The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

Elizabeth of York St. Martin's Press
New in paperback - Explore a fascinating look at the three pretenders to the Tudor throne - Simnel, Warbeck, and Warwick.
The Survival of the Princes in the Tower
Boydell Press

Melville Henry de Massue (styled the Marquis of Ruvigny and Raineval) produced, in this work, one of the great achievements on royal and noble genealogy. In it he traces all the living descendants of King Edward III as of the date of original publication, some 50,000 individuals with over 300,000 lines of descent between them. Included in the Roll are the names of all the crowned heads of Europe; of the majority of hereditary peers; of all the royal and princely houses of Europe; of many of the higher nobility of France, Germany, Austria, Hungary, Poland, Bohemia, Italy, Spain, Portugal, Russia, and Belgium; and of the old aristocracy of the Southern States of America, together with baronets and county gentry. The

five volumes together comprise some 3,550 pages, illustrated with portraits, photographs, and line drawings, and each volume is completely indexed .

(Vocal Selections). Six has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! From Tudor queens to pop princesses, the six wives take the mic to remix five hundred years of historical heartbreak into an exuberant celebration of 21st century girl power! Songs include: All You Wanna Do * Don't Lose Ur Head * Ex-Wives * Get Down * Haus of Holbein * Heart of Stone * I Don't Need Your Love * No Way * Six.

Henry VIII's Children Fox Chapel Publishing

When Henry VIII died in 1547, he left three highly intelligent children to succeed him in turn, to be followed, if their lines failed, by the descendants of his sister, Mary Tudor. Picking up from the point that The Six Wives of Henry VIII left off, Children of England covers the period up to Elizabeth's ascension to the throne in 1558. Making use of a huge variety of contemporary sources, Alison Weir brings to life one of the most extraordinary periods of English history, when each of Henry's heirs was potentially the tool of powerful political

or religious figures, and when the realm was seething with intrigue and turbulent change. 'Recounted with her usual lively thoroughness by Alison Weir, my favourite Tudor historian' Philippa Gregory

Tudor National Geographic Books

"The family drama of England's wealthiest and most powerful king. A tale of jealousy, mutual distrust, and often bitter sibling rivalry, simmering beneath the magnificent pageantry and stormy politics of the Tudor court."--Back cover.

The Six Wives of Henry VIII Ballantine Books

Sunday Times bestseller A Telegraph Book of the Year A History Today Book of the Year A BBC History Magazine Book of the Year The Tudors are a national obsession; they are our most notorious family in history. But beyond the well-worn headlines is a family still more extraordinary than the one we thought we knew. The Tudor canon typically starts with the Battle of Bosworth in 1485, before speeding on to Henry VIII and the Reformation. But this leaves out the family's obscure Welsh origins; it passes by the courage of the pregnant thirteen-year-old girl who would help found the Tudor dynasty; and the childhood and painful exile of her son, the future Henry VII. It ignores the fact that the Tudors were shaped by their past - those parts they wished to remember and those they wished to forget. With this background, Leanda de Lisle enables us to see the Tudors in their own terms and presents new perspectives and revelations on key figures and events, from the princes in the Tower to the Tudor Queens. Tudor tells a family story like no other.

Six: The Musical - Vocal Selections Ballantine Books

Brings together for the first time the 'other women' of King Henry VIII, and takes us deep into the web of secrets and deception at the Tudor Court.

Winter King Simon and Schuster

A convincing study which should do much to provoke a more widespread curiosity in this Tudor King, whose personality has been eclipsed in popular imagination by those of his more picturesque descendants.

