JOSE OLSON

From Traditional RP to the New 21st-Century Neutral Accent American Accent Training

Clear Speech, Second Edition, is a highly successful and innovative pronunciation course for intermediate and advanced students of English. The Teacher's Resource Book contains an overview of the book, and contains invaluable, creative ideas for presenting the teaching points, as well as theoretical background. In addition, it contains a suggestions for additional activities, and an exercise answers.

How to Do Accents Villa Magna, LLC

This unique book offers a complete course in how to do any accent and also gives you the tools to navigate your way through a specific accent. Using solid technical know-how, clear practical steps, real-life examples, and the occasional dose of humour, the Haydn/Sharpe System brings to the surface the underlying structure of accents. The authors share the processes that they, as specialist dialect coaches, have developed, to give you the insight, tools and confidence to work with accents. This second edition includes examples and exercises for six new accents. Includes a free online code to access detailed exercises and sample sentences - giving you the sounds you need to get your accent skills going! Also includes ready-to-use resource recordings of the following accents: Norfolk (NEW), Yorkshire (NEW), Standard Canadian (NEW), Standard Australian (NEW), Standard American, Northern Irish (Belfast), Southern Irish (Cork), Scottish (Glasgow), Newcastle, Manchester, Liverpool, South Wales (Swansea), West Midlands (Walsall), Cockney, Neutral Standard English, Contemporary 'Street' London (NEW), Cornish.

Here's How to Do Accent Modification: A Manual for Speech-

Language Pathologists is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. Here's How to Do Accent Modification is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an excellent introductory text for any English as a Second Language (ESL) teacher. Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.

The Ultimate Phrasal Verb Book Simon and Schuster NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Grammar* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those

sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

A Daily Program for Improving Your American English Pronunciation Barron's Educational Series

Optimized for use as an eBook, American Accent Training is a great training tool for classroom or personal use! American Accent Training has not only gained wide respect as a self-teaching program among students and business people, but more and more speech trainers, teachers, and speech therapists also use it as a valuable teaching tool in their speech classes. In this book, you will find: A linguistically logical structure that follows a direct sequence of lessons and an easy path to understanding Pronunciation exercises that cover all vowel sounds, consonants, blends, diphthongs, and much more The online audio, accessible via Barron's Online Learning Hub, features professional male and female voices that have been carefully selected to represent authentic American pronunciation and intonation.

The Grumpy Gardener Cambridge University Press

American Accent Drills for British and Australian Speakers provides a comprehensive guide to learning a "General American" accent, made specifically for native English speakers. Unlike most American accent guides, which are geared toward ESL learners, this handbook covers only the shifts that English speakers need to make - nothing more, nothing less. In addition to vowel and consonant drills, it covers the finer points of American intonation and elision, features that often elude English speakers of other dialects. Finally, it provides exercises for "owning" the dialect, finding authenticity and making it work for each individual actor in their own way. This is an excellent resource for students of speech and dialects, actors from the UK, Australia, and New

Zealand, and advanced ESL learners who need to use an American accent on screen or on stage. American Accent Drills for British and Australian Speakers also includes access to downloadable audio files of the practice drills featured in the book, to help students practice and perfect their American accent. *The Complete Idiot's Guide to the American Accent* Methuen Drama

Written as a guide for people who already have a basic understanding of English and want to improve their ability to speak it the way it is spoken in the United States.

Foreign Language Communication Tools Time Inc. Books

Directed to speakers of English as a second language, a multimedia guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

[American Accent Training with Online Audio](#) Harmony (Applause Acting Series). The classic Skinner method to speech for the stage! The Illustrated Guide to Everyday Expressions of American English Allyn & Bacon

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area Developed by acclaimed speech consultant and accent specialist Susan Cameron, *Perfecting Your English Pronunciation* features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

[How to Do Standard English Accents](#) Pan Macmillan

Updated to reflect questions found on the most recent ESL tests, this book presents 400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an

expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

The American Accent Guide, 3rd Edition Barron's Educational Series, Incorporated

Frequently cited as the number one fear among A proven, gimmick-free lesson guaranteed to business executives, public speaking doesn't make anyone a better speaker and come naturally to most people. Pitching an idea, presenter. selling a product, or presenting a program doesn't have to be a stomach-clenching experience to be struggled through. It can be an opportunity to relish and a chance to shine in front of a group. Whether you are selling an idea to two colleagues in a conference room or presenting a major corporate strategy to a ballroom filled with shareholders, the key to success is a clear, confident, memorable presentation. With *The 7 Principles of Public Speaking*, Richard Zeoli makes the common sense, gimmick-free program he's offered to business leaders and political candidates available to everyone. Whether you are looking to position yourself as an industry expert, extend your sphere of influence, or gain the support and backing of vital constituencies, *The 7 Principles of Public Speaking* will give you the tools you need to achieve your goal. If you are a polished professional, it will help you hone your skills. If you are a novice communicator, it will help you overcome obstacles and convey your message with confidence, poise, and persuasiveness.

You Say Potato Simon and Schuster

This is the 3rd edition of the world-acclaimed *The American Accent Guide*. *The American Accent Guide* provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief

that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also

be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news

media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress." *Pronunciation and Listening Comprehension in American English* Plural Publishing
Envision the ability to present a contract or proposal to your colleagues and not worrying about how you sound, confident in knowing that you've effectively masked your accent and how everyone is listening to you. With this guide, you'll learn the easiest ways to sound more like a native speaker and dramatically improve the way you sound.
