Why the modern world forgot how to sleep Why is sleep frustrating for so many people? Why do we spend so much time and money managing and medicating it, and training ourselves and our children to do it correctly? In *Wild Nights*, Benjamin Reiss finds answers in sleep's hidden history--one that leads to our present, sleep-obsessed society, its tacitly accepted rules, and their troubling consequences. Today we define a good night's sleep very narrowly: eight hours in one shot, sealed off in private bedrooms, children apart from parents. But for most of human history, practically no one slept this way. Tracing sleep's transformation since the dawn of the industrial age, Reiss weaves together insights from literature, social and medical history, and cutting-edge science to show how and why we have tried and failed to tame sleep. In lyrical prose, he leads readers from bedrooms and laboratories to factories and battlefields to Henry David Thoreau's famous cabin at Walden Pond, telling the stories of troubled sleepers, hibernating peasants, sleepwalking preachers, cave-dwelling sleep researchers, slaves who led nighttime uprisings, rebellious workers, spectacularly frazzled parents, and utopian dreamers. We are hardly the first people, Reiss makes clear, to chafe against our modern rules for sleeping. A stirring testament to sleep's diversity, *Wild Nights* offers a profound reminder that in the vulnerability of slumber we can find our shared humanity. By peeling back the covers of history, Reiss recaptures sleep's mystery and grandeur and offers hope to weary readers: as sleep was transformed once before, so too can it change today.

Your No-Stress Guide for Getting the Sleep You Need and the Life You

Want McGraw-Hill Education

The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

A Simple, Proven Method for Training Your New Baby to Sleep Through the Night

Little Tiger Press
As children prepare for bed, the world around them is also settling down for the night. Through the seasons, animals who live in the jungle, the forest, and the sea all whisper to their babies, and to yours, a soft refrain: "It's time to sleep, my love."

The Newborn Sleep Book

New Harbinger Publications

It's time to sleep, it's time to sleep, the fishes croon in waters deep. The songbirds sing in trees above, "It's time to sleep, my love, my love." As children prepare for bed, the world around them is also settling down for the night. Animals who live in the jungle, the forest, the sea—all whisper to their babies a soft refrain: It's time to sleep, my love. As comforting as a soft blanket and warm as a goodnight hug, Eric Metaxas's lullaby is lovingly brought to life by bestselling artist Nancy Tillman

(On the Night You Were Born) , whose illustrations celebrate the wonders of the natural world, and the bonds of family. *It's Time to Sleep, My Love* is a 2009 Bank Street - Best Children's Book of the Year.

How Taming Sleep Created Our Restless World Harper Collins

Developed and refined by two successful pediatricians, the "Jassey Way" boasts more than a 90% success rate of getting children to sleep through the night in their first 4 weeks of life. A safe and proven technique, the Jassey Way uses a feeding schedule that allows newborns (and their parents) a full night's sleep at a younger age than other sleep training techniques.

Why We Sleep Basic Books

Tucked up tight, all warm and snug, Phoebe tries to sleep. She shuts her eyes, but she's not tired: she need to count her sheep! But the crazy sheep have other plans. Soon they have Phoebe all worn out with their madcap adventures. Will they every let Phoebe go to sleep? Ages 3+.

It's Time for Bed Zonderkidz

The dark double life of Ellen Boehm, the mother who murdered her two sons—and nearly killed her daughter. Ellen Boehm, a single mom from St. Louis, Missouri, appeared devoted to her children. But in reality, she was unequipped for motherhood, financially strapped, and desperate. Within a year of each other, her sons, ages two and four, died mysteriously, and Boehm's eight-year-old daughter then suffered a near-fatal mishap when a hair dryer fell into the girl's bath. While neighbors wondered how Boehm remained so calm through it all, Det. Sgt. Joseph Burgoon of St. Louis Homicide had darker suspicions. Burgoon soon unraveled a labyrinth of deception, greed, and

obsession that revealed a cold-blooded killer whose get-rich-quick scheme came at the cost of her children's lives. Boehm had taken out insurance policies on her children with six different companies totaling nearly \$100,000. Using police reports, case documents, and photos, journalist John Coston recreates the events that led to one mother's unspeakable acts of filicide—and a cop's relentless pursuit of the truth.

A Quick Guide for the Sleep-Deprived Parent Feiwel & Friends

Why are there so many different sleep books out there? Why do all the "sleep experts" have a completely different method? Which method is the right one for my child? Why can't someone please just write a book that includes ALL of the different solutions that work? Good questions. This book is your answer. In just 50 pages, "My Child Won't Sleep" presents ALL of the solutions that have actual scientific data to back them. If it isn't proven to work, it's not in this book. The solutions are straight-forward, with easy-to-follow, step-by-step instructions that get to the point and get there quick.

The Happiest Baby on the Block Simon and Schuster

A warm and wonderful night time book for babies and toddlers.

It's Time to Sleep, My Love Springer

Soothe little ones to sleep with this beautiful board book featuring a sweetly illustrated and tender lullaby first composed by Holocaust survivor, Dr. Lena Allen-Shore for her son, Jacques, and then adapted further by them for this children's book. Sleep, my baby, my lovely baby I wish you good night. The stars are smiling they say to you be happy all your life. Author, teacher, and poet, Dr. Lena Allen-Shore made her mark on the world in innumerable ways, but she made the most endearing and

enduring mark on her sons by singing "Sleep, My Baby" to them as they drifted off to bed each night. This extended version of the original, written by both Dr. Shore and her son Jacques, celebrates mothers all over the world and shares the universal messaging of hope, peace, and love as children are gently lulled to sleep knowing they are safe, sound, and protected from harm.
