Issues and Perspectives Routledge
Property law is concerned with a wider variety of rights, obligations and interests than most other areas of law, and can prove daunting to those studying the subject for the first time. Commonwealth Caribbean Property Law sets out in a clear and concise manner the central principles of the law of real property in the region, in order to guide students through this often complex core subject area. In this new edition, the book has been fully revised and updated to include important new case law from the various Caribbean jurisdictions and an expanded appendix of working documents. With comprehensive coverage of the main topics studied by undergraduates, such as Leases, Co-Ownership, Restrictive Covenants, Easements, Mortgages, and Land Sale, this textbook is essential reading for LLB students in Caribbean universities and students on CAPE Law courses. The extensive coverage of land law from a Caribbean perspective and analysis of the substantive laws of several jurisdictions will also make this text an invaluable reference tool for practitioners.

The Commonwealth Routledge
Now in its third edition, Commonwealth Caribbean Business Law continues to break away from the traditional English approach of treating business law primarily as the law of contract and agency. Taking a panoramic view, it

explores the foundation of various legal systems before examining areas of legal liability that affect business activities. These include areas such as contract law, tort law, criminal law, agency and internet law which present significant challenges confronting the business sector. The book primarily targets the development of business law principles in several Caribbean Commonwealth jurisdictions but, where appropriate, also embraces the jurisprudence of other Commonwealth nations, such as the United Kingdom, Canada and Australia. It also explores the United States as a non-Commonwealth jurisdiction, given the increasing importance in the Caribbean of judicial pronouncements relating to internet law from this territory. Using excerpts from key judgments, the book allows students, particularly those with a non-legal background, to understand key legal principles for business as presented by the judiciary and draws parallels between legal theory and business practice.

husband, wife and cohabitant Routledge
In the last twenty five years, company law in the Commonwealth Caribbean has undergone dramatic changes, from a model influenced by English law to a new, harmonised collection of regional legislation based on the Caricom and CLI model Acts that vary substantially across Caricom member states. The variation within Caribbean company law presents an enormous challenge, both in terms of the breadth of the subject and in addressing the difference in provisions of one state's Company Law Act as opposed to another. Using the Caricom model Act and CLI model Act as a basis for its structure, Commonwealth

Caribbean Company Law examines and compares regional implementation of company law in an accessible and comprehensive manner that will be invaluable to students and practitioners in the region.

Unemployment and Related Problems in the Commonwealth Caribbean Routledge

Sports Law has quickly developed into an accepted area of academic study and practice in the legal profession globally. In Europe and North America, Sports Law has been very much a part of the legal landscape for about four decades, while in more recent times, it has blossomed in other geographic regions, including the Commonwealth Caribbean. This book recognizes the rapid evolution of Sports Law and seeks to embrace its relevance to the region. This book offers guidance, instruction and legal perspectives to students, athletes, those responsible for the administration of sport, the adjudication of sports-related disputes and the representation of athletes in the Caribbean. It addresses numerous important themes from a doctrinal, socio-legal and comparative perspective, including sports governance, sports contracts, intellectual property rights and doping in sport, among other thought-provoking issues which touch and concern sport in the Commonwealth Caribbean. As part of the well-established Routledge Commonwealth Caribbean Law Series, this book adds to the Caribbean-centric jurisprudence that has been a welcome development across the region. With this new book, the authors assimilate the applicable case law and legislation into one location in order to facilitate an easier consumption of the legal scholarship in this increasingly important area of law.

Commonwealth Caribbean Property Law

Bloomsbury Publishing
Commonwealth Caribbean Administrative Law comprehensively explores the nature and function of administrative law in contemporary Caribbean society. It considers the administrative machinery of Caribbean States; Parliament, the Executive and the Judiciary. It then examines the basis for judicial review of executive and administrative action in the Caribbean by looking at the statutory provisions that underpin this and the plethora of case law emerging from the region. The book will also look to how the courts in the Commonwealth Caribbean have sought to define principles of administrative law. This book will also consider the alternative methods by which the rights of citizens are protected, including the use of tribunals and inquiries, as well as looking forward to the increasingly significant role of Caribbean Community law and bodies such as CARICOM and the OECS.

Commonwealth Caribbean Family Law
Routledge

This book sets out in a clear and concise manner the central principles of insurance law in the Caribbean, guiding students through the complexities of the subject. This book features, among several other key themes, extensive coverage of: insurance regulation; life insurance; property insurance; contract formation; intermediaries; the claims procedure; and analysis of the substantive laws of several jurisdictions. Commonwealth Caribbean Insurance Law is essential reading for LLB students in Caribbean universities, students in CAPE Law courses, and practitioners.

