Mac Callahan, a seasoned FBI agent in Washington, D.C., has given up the fast lane to live a life of sweet tea and sunshine in Alabama with the girl of his dreams, Samantha Peterson. But Mac's years of bringing down drug lords and psychotic criminals is about to catch up with him just as he's resigned himself to leave it all behind. Finally getting the husband and family she's longed for, Sam finds that life at Mac's plantation, Lone Oak, is a Southern girl's dream full of romance, love, lipstick and pearls. It's all Southern charm and Champagne between the sheets until a psychotic stalker sets his sights on completing an unfinished grudge. Carefully planning, Hector Quintes has patiently waited to crash Mac and Samantha's happily ever after. No one Mac Callahan loves is safe - least of all Samantha. When they said, "until death do us part," neither knew how soon that could be and as Hector

becomes intimately close to their family, the line between friend and foe grows strangely blurred. It's a deadly game of cat and mouse, but who is chasing whom?

Than Shwe is one of the world's most notorious dictators, presiding over a military regime that persists in repressing and brutalizing its own people. Until now, his story has not been told. Than Shwe: Unmasking Burma's Tyrant provides the first-ever account of Than Shwe's journey from postal clerk to dictator, analyzing his rise through the ranks of the army, his training in psychological warfare, his belief in astrology, his elimination of rivals, and his ruthless suppression of dissent. Drawing on the insights of Burma Army defectors, international diplomats, and others, Benedict Rogers provides a compelling account of the reclusive and xenophobic character of Than Shwe, and life in Burma under his rule. What others are saying This book explains General Than Shwe's extraordinary rise to power—and why it is futile to expect that any kind of “engagement” with his regime will lead to

meaningful change and even a modest democratization of this troubled Southeast Asian country. Than Shwe is a tyrant, and tyrants don't negotiate their own demise. Anyone who still believes that is possible should read this book.—Bertil Lintner, author of *Burma in Revolt*. In this path-breaking book, Benedict Rogers shines a light into some of the darkest corners of Burma's military dystopia, and in so doing exposes the cunning rise of a man who wraps himself in the trappings of Burma's ancient kings. Meticulously researched, powerfully written, and provocatively argued, this book deserves a place on the bookshelf of all of those interested in Burma, in Southeast Asia, and in the eternal struggle against tyranny and injustice.—Sean Turnell, author of *Fiery Dragons: Banks, Moneylenders and Microfinance in Burma* Highlights - A timely and penetrating inside look at the life of Burma's reclusive leader - Powerful exposé of the international crimes committed by the Than Shwe regime - Vivid account of Than Shwe's rise through the ranks of

the military, the corruption of his family, the widespread rights violations inflicted on his people, and the lives of his rivals, cronies, and potential successors

His Callahan Destiny?

Tighe Callahan is wild and free as the wind, until he starts chasing the beautiful River Martin. After he catches her—in a midnight seduction he'll never forget—Tighe learns he's about to become a daddy...three times over! Not even an ornery bull can stop him from making River and their babies-to-be his. Standing down isn't in River's vocabulary. Tighe can insist on doing the honorable thing all he wants—she isn't tying the knot until the cowboy says he loves her. Only, now her wounded warrior's on some dangerous, life-changing quest. Tighe's finally ready to heed the message of his ancestors: defend his land and claim his woman. Because it's never too late to become the Callahan he was destined to be!

The New Handbook of Texas: CED to FRE Texas A&M University Press

Authors Bob Alexander and Donaly E. Brice

grappled with several issues when deciding how to relate a general history of the Texas Rangers. Should emphasis be placed on their frontier defense against Indians, or focus more on their role as guardians of the peace and statewide law enforcers? What about the tumultuous Mexican Revolution period, 1910-1920? And how to deal with myths and legends such as One Riot, One Ranger? Texas Rangers: Lives, Legend, and Legacy is the authors' answer to these questions, a one-volume history of the Texas Rangers. The authors begin with the earliest Rangers in the pre-Republic years in 1823 and take the story up through the Republic, Mexican War, and Civil War. Then, with the advent of the Frontier Battalion, the authors focus in detail on each company A through F, relating what was happening within each company concurrently. Thereafter, Alexander and Brice tell the famous episodes of the Rangers that forged their legend, and bring the story up through the twentieth century to the present day in the final chapters.

