**Shark In The Park** National Geographic Books  
 Norman, a slug who wants to be a snail, is determined to find something that will work as a shell.  
[There's a Shark in the Mikvah!](#) CRC Press  
 2017 Amelia Bloomer List, Early Readers Nonfiction This picture book biography follows the life of Eugenie Clark, the Japanese-American scientist, researcher, and diver, who became famous as "The Shark Lady" for her groundbreaking discoveries about shark behavior. Before Eugenie Clark's groundbreaking research, most people thought sharks were vicious, blood-thirsty killers. From the first time she saw a shark in an aquarium, Japanese-American Eugenie was enthralled. Instead of frightening and ferocious eating machines, she saw sleek, graceful fish gliding through the water. After she became a scientist—an unexpected career path for a woman in the 1940s—she began taking research dives and training sharks, earning her the nickname "The Shark Lady."  
**I Am the Shark** Scholastic Inc.

"Shark Summer is bursting with vibrant, expressive art....The characters are distinct and relatable...It's a lovely read!"—Molly Knox Ostertag, author of the Witch Boy series "Eloquently chronicled in Marcks's cinematic panels, friendships are formed and repaired, parental relationships articulated, and inner conflicts expressed and resolved. A winning production." --Kirkus  
 When a Hollywood film crew arrives on Martha's Vineyard with a mechanical shark and a youth film contest boasting a huge cash prize, disgraced pitcher Gayle "Blue Streak" Briar sees a chance to turn a bad season into the best summer ever. After recruiting aspiring cinematographer Elijah Jones and moody director Maddie Grey, Gayle and her crew set out to uncover the truth of the island's own phantom shark and win the prize money. But these unlikely friends are about to discover what happens when you turn your camera toward the bad things lurking below the surface.

### **Shark Summer** Random House

Far away in the deep rolling ocean lived Smiley Shark. Smiley Shark longed to dip and dive, jiggle and jive, dart and dash with a splish and a splash with all the other fish; but whenever he smiled at them they swam away. But when all of the other fish

are trapped in a fisherman's net, it's up to Smiley Shark to find away to free them—and he saves the day with his big, toothy smile!

Swimming with Sharks Simon & Schuster/Paula Wiseman Books  
Discover amazing and fascinating sea creatures in the hole in the bottom of the sea! Based on the traditional cumulative song, each verse introduces a new creature and its place in the food chain, with the shark chasing the eel, who chases the squid, who chases the snail. Enhanced CD includes video animation and audio singalong.

**The Line Tender** Simon and Schuster

My pet shark Seymour is bored in our backyard pool. He wants to come to school with me and I think that's a brilliant idea! He promises to do everything I say, but I'm not so sure...

There's a Shark in the Bath Barefoot Books

Whale sharks are the largest of all fishes, fascinating for comparative studies of all manner of biological fields, including functional anatomy, growth, metabolism, movement ecology, behavior and physiology. These gentle ocean giants have captured the interest of scientists and the imagination of the public, yet their future is uncertain. The conservation status of whale sharks was upgraded to Endangered on the IUCN Red List and the species faces a range of intense threats from human activities. Can these iconic living animals, who have survived for millions of years, survive us? Written by the world's leading experts in whale shark biology, ecology, and conservation, *Whale Sharks: Biology, Ecology and Conservation* is the first definitive volume about the world's biggest fish. Chapters include discussions of satellite-linked tags, used to track whale shark movements; genetic sequencing, to examine evolutionary adaptations; even the use of underwater ultrasound units to investigate the species' reproduction. The editors hope that by collating what is known, they can make it easier for future researchers, conservationists, and resource managers to fill some of the remaining knowledge gaps, and provide the information they need to join the team. As you work your way through this book, we hope that you will develop a sense of awe and marvel at all of our good fortune to share the ocean, and the planet, with this utterly extraordinary species.

Shark Research Mighty Media, Inc.

Dinoville Police Station was having a perfectly quiet morning - until the phone rang... "Red alert!" hollered Sergeant Stig O'Saurus. "There's a rampaging T-Rex at the pizza factory!" The dino police try to arrest Trevor T-Rex but cheeky Trevor manages to escape... A fabulous new picture book by the fantastically talented Sarah McIntyre!