Routledge

Education in the Commonwealth

Caribbean and Netherlands Antilles provides a contemporary survey of education development and key educational issues in the region. The chapters cover: Anguilla, Antigua and Barbuda, the Bahamas, Barbados, Belize, Bermuda, the British Virgin Islands, the Cayman Islands, Dominica, Grenada, Guyana, Jamaica, the Netherlands Antilles (Aruba, Bonaire, Curacao, Saba, Saint Eustatius and Saint Maarten), Montserrat, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines, Surinam, Trinidad and Tobago, and the Turks and Caicos Islands. The book includes discussions of the impact of local, regional and global occurrences, including social, political and geographical events, on education systems and schooling in the region. As a whole, the book provides a comprehensive reference resource for contemporary education policies in the Caribbean, and explores some of the problems these countries face during the process of development. It is an essential reference for researchers, scholars, international agencies and policy-makers at all levels.

Work and Employment Security in the Commonwealth Caribbean Routledge Reader intended to stimulate thinking about the future direction of national and regional labour policies, with a view to good governance in terms of participation, transparency, credibility and accountability. Includes case studies from a number of Caribbean countries as well as ILO contributions by S.J.

Goolsarran on labour administration and social dialogue, and an extract from "Labour inspection: a guide to the profession", by W. von Richthofen.

Civil Service Associations & Unions in the Commonwealth Caribbean

Commonwealth Caribbean Employment

and Labour Law

The first textbook to address land law as it relates to the Commonwealth Caribbean, it encompasses all areas covered in an undergraduate course on the law of real property in the Caribbean. Primary and secondary source material on the law of property in the whole of the Commonwealth Caribbean is made easily and readily accessible to law students and legal practitioners.

Statutory provisions from all States are discussed in relation to each topic and the similarities and differences are highlighted. Extensive discussion and analysis of the decisions of the courts in the region are also included alongside an in-depth analysis and critical discussion of English case law that is relevant to the Caribbean. The examination of whether or not English case law should be followed in the region is relevant and interesting to anyone studying or practising law in other Commonwealth jurisdictions. Essential reading for undergraduate law students in the Caribbean, this text will also prove useful to those studying for the certificate of proficiency in the practice of law in the Commonwealth Caribbean, while the footnote references to statutory provisions are an invaluable aid to any researcher of Caribbean land law.

Commonwealth Caribbean Public Law Routledge

Youth Work in the Commonwealth: A Growth Profession establishes a baseline to inform the planning and implementation of initiatives to professionalise youth work in Commonwealth member countries. The study was conducted in 35 countries in the Africa, Asia, the Caribbean/Americas, Europe and Pacific regions. It catalogues the extent to which the youth work profession is formally recognised in

these countries and examines the qualities and rights-based ethos of the various forms of youth work promoted and practised in the Commonwealth. The report aims to help countries learn from good practices, and assess gaps in establishing youth work as a recognised profession in diverse contexts.

Increasingly, personnel administrative duties within schools have been delegated to the local school principal. This accessible book arms school leaders with the knowledge and skills required to be an effective human resources leader and shows them how to fold these additional duties seamlessly into their daily routines. This practical resource provides school administrators with guidance on personnel selection, growth and development, orientation and placement, school climate, legal processes, leadership for classified staff and other important human resources processes. Special Features:

- Grounded in extensive research and interviews with practicing principals
- Provides a wealth of examples, strategies, tips, and best practices for leading the human resources function at the school level
- Chapter exercises and case studies explore the skills and knowledge needed for effective human resource leadership
- Details the significance of developing a positive school climate
- Legal aspects of human resources administration are made digestible and understandable

Report CRC Press

The establishment of the Caribbean Court of Justice sees the countries of the Commonwealth Caribbean at an important and exciting judicial crossroads. Debate, often acrimonious, continues over the abolishment of ties to the Judicial Committee of the Privy

Council and, increasingly those influencing the debate are a more educated and articulate Caribbean people, insisting on proper governance of the area's public bodies. This new book analyzes judicial review, a mechanism for achieving public justice, through emerging case law in the hope that it will cast light on the jurisprudential evolution of Caribbean society in the twenty-first century. Bringing together cases and materials on judicial review in the Caribbean for the first time, this book examines what judicial review is, before going on to discuss the grounds, obstacles and conduct within the judicial review process. It concludes by examining the future of judicial review and justice more generally in the Caribbean. Legal professionals in the Caribbean will find it a useful and comprehensive reference tool.

Commonwealth Caribbean Criminal Practice and Procedure Transaction Publishers

Tort law is a subject of primary importance in the study and practice of the common law in Caribbean jurisdictions. This work is now well established as the leading text on tort law in the region, and this fifth edition has been updated throughout to incorporate developments in law and legal thinking, including special contributions on medical negligence and the misuse of private information from the Hon Justice Roy Anderson and Dr Vanessa Kodilinye. The accessible writing style and integration of up-to-date material enables students to grasp the salient points and develop a thorough understanding of Tort Law in the Caribbean. Although conceived primarily as a text for the LLB degree courses in Caribbean universities,

Commonwealth Caribbean Tort Law is also essential reading for students preparing for the CAPE Law examinations and the various paralegal courses in the region. Legal practitioners will find the book useful as a work of ready reference, and it will also be of interest to those business executives, industrialists, insurance agents and journalists who require some knowledge of this most important area of the law.