This collection of essays by leading American film scholars charts a whole new territory in genre film criticism. Rather than assuming that genres are self-evident categories, the contributors offer innovative ways to think about types of films, and patterns within films, in a historical context. Challenging familiar attitudes, the essays offer new conceptual frameworks and a fresh look at how popular culture functions in American society. The range of essays is exceptional, from David J. Russell's insights into the horror genre to Carol J. Clover's provocative take on "trial films" to Leo Braudy's argument for the subject of nature as a genre. Also included are essays on melodrama, race, film noir, and the industrial context of genre production. The contributors confront the poststructuralist critique of genre head-on; together they are certain to shape future debates concerning the viability and vitality of genre in studying American cinema.

Callahan's Crosstime Saloon Routledge

Along with the settlement of the Texas frontier came

rustlers, public drunks, gunfighters, and other outlaws. A jail in which to incarcerate the lawbreakers was thus often the first public building raised in a new town. Later, as government developed, public buildings—notably county courthouses and jails—assumed not only practical but also symbolic importance. The architecture of these buildings in the nineteenth century reflected the power and status with which the community imbued the government; many of the same architects applied the aesthetic standards of the day to both. In later years, the safety and at least limited comfort of the prisoners became concerns and jails were remodeled or abandoned to other uses in favor of modern, more utilitarian structures. In this heavily illustrated guide to the historic county jails of Texas, Ed Blackburn Jr. takes readers to each of the 254 counties in the state, presenting brief histories and of the counties and their structures that housed their criminals. He provides general information about the architecture and location of the buildings and, when

possible, describes the present uses of those that have been decommissioned. Interviews with local officials, historians, and newspaper publishers have yielded colorful anecdotes for many of the jails. Revealing photographs of many of the old jails have been gathered from local and archival sources, and Blackburn himself has taken pictures of extant buildings. Together, these words and images not only provide a survey of the way Texans have housed their criminals, but also, with the aid of thumbnail maps of county locations, offer residents and tourists throughout the state a guide to a fascinating aspect of architectural and cultural history.

From Pocatello to Princeville: A History of JonesTrading is the story of a family and a firm. The story begins in Ottawa, Canada, the name of the town being derived from an Algonquin word, Odawa, which means "to trade." "Go West, Young Man," said newspaper editor Horace Greeley and William H. Jones did just that, leaving Canada in the mid 1880s as a

teenager to head west for Pocatello, Idaho, where he worked for the railroad. William later married Sarah "Sadie" Kelley and they went on to have three boys: George, Frank and Burt. The life of George Jones would change dramatically when the family moved to Los Angeles in 1911. Over the next decade, George would attend the University of California at Berkeley, serve as an officer in World War I, marry a woman who came from a long line of trailblazing California women, and start his own investment firm with several classmates: Mitchum, Tully & Co. "Honest George" was so humble that he did not need or want his name on the door, but that would change in the early 1950s when his sons, Dick and George Jr., became partners in the firm and it became Mitchum, Jones & Templeton. When the firm was sold to Paine Webber in 1973, George E. "Bud" Jones Jr. set off to form his own firm, Jones & Associates, and under the leadership of Bud's son, Packy, that firm was rebranded as JonesTrading in 2004. Follow along on this fascinating journey of the American West, of the

financial markets and of one family and firm that impacted the lives of so many over the last century.

