Feminist Thought A Comprehensive Introduction Downloaded from archive.imba.com by guest

VANG ANTWAN

A More Comprehensive Introduction Routledge
Feminist Theory and Pop Culture synthesizes feminist theory with modern portrayals of gender in media culture. This comprehensive and interdisciplinary text

includes an introductory chapter written by the editor as well as nine contributor chapters of original content. Included in the text: • Historical illustration of feminist theory • Application of feminist research methods for the study of gender • Feminist theoretical perspectives such as the male gaze, feminist standpoint

theory, Black feminist thought, queer theory, masculinity theory, theories of feminist activism and postfeminism • Contributor chapters cover a range of topics from Western perspectives on Belly Dance classes to television shows such as GIRLS, Scandal and Orange is the New Black,

as well as chapters which discuss gendered media forms like “chick lit”, comic books and Western perspectives of non-Western culture in film • Feminist theory as represented in the different waves of feminism, including a discussion of a fourth wave • Pedagogical features • Suggestions for further reading on topics covered • Discussion questions for classroom use Feminist Theory and Pop Culture was designed for classroom use and has been written with an eye

toward engaging students in discussion. The book’s polished perspective on feminist theory juxtaposes popular culture with theoretical perspectives which have served as a foundation for the study of gender. This interdisciplinary text can serve as a primary or supplemental reading in undergraduate or graduate courses which focus on gender, pop culture, feminist theory or media studies. “This excellent anthology grounds feminism as articulated through four

waves and features feminists responding to pop culture, while recognizing that popular culture has responded in complicated ways to feminisms. Contributors proffer lucid and engaging critiques of topics ranging from belly dancing through Fifty Shades of Grey, Scandal and Orange is the New Black. This book is a good read as well as an excellent text to enliven and inform in the classroom.” Dr. Jane Caputi Professor of Women, Gender and Sexuality Studies and

Communication & Multimedia at Florida Atlantic University
“Feminist Theory and Pop Culture is destined to be as popular as the culture it critiques. The text plays up the paradoxes of contemporary feminism and requires its readers to ask difficult questions about how and why the popular bring us pleasure. It is a contemporary collection that captures this moment in feminist time with diverse analyses of women’s representations across an impressive swath of

popular culture. Feminist Theory and Pop Culture is the kind of text that makes me want to redesign my pop culture course. Again.” Dr. Ebony A. Utley, Assistant Professor of Communication at California State University-Long Beach, author of *Rap and Religion* Adrienne Trier-Bieniek, Ph.D. is a professor of sociology at Valencia College in Orlando, Florida. She is the author of *Sing Us a Song*, *Piano Woman: Female Fans and the*

Music of Tori Amos (Scarecrow 2013) and the co-editor of *Gender & Pop Culture: A Text-Reader* (Sense 2014).

A More Comprehensive Introduction University of Illinois Press
The Bloomsbury Handbook of 21st-Century Feminist Theory was a PROSE Award finalist. The Bloomsbury Handbook of 21st-Century Feminist Theory is the most comprehensive available survey of the state of the art of contemporary

feminist thought. With chapters written by world-leading scholars from a range of disciplines, the book explores the latest thinking on key topics in current feminist discourse, including:

- Feminist subjectivity – from identity, difference, and intersectionality to affect, sex and the body
- Feminist texts – writing, reading, genre and critique
- Feminism and the world – from power, trauma and value to technology, migration and community

Including insights from literary and

cultural studies, philosophy, political science and sociology, *The Bloomsbury Handbook of 21st-Century Feminist Theory* is an essential overview of current feminist thinking and future directions for scholarship, debate and activism.

[Radical Feminist Therapy](#)
Wiley-Blackwell
Focusing on the practical application of feminist theory to clinical experience, *Introduction to Feminist Therapy* provides guidelines to help therapists master

social action and empowerment techniques, feminist diagnostic and assessment strategies, and gender-role and power analyses to foster individual and social change. This guide is ideal for graduate students enrolled in a techniques of counseling course and practitioners who wish to incorporate feminist therapy into their current approach, including how to apply feminist therapy to both women and men and how to deal with the gender issues of both

sexes. Client/Therapist dialogues provide readers with examples of how each technique actually works in a therapeutic session. The text also provides case studies, coverage of ethical issues, and feminist assessment guidelines that show readers how to conduct a feminist assessment with and without using the DSM-IV-TR.

International Human Rights

Routledge
The changing face of feminist discourse as reflected by the career of one of its preeminent

scholars Figures of Resistance brings together the unpublished lectures and little-seen essays of internationally renowned theorist Teresa de Lauretis, spanning over twenty years of her finest work. Thirty years after the height of feminist theory, this collection invites us to reflect on the history of feminism and take a hard look at where it stands today. Selected essays include "Sexual Indifference and Lesbian Representation," "The Lure of the Mannish Lesbian," "Eccentric

Subjects," "Habit Changes," "The Intractability of Desire," and the unpublished article "Figures of Resistance." An introduction from feminist film scholar Patricia White provides an overview of the development of de Lauretis's thought and of feminist theory over past decades.