In the Lion's Court Open Road + Grove/Atlantic

Of the five Tudor monarchs, only one was ever born to rule. While much of King Henry VIII's reign is centered on his reckless marriage choices, it was the foundations laid by Henry and Queen Katherine of Aragon that shaped the future of the crown. Among the suffering of five lost heirs, the royal couple placed all their hopes in the surviving Princess Mary. Her early life weaves a tale of promise, diplomacy, and pageantry never again seen in King Henry's life, but a deep-rooted desire for a son, a legacy of his own scattered childhood, pushed Henry VIII to smother Mary's chance to rule. An affair soon produced an unlikely heir in Henry Fitzroy, and while one child was pure royalty, the other illegitimate, the comparison of their childhoods would show a race to throne closer than many wished to admit. King Henry's cruelty saw his heirs' fates pivot as wives came and went, and the birth Princess Elizabeth, saw long-term plans upended for short-term desires. With the death of one heir hidden from view, the birth of Prince Edward finally gave the realm an heir born to rule, but King Henry's personal desires and paranoia left his heirs facing constant uncertainty for another decade until his death. Behind the narrative of Henry VIII's wives, wars, reformation and ruthlessness, there

were children, living lives of education among people who cared for them, surrounded by items in generous locations which symbolized their place in their father's heart. They faced excitement, struggles, and isolation which would shape their own reigns. From the heights of a surviving princess destined and decreed to influence Europe, to illegitimate children scattered to the winds of fortune, the childhoods of Henry VIII's heirs is one of ambition, destiny, heartache, and triumph.

Other Tudors: Henry VIII's Mistresses & Bastards Ballantine Books

The murder of the Princes in the Tower is the most famous cold case in British history. Traditionally considered victims of their ruthless uncle, there are other suspects too often and too easily discounted. There may be no definitive answer, but by delving into the context of their disappearance and the characters of the suspects, Matthew Lewis examines the motives and opportunities afresh, as well as asking a crucial but often overlooked question: what if there was no murder? What if Edward V and his brother Richard, Duke of York, survived their uncle's reign and even that of their brother-in-law Henry VII? In this new and updated edition, compelling evidence is presented to suggest the Princes survived, which is considered alongside the possibility of their deaths to provide a rounded and complete assessment of the most fascinating mystery in history.

Royal Families: Pelham-Avery-West: descendants for nine generations of Thomas West, 2nd Baron De La Warr: the possible American progeny of King Henry VIII National Geographic Books

Elidir Ddu (fl. 1302-1326) was the son of Elidir ap Rhys of Crug, Wales. He was the father of Philip and grandfather of

Nicholas ap Philip ap Syr Elidir Ddu. Nicholas married Sioned, daughter of Gruffydd ap Llwelyn Foethus of Llangathen and became the father of Gruffydd ap Nicholas who became a powerful Welsh nobleman. He was married three times and became the father of eleven children, several of whom also rose to prominence. One of his grandchildren was Sir Rhys ap Thomas (d. 1525) who was important during the Wars of the Roses and then aligned himself with Henry VII, a fellow Welshman.

NEW YORK TIMES BESTSELLER •

Bestselling historian Alison Weir tells the poignant, suspenseful and sometimes tragic story of Elizabeth, eldest daughter of the Yorkist King Edward IV and sister of the Princes in the Tower, a woman whose life was inextricably caught up in the turmoil of the Wars of the Roses and the establishment of the usurping Tudor dynasty. She was the wife of Henry VII and mother of Henry VIII. Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York, Henry's mother and Elizabeth's grandmother, spanned one of England's most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of royalty. But after the death

of her father; the disappearance and probable murder of her brothers—the Princes in the Tower; and the usurpation of the throne by her calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard’s wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be England’s rightful queen. Weir addresses Elizabeth’s possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth’s subsequent marriage to Henry united the houses of York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry’s firm grasp, but Weir shows that Elizabeth proved to be a model consort—pious and generous—who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long overdue and much-deserved look at this unforgettable princess whose line descends to today’s British monarch—a woman who overcame tragedy and danger to become one of England’s most beloved consorts. Praise for Elizabeth of York “Weir tells Elizabeth’s story well. . . . She is a meticulous scholar. . . . Most important, Weir sincerely admires her subject, doing honor to an almost forgotten queen.”—The New York Times Book Review “In [Alison] Weir’s skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is

a must-read for Tudor fans!”—Historical Novels Review “This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity.”—Booklist “Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman.”—Huntington News