Semi-centennial History of West Virginia I Remember Callahan History of Callahan County, Texas Indexed Library Use Only. German Settlers of South Bend Before captivating America as Morticia in *The Addams Family*, actress Carolyn Jones appeared in 30 movies (including starring roles with Elvis Presley and Frank Sinatra) and had a decade-long marriage to producer Aaron Spelling. But the road to Hollywood from her native Amarillo, Texas, was studded with rejection, typecasting, and unwanted comparisons to an actress who hated her: Bette Davis. Author James Pylant unveils the real Carolyn Jones, with access to her personal correspondence and journal, as well as interviews with her family, friends and fellow actors. What emerges is an intimate portrait of the iconic actress, a consummate professional who created a mystique not only for Morticia but for herself.--Website.

The Life and Career of Carolyn Jones University

Press of Kentucky Now a USA TODAY and Publishers Weekly bestseller! Meet the brilliant writer, fiercely independent mother, and passionate woman who captured the heart of C.S. Lewis and inspired the books that still enchant and change us today. When poet and writer Joy Davidman began writing letters to C. S. Lewis—known as Jack—she was looking for spiritual answers, not love. Love, after all, wasn't holding together her crumbling marriage. Everything about New Yorker Joy seemed ill-matched for an Oxford professor and the beloved writer of *The Chronicles of Narnia*, yet their minds bonded over their letters. Embarking on the adventure of her life, Joy traveled from America to England and back again, facing heartbreak and poverty, discovering friendship and faith, and against all odds, found a love that even the threat of death couldn't destroy. In this masterful exploration of one of the greatest love stories of modern times, we meet a brilliant writer, a fiercely independent mother, and a passionate woman who changed the life of this respected author and

inspired books that still enchant us and change us. Joy lived at a time when women weren't meant to have a voice—and yet her love for Jack gave them both voices they didn't know they had. At once a fascinating historical novel and a glimpse into a writer's life, *Becoming Mrs. Lewis* is above all a love story—a love of literature and ideas and a love between a husband and wife that, in the end, was not impossible at all. Praise for *Becoming Mrs. Lewis*: “*Becoming Mrs. Lewis* deftly explores the life and work of Joy Davidman, a bold and brilliant woman who is long overdue her time in the spotlight. Carefully researched. Beautifully written. Deeply romantic. Fiercely intelligent. It is both a meditation on marriage and a whopping grand adventure. Touching, tender, and triumphant, this is a love story for the ages.” —Ariel Lawhon, *New York Times* bestselling author of *I Was Anastasia* “*Patti Callahan Henry* breathes wondrous fresh life into one of the greatest literary love stories of all time . . . The result is a deeply moving story about love and loss that is transformative and magical.” —Pam Jenoff,

New York Times bestselling author of *The Orphan's Tale* "It's novel. And it's a very good one. . . . extraordinarily accurate. . . . more accurate than most biographical essays that have been written about my mother."

—Douglas Gresham, son of Joy Davidman, wife of C.S. Lewis This expanded edition includes: Map of Oxford Expanded discussion guide with 20+ questions for book clubs Timeline of Jack's and Joy's Lives Joy's (imagined) letter to Jack 10 Things You May Not Know About Joy Davidman and C. S. Lewis's Love Story Behind-the-scenes essay: Oxford—The City Theory and History Pinnacle Books The story of the first German immigrants to northern Indiana is the story of the beginnings of South Bend. The predominant immigrant group from the 1840s to the 1870s, the Germans helped build South Bend from an isolated trading post into a thriving industrial city. They also played a key role in transforming the surrounding wilderness into rich and fertile farmland. Using first-hand personal accounts and public documents, *German Settlers of South*

Bend illustrates the lives of these pioneer immigrants and their growing city. The material has been collected from a large number of sources on both sides of the Atlantic, including more than 200 German letters from the 1840s to the 1870s that provide glimpses into the day-to-day lives of these early settlers and their families back in Germany.

Descendants of immigrants from all over the United States and Germany have come forward with genealogies, stories, and pictures, providing a far-reaching portrait of the times. An Exciting Life

Associated University Presse Megs Devonshire sets out to fulfill her younger brother George's last wish by uncovering the truth behind his favorite story. The answer provides hope and healing and a magical journey for anyone whose life has ever been changed by a book. 1950: Margaret Devonshire (Megs) is a seventeen-year-old student of

mathematics and physics at Oxford University.

