Billboard Schwann Publications

From pop music's early LPs to its latest CDs, Top Pop Albums 1955-2001 is a sweeping, stunning saga of Billboard's Pop Albums chart. This artist-by-artist listing includes every charted album from 1955 through June 30, 2001 - over 22,000 in all by more than 5,200 recording artists, and the more than 225,000 cuts from those albums. Along with complete chart data, artist biographies and complete track listings for every artist, Top Pop Albums sports new features such as each album's CD availability, data from the newly researched Top Pop Catalog Albums chart, updated album pricing and more, making this the biggest, broadest, absolute best albums book ever! Hardcover, ISBN 0-89820-147-0.

Joel Whitburn's Top Pop Albums, 1955-1992 Springer

A revelatory and redemptive memoir from the lead guitarist of the legendary band Def Leppard--the first book ever written by one of its members--chronicling the band's rise to superstardom and how they've maintained it for three decades. Maybe you've heard of Phil Collen as the rock star who gave up alcohol and meat more than twenty-five years ago. Most likely you've seen him shirtless--in photos or in real life--flaunting his impeccably toned body to appreciative female fans. But it wasn't always like this. Collen worked his way up from nothing, teaching himself guitar from scratch as

a teenager by imitating his heroes. He slogged it out in London-based pub bands for years, long before Def Leppard transformed from unknowns to icons, from playing openers in near-empty arenas to headlining in those same stadiums. But as Collen discovered, true overnight success is a myth. Like the other band members, he had to struggle and fight his way to the top; in the end, he says, "our work ethic saved us." This is Collen's story--an underdog tale featuring a bunch of ordinary working-class lads who rose to mega-stardom, and an account of the failures, triumphs, challenges, and rock-hard dedication it takes to make dreams come true.--Adapted from book jacket.

Billboard Record Research

inch....this work is likely to become a standart work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver James,Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of•Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

Seventy-Nine, Eighty Only Easy Day Was Yesterday

MD.

This book looks at the role of popular music in constructing the myth of the First World War. Since the late 1950s over 1,500 popular songs from more than forty countries have been recorded that draw inspiration from the War. National Myth and the First World War in Modern Popular Music takes an inter-disciplinary approach that locates popular music within the framework of 'memory studies' and analyses how songwriters are influenced by their country's 'national myths'. How does popular music help form memory and remembrance of such an event? Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective? The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens; folk maestros including Al Stewart and Eric Bogle; the socially aware rock of The Kinks and Pink Floyd; metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Galás and PJ Harvey.