The Seymour Family, History and Romance IMM Lifestyle Books

Henry Rust (d.ca. 1684/1685) emigrated from Hingham, Norfolk County, England to Hingham, Massachusetts in about 1634/1635, and moved to Boston, Massachusetts in 1645. Descendants and relatives lived in New England, New York, New Jersey, Michigan, Illinois, Kansas, Wisconsin and elsewhere. Includes some history of the Rust family in England and Germany to 1312, as well as other Rust individuals who immigrated to Pennsylvania from Germany and to Virginia and elsewhere in the south from England.

The King's Curse Independently Published

This work looks at the characters and relationships of Henry's four heirs. Using contemporary sources, it describes an extraordinary period of history, when each of Henry's heirs was potentially the tool of powerful political and religious figures, and when the realm was seething with intrigue.

The Children of Henry VIII Zondervan

By: The Marquis of Ruvigny and Raineval, Pub. 1903, reprinted 2023, 672 pages, Index, ISBN #978-1-63914-091-6. Unlike previous works on Royal Descents which have been principally, if not wholly, confined to setting out the specific descents of those persons who

have paid for that purpose, every attempt has been made in this book to trace out ALL the descendants of the above-named Kings, of which no fee or charge was made for their insertion. The author traces all the living descendants of King Edward III as of the date of original publication (1903), with some 48,000 individuals and with over 300,000 lines of descent between them. Included in the Roll are the names of all the crowned heads of Europe; of the majority of hereditary peers; of all the royal and princely houses of Europe; of many of the higher nobility of France, Germany, Austria, Hungary, Poland, Bohemia, Italy, Spain, Portugal, Russia, and Belgium; and of the old aristocracy of the Southern States of America, together with baronets and county gentry.

Henry VIII Public Affairs

For fans of *Wolf Hall*, Alison Weir's New York Times bestselling biography of Henry VIII brilliantly brings to life the king, the court, and the fascinating men and women who vied for its pleasures and rewards. **BONUS:** This edition contains an excerpt from Alison Weir's *Mary Boleyn. Henry VIII*, renowned for his command of power, celebrated for his intellect, presided over the most stylish—and dangerous—court in Renaissance Europe. Scheming cardinals vied for power with newly rich landowners and merchants, brilliant painters and architects introduced a new splendor into art and design, and each of Henry's six queens brought her own influence to bear upon the life of the court. In her new book, Alison Weir, author of the finest royal chronicles of our time, brings to vibrant life the turbulent, complex figure of Henry VIII and the glittering court he made his own. In an age when a monarch's

domestic and political lives were inextricably intertwined, a king as powerful and brilliant as Henry VIII exercised enormous sway over the laws, the customs, and the culture of his kingdom. Yet as Weir shows in this swift, vivid narrative, Henry's ministers, nobles, and wives were formidable figures in their own right, whose influence both enhanced and undermined the authority of the throne. On a grand stage rich in pageantry, intrigue, passion, and luxury, Weir records the many complex human dramas that swirled around Henry, while deftly weaving in an account of the intimate rituals and desires of England's ruling class—their sexual practices, feasts and sports, tastes in books and music, houses and gardens. Stimulating and tumultuous, the court of Henry VIII attracted the finest minds and greatest beauties in Renaissance England—poets Wyatt and Surrey, the great portraitist Hans Holbein, "feasting ladies" like Elizabeth Blount and Elizabeth FitzWalter, the newly rich Boleyn family and the ancient aristocratic clans like the Howards and the Percies, along with the entourages and connections that came and went with each successive wife. The interactions between these individuals, and the terrible ends that befell so many of them, make *Henry VIII: The King and His Court* an absolutely spellbinding read. Meticulous in historic detail, narrated with high style and grand drama, Alison Weir brilliantly brings to life the king, the court, and the fascinating men and women who vied for its pleasures and rewards. **NOTE:** This edition does not contain illustrations.