When her beloved eight-year-old brother asks Megs if Narnia is real, logical Megs tells him it's just a book for children, and certainly not true. Homebound due to his illness, and remaining fixated on his favorite books, George presses her to ask the author of the recently released novel *The Lion, the Witch and the Wardrobe* a question: "Where did Narnia come from?" Despite her fear about approaching the famous author, who is a professor at her school, Megs soon finds herself taking tea with C.S. Lewis and his own brother Warnie, begging them for answers. Rather than directly telling her where Narnia came from, Lewis encourages Megs to form her own conclusion as he slowly tells her the little-known stories from his own life that led to his inspiration. As she takes these stories home to George, the little boy travels father in his imagination than he ever could in real life. Lewis's answers will reveal to Megs and her family many truths that science and math cannot, and the gift she thought she was giving to her brother—the

story behind Narnia—turns out to be his gift to her, instead: hope. A captivating, standalone historical novel combining fact and fiction An emotional journey into the books and stories that make us who we are Includes discussion questions for book clubs

Historical Memory in Chinese Politics and Foreign Relations Thomas Nelson

For more than forty years the Handbook of Texas was the most comprehensive and authoritative source on Texas history. Now, the New Handbook of Texas -- a stunning six-volume encyclopedia and biographical dictionary covering every aspect of Texas history -- continues that proud tradition. Thirteen years in preparation, the new edition presents the efforts of more than 3,000 authors, editors, and reviewers. You'll find 23,500 articles covering the history of Texas from A to Z. There are detailed histories of all 254 counties and of major cities. Thousands of other entries highlight communities, key events, geographical features, historical sites, institutions, and

organizations. The New Handbook tells the story of the people who made Texas history -- the men and women who shaped the Lone Star State. More than 7,000 biographical entries provide authoritative information about the famous and the infamous, the legendary and the overlooked. Other essays describe the many groups of people who have lived in Texas, from prehistoric cultures to twentieth-century immigrants. Particular attention has been given to the rich historical traditions of the African American and Mexican American communities in Texas and to the vital historical contributions made by individual women and women's organizations throughout the state. The Handbook of Texas Online is a joint venture sponsored by the College of Liberal Arts and the General Libraries at the University of Texas at Austin, in collaboration with the TSHA. It offers fully searchable electronic access to the text of the New Handbook as well as approximately 400 articles not included in the print edition due to space limitations.

I Remember CallahanHistory of Callahan County, Texas *The Callahan Chronicals* EverAfter Romance

Constantine's victory in 312 at the battle of the Milvian Bridge established his rule as the first Christian emperor. This book examines the creation and dissemination of the legends about that battle and its significance. Christian histories, panegyrics and an honorific arch at Rome soon commemorated his victory, and the emperor himself contributed to the myth by describing his vision of a cross in the sky before the battle. Through meticulous research into the late Roman narratives and the medieval and Byzantine legends, this book moves beyond a strictly religious perspective by emphasizing the conflicts about the periphery of the

Roman empire, the nature of emperorship and the role of Rome as a capital city. Throughout late antiquity and the medieval period, memories of Constantine's victory served as a powerful paradigm for understanding rulership in a Christian society.

Bridge Silkworm Books

Health Communication in Practice: A Case Study Approach offers a comprehensive examination of the complex nature of health-related communication. This text contains detailed case studies that demonstrate in-depth applications of communication theory in real-life situations. With chapters written by medical practitioners as well as communication scholars, the cases included herein cover a variety of topics, populations, contexts and issues in health communication, including: *provider-recipient communication and its importance to subsequent diagnosis and treatment; *decision-making; *social identity, particularly how people redefine and renegotiate their social identity; *communication

dynamics within families and with health care providers through unexpected health situations; *delivery of health care; and *health campaigns designed to disseminate health-related information and change behaviors.