The Principal as Human Resources

Leader Commonwealth Secretariat
Regional trade agreements have expanded exponentially over the past decade, and have become a significant, if controversial, factor in the expanse of economic globalization. Social Regionalism in the Global Economy attempts to take a fresh, interdisciplinary approach to addressing labour regulation by drawing upon insights from industrial relations, comparative capitalism, and new governance schools of thought. It stands for the proposition that an interdisciplinary study of regional regulation holds the potential to offer a fuller account of social regionalism. Its focus is to consider how institutions and labour market actors reconstruct and renegotiate regulatory space in a changing economic environment characterized by regional impulses. It argues that there is a dynamic interplay between institutions and actors of social regulation. This interplay occurs at many levels. The book therefore maps both how actors shape institutions as well as how institutions shape social actors' ability to affect regulatory processes. The editors bring together leading international specialists willing to move beyond textual analyses of regional agreements to offer alternative accounts of regional integration. The work

emphasizes that institutional context and social actors at multiple governance levels are integral to the progressive construction and regulation of regional space. It further contributes to the literature by combining insights from overlooked regional entities in transition and developing countries with original analyses from the European Union and the NAFTA. These aims will be achieved by combining original research that is empirically grounded with theoretically informed analysis.

Commonwealth Caribbean Insurance Law Routledge

The modern British Commonwealth, linking fifty countries around the world in voluntary association, cooperation, and consultation, is a unique body in world history. The area of its member countries covers a third of the globe and collectively their peoples represent a quarter of the world's total population. Though essentially different from the British Empire from which it originated, the Commonwealth shares many common historical ties with Britain. Patricia M. Larby and Harry Hannam have assembled an unrivaled body of literature to illustrate the growth of the Empire into the Commonwealth. This extensive bibliography identifies, lists, and annotates the most important publications on the development and growth of the Commonwealth; its present status and functions; and its role in education, literature, sport, and the arts and sciences. It includes its historical origins: its cooperation in economics, politics, and international issues such as the environment; and its many spheres of professional activity including medicine, law, and architecture. Strong emphasis is placed on the role of the English language in the Commonwealth and as a medium for

creative literature in many disparate cultures worldwide. "The Commonwealth "appears at a time when this unique organization is on the threshold of a new era in its history. The proposals emerging from the 1991 Commonwealth Heads of Government meeting include statements on democracy and human rights; environmental affairs; and global concerns such as international crime, drug abuse, and AIDS. No previous comprehensive bibliography of the Commonwealth exists, and this volume fills a long-standing gap in the bibliographical coverage. It will be an essential reference source for libraries and scholars involved in Commonwealth studies and will be of particular interest to historians, political scientists, economists, and educators.

Commonwealth Caribbean Business Law Bloomsbury Publishing

Focusing on Barbados, Trinidad and Tobago, Jamaica, and Guyana, Professor Hope examines the determinants and socioeconomic consequences associated with urban population growth. He documents demographic trends in the region, examines government policies that inadvertently encourage urbanization, and discusses the effects of too-rapid growth on urban

Rethinking Free Trade, Economic Integration and Human Rights in the Americas Psychology Press

The law of trusts is a subject of considerable importance in the Commonwealth Caribbean. Traditional areas, such as testamentary trusts, resulting and constructive trusts, and charitable trusts, are now fully incorporated into the mainstream substantive law of the region, while the principles associated with offshore trust regimes are constantly expanding and developing. This book has been updated

to reflect new case law and legislation, and to highlight recent trends relating to both traditional and offshore trusts.

Collective Bargaining in Professional Sports Bloomsbury Publishing

"Taking a critical look at the major areas of constitutional and administrative law, Commonwealth Caribbean Public Law places a firm emphasis on the protection of citizens' rights and good governance. The third edition of this book builds on the success of the previous two editions, setting out the established legal principles through Caribbean cases, along with critique and commentary of the law where appropriate.

Contemporary issues and changes in Caribbean public law are addressed; these include the refining of the rules governing judicial review, recent cases dealing with the death penalty, and the likely impact of CARICOM initiatives on the rights of citizens." --Book Jacket.

The Labour Force in the Commonwealth Caribbean Routledge

Commonwealth Caribbean Employment and Labour Law Routledge

Commonwealth Caribbean Company Law Routledge

This monograph offers the first systematic overview of the protection of human rights in trade agreements in the Americas. Traditionally, trade agreements in the Americas were concerned with economic questions and paid little attention to human rights. However, in the wake of the 'new regionalism', which emerged at the end of the last century, more clauses addressing social issues such as labour rights and environmental standards were inserted in trade agreements. As economic integration increased, a framework for the protection of human rights evolved. This book argues that this framework allows for human rights

protection on a transnational level, while constructing regional identities. Looking at the four key regional integration processes, namely the Caribbean Community, the Central American Integration System, the Andean Community of Nations and the Southern Common Market, and also at the North

American Free Trade Agreement, it shows how the integration process has reached a considerable degree of consolidation. Written in English for the first time, this book will be essential reading for all free trade and human rights scholars.