**A Hole in the Bottom of the Sea** Univ of South Carolina Press  
An illustration-heavy exploration of the types and characteristics of sharks.

Hark! A Shark! All About Sharks Scholastic Inc.

Discover the ULTIMATE, 128-paged book about all things sharks and underwater creatures, from the creative brain of Mike Lowery! Featuring fun facts, jokes, comics, maps, and more. Did you know that sharks can be as small as a banana, or bigger than a bus? Or that whale sharks have more than 3,000 teeth? Did you know that giant squids have eyes the size of dinner plates? Or that clownfish are protected by snot armor?? Find out all this and more, in this comprehensive, hilarious underwater deep dive from Mike Lowery! For fans of Dog Man who love nonfiction, discover this definitive, go-to book about everything AWESOME you EVER wanted to know about all things under the sea. Uncover a wealth of weird, wacky, and wild facts about sharks and underwater creatures, told in Mike Lowery's signature, acclaimed comic style with bright and energetic artwork, fresh framing devices, and hilarious jokes. This is the go-to book for shark enthusiasts that

kids will put in their backpacks and obsess over, bridging the gap between encyclopedic nonfiction content and lighter picture book fare, filling the need with a one-stop shop for the legions of 7-10 year olds who want to know absolutely everything there is to know about underwater creatures. Discover the must-have book for shark fanatics, a madcap field guide full of facts and humor, and learn everything you ever wanted to know about underwater creatures!

*Oh No! Shark in the Snow!* Scholastic Inc.

A hilarious under-the-sea retelling of *The Three Little Pigs*! "Little fish, little fish, let me come in." "Not by the skin of my finny fin fin!" "Then I'll munch, and I'll crunch, and I'll smash your house in!" Mama tells her three little fish that it's time to make their own homes. Jim builds his house of seaweed, but the big bad shark munches it up. Tim builds his house of sand, but the shark crunches it up. It's smart Kim who sets up house in an old sunken ship! Children will delight in this silly whale of a tale with funny, eye-popping illustrations! Safe for all ages.

*Shark in the Park on a Windy Day!* Crown Books for Young Readers

Oh no, there's a shark in the park! Or is there? This is a revised edition of the old favourite, with endearing Stephen Cartwright illustrations, and new rhyming text, specially written to develop phonemic awareness. Helps young children learn to recognise the basic sounds that make up the English language - vital for learning to read. Puzzles after the story consolidate learning. Guidance notes for parents are included at the back of the book.

**I Survived the Shark Attacks of 1916** Random House

What would you do if you found a shark in the bath? Or three of them - Papa Shark, Mama Shark and Baby Shark? The sharks are keen on a hearty breakfast, but Dulcie knows just how to outwit such cheeky sea creatures and sends them packing before Dad even gets a glimpse. A smashing picture book treat from the illustrator of *YOU CAN'T EAT A PRINCESS*.

*Shark in the Dark* Random House Books for Young Readers

Funny, poignant, and deeply moving, *The Line Tender* is a story of nature's enduring mystery and a girl determined to find meaning and connection within it. Wherever the sharks led, Lucy Everhart's marine-biologist mother was sure to follow. In fact, she was on a boat far off the coast of Massachusetts, collecting shark data when she died suddenly. Lucy was seven. Since then Lucy and her father have kept their heads above water--thanks in large part to a few close friends and neighbors. But June of her twelfth summer brings more than the end of school and a heat wave to sleepy Rockport. On one steamy day, the tide brings a great white--and then another tragedy, cutting short a friendship everyone insists was "meaningful" but no one can tell Lucy what it all meant. To survive the fresh wave of grief, Lucy must grab the line that connects her depressed father, a stubborn fisherman, and a curious old widower to her mother's unfinished research on the Great White's return to Cape Cod. If Lucy can find a way to help this unlikely quartet follow the sharks her mother loved, she'll finally be able to look beyond what she's lost and toward what's left to be discovered. ★"Confidently voiced."—Kirkus Reviews, starred ★"Richly layered."—Publishers Weekly, starred ★"A hopeful path forward."—Booklist, starred ★"Life-affirming."—BCCB, starred ★"Big-hearted."—Bookpage, starred ★"Will appeal to just about everyone."—SLC, starred ★"Exquisitely, beautifully real."—Shelf Awareness, starred

There's a Shark at My School CRC Press

Timothy Pope is looking out into the night with his telescope. Is that really a shark he can see? Turn the page and find out . . . Children will delight in peeping through the die-cut holes and guessing what Tim has spotted.