Feminism and the Contradictions of Oppression

Routledge
A classic resource on feminist theory, Feminist Thought offers a clear, comprehensive, and

incisive introduction to the major traditions of feminist theory, from liberal feminism, radical feminism, and Marxist and socialist feminism to care-focused feminism, psychoanalytic feminism, and ecofeminism. The fifth edition has been thoroughly revised, and now includes a new chapter on Third Wave and Third Space Feminism. Also added to this edition are significantly expanded discussions on women of color feminisms, psychoanalytic and care

feminisms, as well as new examinations of queer theory, LGBTQ and trans feminism. Learning tools like end-of-chapter discussion questions and the bibliography make *Feminist Thought* an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates.

Feminism is Queer John Wiley & Sons

The revised third edition of the text that combines classical and

contemporary theories of sociological theory. Thoroughly revised and updated, the third edition of an Introduction to Sociological Theory offers an in-depth introduction to classical and contemporary theories, and demonstrates their relevance to offer a clear understanding of a broad range of contemporary issues and topics. As with the previous editions, the text continues to combine carefully selected primary quotations from a broad range of theorists with extensive discussion and

illustrative examples from a diverse range of countries, helpful timelines of important and thematically relevant events, biographical notes, contemporary topic boxes, analytical photos, and chapter glossaries. The text addresses topics such as the persistence of economic and social inequality, Brexit, post-truth society, same-sex marriage, digital surveillance and the on-demand gig economy. Written in an engaging style, Introduction to Sociological Theory offers

a comprehensive introduction to the pluralistic breadth and wide-ranging applicability of sociological theory. This updated edition of the authoritative text: Contains both classical and contemporary theories in a single text Builds on excerpts from original theoretical writings with detailed discussion of the concepts and ideas under review Includes new examples of current empirical topics such as Brexit, Donald Trump's presidency, China's growing economic

power, global warming, intersectionality, social media, and much more Offers additional resources including a website that contains multiple choice and essay questions, a thoroughly refreshed set of PowerPoint slides for each chapter with multimedia links to content illustrative of sociological processes, a list of complementary primary readings, a quotation bank, and other background materials Written for undergraduate courses in contemporary and classical sociological

theory, the third edition of an Introduction to Sociological Theory continues to provide a comprehensive, in-depth, and empirically engaging, introduction to sociological theory.

Words of Fire Westview Press

Feminist Political Theory provides both a wide-ranging history of Western feminist thought and a lucid analysis of contemporary debates. It offers an accessible and thought-provoking account of complex theories, which it relates

to 'real-life' issues such as sexual violence, political representation, and the family. This timely edition has been thoroughly updated to incorporate the most recent developments in feminism and feminist scholarship throughout, in particular taking into account the impact of black and post-modern feminist thought on feminist political theory.

A Comprehensive Introduction to the Field Routledge

Feminist Theory Reader is an anthology of classic

and contemporary works of feminist theory, organized around the goal of providing both local and global perspectives.

Beyond Gender

Bloomsbury Publishing

A critical introduction to the major traditions of feminist theory, now with new considerations of existential feminism and a conclusion reflecting on the future of feminist theory.

From Margin to Center

Peter Lang

Collects essays and letters from African American feminists, addressing race and gender issues in the United States

Contemporary Feminist Theories Duke University Press

In this second edition of her 1989 survey on feminist theory, Rosemarie Tong provides a more comprehensive and substantially redrawn map of twentieth-century feminist thinking. Besides providing up-to-date

coverage of liberal, radical (libertarian and cultural), and Marxist-socialist schools of feminism, she covers psychoanalytic, existentialist, and postmodern feminism. All the chapters have been rethought and new chapters on ecofeminism and multicultural and global feminism have been added. In the clear-sighted and accessible style for which has become known, Tong guides the reader through the complexities of even the most notoriously difficult thinkers. Students

will become familiar with many of the essential figures in the feminist tradition as well as some of the issues that have been of special concern to women (e.g., pornography, reproductive technology, housework, the environment, and militarism). Moreover, students are repeatedly urged to consider the many differences that separate women (class, race, ethnicity, age, nationality, religion) as well as the sameness that continue to unite

women. Tong treats all views with respect and encourages the reader to think both sympathetically and critically about what feminism is and what relevance it has to their own lives. As valuable as the first edition of *Feminist Thought*, this second edition surpasses its predecessor in depth and breadth. Clearly, Tong believes that feminist thought is still developing even as it approaches the millennium.

Feminist Theory

Macmillan International Higher Education *Feminism and the Contradictions of Oppression* is a penetrating and comprehensive study of the development of feminism over the last thirty years. The first part of this major new textbook examines feminist theory and feminist political strategy. The second section examines how contradictions of class, race, subculture and sexuality divide women. The final part explores

ways out of the impasse. This level-headed and challenging book is one of the most notable contributions to feminism in recent years.

An Introduction to Feminist Philosophy

Westview Press

In spite of the double burden of racial and gender discrimination, African-American women have developed a rich intellectual tradition that is not widely known. In *Black Feminist Thought*, Patricia Hill Collins explores the words and ideas of Black feminist

intellectuals as well as those African-American women outside academe. She provides an interpretive framework for the work of such prominent Black feminist thinkers as Angela Davis, bell hooks, Alice Walker, and Audre Lorde. The result is a superbly crafted book that provides the first synthetic overview of Black feminist thought.

