 A fully authorized, richly

illustrated inside look into 50 of Mulder and Scully's most memorable monster cases
 When an X-Files fan opens up *The X-Files: The Official Archives*, they are gaining access—for the first time—to Agents Mulder and Scully's notes, records, and visual evidence from actual X-File reports. Designed to mimic a collection of FBI case files and packed with such items as autopsy reports, mug shots, lab results, handwritten notes, newspaper clippings, pages ripped from antique books on the occult, and security camera printouts, this fully authorized book is the only one of its kind. Detailing the agents' investigations into 50 cases of cryptids, biological anomalies, and parapsychic phenomena—from the Flukeman to The Great Mutato to Pusher—*The X-Files: The Official Archives* showcases some of the show's greatest villains (some dastardly, some just misunderstood), and instructs future agents on how to successfully investigate the paranormal.

 The X-Files was one of the most subversive and longest-running science

fiction series in US television history. Yet very little serious work has been done to examine the hit series. Deny All Knowledge examines topics such as: - Why is the series such a hit worldwide? - Why is The X-Files so popular online, generating dozens of websites and chat groups daily? - How does The X-Files' Conspiracy Theory compares to shows from the 1950s? - Can The X-Files be considered a modern-day myth? - What does The X-Files tell us about gender roles today?

In celebration of the 50th anniversary of Mars Attacks, this comprehensive book is the first-ever compilation of the infamous science-fiction trading card series produced by Topps in 1962. Edgy, subversive, and darkly comedic, this over-the-top series depicting a Martian invasion of Earth has a loyal following and continues to win new generations of fans. For the first time, this book brings together high-quality reproductions of the entire original series, as well as the hard-to-find sequel from 1994, rare and never-before-seen sketches, concept art, and test market materials. Also included are an introduction by series co-creator Len Brown and an afterword by Zina Saunders, daughter of the original artist, providing an insider's behind-the-scenes view of the bizarre and compelling world of Mars Attacks. Includes four Mars Attacks trading cards. Includes preliminary sketches and artwork, including a facsimile of the original trading card mechanical on the inside back cover, with reproduction of the 1962 handwriting from the original Topps production department.

Praise for Mars Attacks: "The best thing about this 50th-anniversary book is that it frees Mars Attacks from rose-tinted memory." —NPR.org "The work produced by writer Len Brown and artist Norm Saunders, collected now in the anthology Mars Attacks: 50th Anniversary Collection . . . continues to pass muster as a lurid snapshot of sci-fi paranoia at its most pulp-fictiony." —Wired.com "It's like a mini-museum of alien grotesquerie between two solid covers, depicting all the iterations of the series, with further treatments by modern illustrators, and sketchbook reproductions, and names, dates, and times. Oh, and? And there are four bonus trading cards included with each copy of this graphic and texty artifact." —AustinChronicle.com "It's a true gem of American pop culture history that should be a centerpiece on any true geek's coffee table." —The Houston Press Art Attack blog *Miskatonic* Dramatists Play Service, Inc. Aunque su popularidad actual es incuestionable, no se trata de una forma nueva, sino que podemos rastrearla desde el inicio del cinematógrafo. Este libro recopila algunos de los títulos más emblemáticos, buscando a través de su estudio las características y la estructura que lo definen como modelo documental. En sus páginas se mantiene que todo fake puede ser estudiado no solo por los códigos tradicionalmente adscritos a los relatos de realidad que parasita, sino también por el contexto de su producción, su recepción y por la actitud mantenida por el texto. Alguno de los aspectos que mejor definen el falso

documental es su falta de vocación de engaño y su insistencia en retratar los medios de comunicación de una manera subversiva.

Tomorrow X FILES

Miskatonic Valley holds many mysteries - cultists worshipping old gods, a doctor deadset on resurrecting the recently deceased, a house overrun by rats in the walls - but none more recent than a series of bombings targeting the Valley's elite. To Bureau of Investigation (the predecessor of the FBI) chief J. Edgar Hoover, there can be no other explanation than those responsible for similar actions during the Red Scare of the 1920s. But when the brilliant, hard-

nosed investigator Miranda Keller is sent to stop the bombings, she uncovers an unimaginable occult conspiracy, one that may cost her both her job and her sanity. From writer Mark Sable (WAR ON TERROR: GODKILLERS, Graveyard of Empires) and artist Giorgio Pontrelli (Dylan Dog), MISKATONIC is a mix of historical crime fiction and Lovecraftian-horror that dives deep into the American nightmare.