Reflecting the changes in health communication scholarship and education over the past decade, chapters also explore current topics such as delivering bad news, genetic testing, intercultural communication, grieving families, and international health campaigns. A list of relevant concepts and definitions is included at the end of each case to help students make connections between the scenario and the communication theories it reflects. With its breadth of coverage and applied, practical approach, this timely and insightful text will serve as required reading in courses addressing the application of communication theory in a health-related context.

A History of the Chaplain Corps, United States Navy, 1778- University of North Texas Press
Winner of the Wild West History Association Best Book Award In 1874, the

Texas legislature created the Frontier Battalion, the first formal, budgeted organization as an arm of state government of what historically had been periodic groups loosely referred to as Texas Rangers. Initially created to combat the menace of repeated raids of Indians from the north and from Mexico into frontier counties, the Battalion was led by an unusual choice: a frail, humorless Confederate veteran from Navarro County, John B. Jones. Under Jones's leadership, the Battalion grew in sophistication, moving from Indian fighting to capturing Texas's bad men, such as John Wesley Hardin and Sam Bass. Established during the unsettled time of Reconstruction, the Rangers effectively filled a local law enforcement void until competency was returned to local sheriffs' and marshals' offices. Numerous books cover individual Texas Rangers of note, but only a few have dealt with the overall history of the Rangers, and, strangely, none about Jones specifically. For the first time, author Rick Miller presents the story of the Frontier Battalion as seen through the eyes of its commander, John B.

Jones, during his administration from 1874 to 1881, relating its history--both good and bad--chronologically, in depth, and in context. Highlighted are repeated budget and funding problems, developing standards of conduct, personalities and their interaction, mission focus and strategies against Indian war parties and outlaws, and coping with politics and bureaucracy. Miller covers all the major activities of the Battalion in the field that created and ultimately enhanced the legend of the Texas Rangers. Jones's personal life is revealed, as well as his role in shaping the policies and activities of the Frontier Battalion. Based largely on primary documents, especially the actual correspondence generated by the various actors in the Battalion's drama that best tell the tale, this book is a major contribution to understanding the early development and growth of what became the institution celebrated in legend today. And John B. Jones at last has a definitive biography that recognizes him as one of the most important men who actually laid the groundwork for that legend.

History of Callahan County, Texas Macmillan
 Harry Callahan (1912-1999) is regarded as one of the most innovative and influential 20th century American photographers. By amplifying the abstract tendencies of New Vision in a lyrical mode evincing great sensitivity, he was able to overcome the prevailing realist aesthetic in American photography. This retrospective presents Callahan's multi-faceted photographic oeuvre, the product of tireless and prolific creative labours over the course of nearly sixty years. With nearly 200 works, it shows the entire spectrum of Callahan's production.
A History in Letters
 Arcadia Publishing
 As scholars and publics look for alternatives to what is understood as a violent Western world order, many claim that China can provide such an alternative through the Chinese dream of a harmonious world. This book takes this claim seriously and examines its effects by tracing the notion across several contexts: the policy documents and speeches that launched harmony as an official term under previous president Hu

Jintao; the academic literatures that asked what a harmonious world might look like; the propaganda and mega events that aimed to illustrate it; the online spoofing culture that is used to criticise and avoid "harmonization"; and the incorporation of harmony into current president Xi Jinping's "Chinese dream". This book finds contemporary Chinese society and international relations saturated with harmony. Yet, rather than offering an alternative to problems in "Western" thought, it counter-intuitively argues that harmony has not taken place, is not taking place, and will not take place. The argument unfolds as a contribution to wider debates on time, space and multiplicity in world politics. Offering analysis of the important but understudied concept of harmony, Nordin provides new and creative insights into wider contemporary issues in Chinese politics, society and scholarship. The book also suggests a creative and novel methodology for studying foreign policy concepts more broadly, drawing on critical thinkers in innovative ways and in a new empirical context. It will be of interest to

students and scholars of IR, Chinese foreign and theory.
