visual manual also offers more effective approaches to functional strength & conditioning, proper hydration, supplementation, cognitive fitness, restorative sleep, and nutritious, easy-to-execute recipes to help readers fuel-up and recover. Brady steadfastly believes that the TB12 approach has kept him competitive while extending his career, and that it can make any athlete, male or female, in any sport and at any level achieve his or her own peak performance. With instructions, drills, photos, in-depth case studies that Brady himself has used, along with personal anecdotes and experiences from his legendary career, *The TB12 Method* gives you a better way to train and get results with Tom Brady himself as living proof.

NAMED ONE OF THE BEST BOOKS OF 2020 BY NPR, THE FINANCIAL TIMES, AND GQ The hidden story of the wanton slaughter -- in Indonesia, Latin America, and around the world -- backed by the United States. In 1965, the U.S. government helped the Indonesian military kill approximately one million innocent civilians. This was one of the most important turning points of the twentieth century, eliminating the largest communist party outside China and the Soviet Union and inspiring copycat terror programs in faraway countries like Brazil and Chile. But these events remain widely overlooked, precisely because the CIA's secret interventions were so successful. In this bold and comprehensive new history, Vincent Bevins builds on his incisive reporting for the Washington Post, using recently declassified documents, archival research and eye-witness testimony collected

across twelve countries to reveal a shocking legacy that spans the globe. For decades, it's been believed that parts of the developing world passed peacefully into the U.S.-led capitalist system. The Jakarta Method demonstrates that the brutal extermination of unarmed leftists was a fundamental part of Washington's final triumph in the Cold War.

"The best Law of Attraction books I've ever read" - Marion Page, Ohio "Your book has awakened a magical part of me I had forgot existed. I feel reborn. Thank you for coming into my life today" - Rhonda Laspas, USA "Well, Genevieve, I never had much time for 'Magic' and all this spiritual guff but you should be proud to hear you have made a believer out of a sceptic" - Rajeev Marney, UK Now, in response to huge reader demand, this latest addition to my magical Course in Manifesting series turns to the subject of money. In *Becoming Rich*, you'll not only learn the precise details of how you can use Magic to transform your entire financial world and start bringing money flowing to you. You'll also have the chance of winning a sizeable donation to your chosen favourite charity - but I'll get to this in a moment. So, why Magic? Only a few years ago I lived in a tiny flat, working twelve hours a day in a factory for minimum wage. Today, I live in a beautiful home by the sea, often earning more in one month than I used to in an entire year. In this book you will discover the steps that enabled me to turn my financial life around in this amazing, life-changing way. The change in my financial circumstances was so dramatic, it makes more sense to describe it as involving Magic than anything else. And when money starts to come tumbling your way in a manner that goes far beyond mere coincidence and luck, you will no longer doubt that Magic exists. Yet my finances were actually the last thing I mastered 'magically'. I felt cursed, blocked, financially stuck for ages. But having got things right once or twice, I went on to discover that, even after a lifetime of poverty, money turned out to be the very easiest thing of all to manifest using Magic. And I went on to bring an unbelievable amount of money into my life. If you're jaded by the whole New Age Law of Attraction idea, or have become bored by its failure to deliver... this book is for you. Because this is a practical book, offering concrete techniques and instructions for bringing wonderful things into your life. You're looking at this book because you need money, and it's now time to bring that money into your life. The plan is to build your knowledge slowly, gradually, building on what has gone before, moving on to more complex techniques only once the basics are mastered. So many people fail with Magic and the Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations, trying to manifest huge sums of money off the bat ... but making very simple yet crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is just a load of nonsense. Then they give up, declaring it just doesn't work. But I'm telling you it does work. And you can make it work. This book will show you how. My intention is make sure that *Becoming Rich* will allow you to become a true creator of your own financial life, reawakening and rekindling your belief and interest in The Law of Attraction, Reality Creation, Cosmic Ordering or whatever you wish to call it. I prefer simply to call it Magic. But there's a bit more magic to come... Why? Because this time, I'm giving a huge slice of the book's profits back to you! (Or, at least, to those you care about.) For every copy sold, I will put \$1 into a fund, to be awarded to the favourite chosen charity of one lucky reader on 21st December 2015. The more copies sold, the bigger the donation will be. Full details for entering the draw can be found inside the book. Read *Becoming Rich* and you'll believe in Magic, too!

An in-depth look at the trading system that anyone can use The Logical Trader presents a highly effective, yet simple trading methodology that any trader anywhere can use to trade almost anything. The "ACD Method" developed and refined by Mark Fisher after many years of successful trading, provides price points at which to buy and sell as determined by the opening range of virtually any stock or commodity. This comprehensive guide details a widely used system that is profitably implemented by many computer and floor traders at major New York exchanges. The author's highly accessible teaching style provides readers of *The Logical Trader* with a full examination of the theory behind the ACD Method and the examples and real-world trading stories involving it. Mark B. Fisher (New York, NY), an independent trader, is founder of MBF Clearing Corp., the largest clearing firm on the NYMEX. Founded in 1988, MBF Clearing has grown from handling under one percent of the volume on the NYMEX to nearly twenty percent of the trades today. A 1982 summa cum laude graduate from the Wharton School of Business, University of Pennsylvania, Fisher also received his master's degree in finance and accounting from Wharton. New technology and the advent of around the clock trading have opened the floodgates to both

foreign and domestic markets. Traders need the wisdom of industry veterans and the vision of innovators in today's volatile financial marketplace. The Wiley Trading series features books by traders who have survived the market's ever changing temperament and have prospered—some by reinventing systems, others by getting back to basics. Whether a novice trader, professional or somewhere in-between, these books will provide the advice and strategies needed to prosper today and well into the future.

Since the end of the Cold War, the United States Army has been reengineered and downsized more thoroughly than any other business. In the early 1990s, General Sullivan, army chief of staff, and Colonel Harper, his key strategic planner, took the post-Cold War army into the Information Age. Faced with a 40 percent reduction in staff and funding, they focused on new peacetime missions, dismantled a cumbersome bureaucracy, reinvented procedures, and set the guidelines for achieving a vast array of new goals. *Hope Is Not a Method* explains how they did it and shows how their experience is extremely relevant to today's businesses. From how to stay on top of long-range issues to how to maintain a productive work force during times of change, it offers invaluable lessons in leadership and provides proven tactics any business can implement.