A Comprehensive Introduction to Political Thought

Routledge

Feminism is Queer is an

introduction to the intimately related disciplines of gender and queer theory. Whilst guiding the reader through complex theory, the author develops the original position of queer feminism, which presents queer theory as continuous with feminist theory. Whilst there have been significant conceptual tensions between second wave feminism and traditional lesbian and gay studies, queer theory offers a paradigm for understanding gender,

sex and sexuality that avoids the conflict in order to develop solidarity among those interested in feminist theory and those interested in lesbian and gay rights. An essential guide to anyone with an interest in gender or sexuality, this accessible and comprehensive textbook carefully explains nuanced theoretical terminology and provides extensive suggested further reading to provide the reader with full and thorough understanding of both disciplines.

An Introduction Feminist Thought A More Comprehensive Introduction A Comprehensive Introduction to Political Thought: Western and Non-Western Traditions familiarizes students with global political theories and perspectives. The book addresses Western and non-Western traditions of political thought, including a traditional emphasis on modern ideology such as liberal democracy. It also includes diverse traditions such as Confucianism in

modern China, feminist political thought, and pan-African political thought. This book demonstrates how political theories have emerged from evolving conditions and historical circumstances that continue to influence modern politics. Dedicated chapters explore the ideological principles of conservatism, liberalism, liberal democracy, Marxism, and social democracy. Additional chapters examine the political thought of Buddhism, Hinduism,

Taoism, ancient Roman republicanism, feudalism, Indigenous political thought, Machiavelli, modern republicanism, and the range of ideas that have defined the general science of politics. Students read about the origins of ideology, the political ideals of the Enlightenment, the emergence of democratic norms, and utilitarian methods, plus principles that have contributed to the introduction of socialism, populism, modernism, progressivism,

postmodernism, and other critical ideas that influence politics today. Developed to provide students with a diverse, expansive overview, A Comprehensive Introduction to Political Thought is an exemplary resource for courses and programs in political science and the overall study of politics, public policy, and government. **Feminist Thought** Edinburgh University Press
Origins and Traditions of Organizational Communication provides

a sophisticated overview of the fundamentals of organizational communication as a field of study, examining the field's foundations and providing an assessment of the field to date, explaining and demonstrating a communicational approach to the study of organization. It provides a set of literature reviews on focused topics written by experts in each area, and links organizational communication theory and research to practice. In reviewing foundational

management theory, the book analyzes how early to mid-20th-century management theories shaped contemporary organizations, providing students both with background knowledge of these foundational theories and an understanding of their influence on our thinking and our organizational world. Written at an accessible level for early graduate students, yet still sophisticated enough for doctoral students, the book is ideal for students and teachers of

organizational communication and communication history. Downloadable ancillary materials include chapter PowerPoints and a set of instructors' materials containing chapter abstracts, glossaries, discussion questions, annotated supplementary readings lists, and practitioners' corners. Please visit www.routledge.com/9781138570313.

French Feminist Theory

Routledge

Misogyny is a hot topic, yet it's often

misunderstood. What is misogyny, exactly? Who deserves to be called a misogynist? How does misogyny contrast with sexism, and why is it prone to persist - or increase - even when sexist gender roles are waning? This book is an exploration of misogyny in public life and politics by the moral philosopher and writer Kate Manne. It argues that misogyny should not be understood primarily in terms of the hatred or hostility some men feel toward all or most women. Rather, it's

primarily about controlling, policing, punishing, and exiling the "bad" women who challenge male dominance. And it's compatible with rewarding "the good ones," and singling out other women to serve as warnings to those who are out of order. It's also common for women to serve as scapegoats, be burned as witches, and treated as pariahs. Manne examines recent and current events such as the Isla Vista killings by Elliot Rodger, the case of

the convicted serial rapist Daniel Holtzclaw, who preyed on African-American women as a police officer in Oklahoma City, Rush Limbaugh's diatribe against Sandra Fluke, and the "misogyny speech" of Julia Gillard, then Prime Minister of Australia, which went viral on YouTube. The book shows how these events, among others, set the stage for the 2016 US presidential election. Not only was the misogyny leveled against Hillary Clinton predictable in both quantity and quality,

Manne argues it was predictable that many people would be prepared to forgive and forget regarding Donald Trump's history of sexual assault and harassment. For this, Manne argues, is misogyny's oft-overlooked and equally pernicious underbelly: exonerating or showing "himpathy" for the comparatively privileged men who dominate, threaten, and silence women. I Theorists, Concepts, and their Applicability to the Twenty-First Century The New Press

Contemporary Feminist Theories was inspired by a dissatisfaction with existing introductions, which often fail to fully track change and capture diversity within feminist thought. The volume draws on the expertise of a range of Western feminists in order to reflect the breadth of feminist theory as well as shifts within it. Each chapter maps the development of feminist thought in a particular area over time, and suggests future directions.