*The Three Little Fish and the Big Bad Shark* Walker Childrens

For centuries, the mikvah, or ritual bath, has been used by married Jewish women for spiritual purification. For reasons of modesty, going to the mikvah is considered a private act that is to be performed discreetly at night. Because of this, women who use the mikvah typically don't discuss their mikvah experiences, which may be humorous or even inspiring. This book presents a collection of true stories from women who use the mikvah. Read about the mikvah attendant who fancied herself an opera singer. Laugh along with the newlywed who ends up at the mikvah at the same time as her mother-in-law (awkward!). Journey to the Indian Ocean with the woman who took a very cold dunk in the Indian Ocean as she battled swimmers, surfers, and fishermen. Just when you thought it was safe to go into the mikvah...

Dinosaur Police Scholastic UK

Just when you thought it was safe to go back in the park . . .

Timothy Pope is blown this way and that way in the windy park -- but among the whistling wind and blustering brollies could that be a shark he spies through his telescope. Peep through the die-cut hole in the pages of the book to find out. A third book in the bestselling Shark in the Park series -- it's fin-tastic fun!

Shark Attacks JHU Press

A special edition of this much-loved classic to celebrate 20 FIN-TASTIC years! Timothy Pope, Timothy Pope, what can you see through your telescope? Is there really a shark in the park? Go on, be brave, open the book and see! Timothy Pope has a brand new telescope and he's testing it out at the park. Peep through the die-cut holes in this book to see if you can spy a shark. Is that really a shark? Turn the page and find out . . . A delightful, entertaining story - with its rhyming text and ingenious die-cut pages, it's a book children will want to read again and again.

**Shark in the Dark** HarperCollins

What would you do if a shark followed you home? In this story designed to engage early readers, charming characters combine with simple text, lively illustrations, and laugh-out-loud humor to help boost kids' confidence and create lifelong readers! Mr.

Fitzgerald said sharks like to circle their food while they decide if it looks tasty. I must have left my scooter in the yard. The shark started riding it around our house. And around. And around. On his third time around, I knew. He was circling me. When Benny learns about sharks at school, he immediately feels worried. He definitely can't go in the ocean, because sharks live there. But even simply staying out of the water isn't enough, because a shark named Mr. Chompers follows him home! What will Benny do? This humorous, highly-illustrated story is perfect for kids just beginning to read on their own. The short chapters, early vocabulary, and amusing illustrations make reading easy and fun! Exciting, easy-to-read books are the stepping stone a young reader needs to bridge the gap between being a beginner and being fluent.

**Everything Awesome About Sharks and Other Underwater Creatures!** Tiger Tales

From bestselling author Ame Dyckman and illustrator Scott Magoon comes the laugh-out-loud story about a Misunderstood Shark who just wants to show the world who he really is... Every beachgoer knows that there's nothing more terrifying than a... SHARRRK! But this shark is just misunderstood, or is he? In a wholly original, sidesplittingly funny story, New York Times bestselling author Ame Dyckman and illustrator Scott Magoon take this perennial theme and turn it on its (hammer)head with a brand-new cheeky character. The filming of an underwater TV show goes awry when the crew gets interrupted by a... SHARRRK! Poor Shark, he wasn't trying to scare them, he's just misunderstood! Then he's accused of trying to eat a fish. Will Shark ever catch a break? After all, he wasn't going to eat the fish, he was just showing it his new tooth! Or was he? Explosively funny, extraordinarily clever, and even full of fun shark facts, this surprisingly endearing story gets to the heart of what it feels like to be misunderstood by the people around you. With a surprise twist ending, our Misunderstood Shark will have kids rolling with laughter!
