### **The Discourses and Other Political Writings**

Cambridge University Press

This substantially revised new edition of Rousseau: The Basic Political Writings features a brilliant new Introduction by David Wootton, a revision by Donald A. Cress of his own 1987 translation of Rousseau's most important political writings, and the addition of Cress' new translation of Rousseau's *State of War*. New footnotes, headnotes, and a chronology by David Wootton provide expert guidance to first-time readers of the texts.

*The Social Contract*  
Broadview Press

This book is intended as an equivalent to or substitute for that "more reflective reading" which Rousseau considered essential to an understanding of his ideas. It is designed to complement perusal of

the texts themselves, and the arrangement is such that chapters on each of Rousseau's major writings can be consulted separately or the commentary may be read through in sequence. The author's purpose is not to present a "key" to Rousseau's political philosophy, but rather to explore the works themselves in an effort to reveal Rousseau's "system," from which the reader may then draw his own conclusions.

Originally published in 1976. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by

Princeton University Press since its founding in 1905.

*Jean-Jacques Rousseau: Fundamental Political Writings* Penguin

This classroom edition includes *On the Social Contract*, the *Discourse on the Sciences and the Arts*, the *Discourse on the Origins of Inequality*, and the *Preface to Narcissus*. Each text has been newly translated and includes a full complement of explanatory notes. The editors' introduction offers students diverse points of entry into some of the distinctive possibilities and challenges of each of these fundamental texts, as well as an introduction to Rousseau's life and historical situation. The volume also includes annotated appendices that help students to explore the origins and influences of Rousseau's work, including excerpts from Hobbes, Pascal, Descartes, Mandeville, Diderot, Voltaire, Madame de Staël, Benjamin Constant, Joseph de Maistre, Kant, Hegel, and Engels.

[Locke: Political Writings](#)

## UPNE

Unabridged English value reproduction of *On The Social Contract* by Jean-Jacques Rousseau and translated by G. D. H. Cole. It's publication in 1762 lead to great discussion about 'what is government' on both sides of the Atlantic, and is still essential reading today. How much government is too much? What rights should be given up for government? It is the *Social Contract* which is the foundational discussion on these topics. Find out in this thought provoking book provided to the reader in a slim volume with the full text at an affordable price.

*The Basic Political Writings* New York : W.W. Norton

Here are *The Prince* and the most important Discourses, newly translated into spare, vivid English by one of the most gifted historians of his generation. Why a new translation? "Machiavelli was never the dull, worthy, pedantic author who appears in the pages of other translations", says David Wootton in his Introduction. "In the pages that follow I have done my best to let him speak in his own voice." (And indeed, Wootton's

Machiavelli literally does so when the occasion demands: Renderings of that most problematic of words, virtù, are in each instance followed by the Italian). Notes, a map, and an altogether remarkable Introduction, no less authoritative for being grippingly readable, help make this edition an ideal first encounter with Machiavelli for any student of history and political theory.

**The Essential Rousseau**

Alpha Edition

Published between 1762 and 1765, these writings are the last works

Rousseau wrote for publication during his lifetime. Responding in each to the censorship and burning of *Emile* and *Social Contract*, Rousseau airs his views on censorship, religion, and the relation between theory and practice in politics. *The Letter to Beaumont* is a response to a Pastoral Letter by Christophe de Beaumont, Archbishop of Paris (also included in this volume), which attacks the religious teaching in *Emile*. Rousseau's response concerns the general theme of the relation between reason and revelation and contains his most explicit and boldest discussions of the Christian doctrines of creation, miracles, and original sin. In *Letters Written from the Mountain*, a response to the political crisis in Rousseau's homeland of Geneva caused by a dispute over the burning of his works, Rousseau extends his discussion of Christianity and shows how the political principles of the *Social Contract* can be applied to a concrete constitutional crisis. One of his most important statements on the relation between political philosophy and political practice, it is

accompanied by a fragmentary "History of the Government of Geneva." Finally, "Vision of Peter of the Mountain, Called the Seer" is a humorous response to a resident of Motiers who had been inciting attacks on Rousseau during his exile there. Taking the form of a scriptural account of a vision, it is one of the rare examples of satire from Rousseau's pen and the only work he published anonymously after his decision in the early 1750s to put his name on all his published works. Within its satirical form, the "Vision" contains Rousseau's last public reflections on religious issues. Neither the Letter to Beaumont nor the Letters Written from the Mountain has been translated into English since defective translations that appeared shortly after their appearance in French. These are the first translations of both the "History" and the "Vision." *The Political Writings of Jean Jacques Rousseau* Simon and Schuster

The work of Jean-Jacques Rousseau is presented in two volumes, together forming a comprehensive anthology of Rousseau's political writings in English. This second

volume contains the earlier writings such as the First and Second Discourses, the publication of which signalled the power and challenge of Rousseau's thinking. Rousseau's influence was wide reaching and has continued to grow since his death: major landmarks in world history, such as the American and French Revolutions, were profoundly affected by Rousseau's writing, as were cultural and intellectual movements such as Romanticism and Idealism. This volume, like its successor, contains a comprehensive introduction, chronology and guide to further reading and will enable students to obtain a full understanding of the writings of one of the world's greatest thinkers. *The Social Contract and Discourses* Princeton University Press

The work of Jean-Jacques Rousseau is presented in two volumes, together forming the most comprehensive anthology of Rousseau's political writings in English. Volume II contains the later writings such as The Social Contract and a selection of Rousseau's letters on important

aspects of his thought. The Social Contract has become Rousseau's most famous single work, but on publication was condemned by both the civil and the ecclesiastical authorities in France and Geneva. Rousseau fled and it is during this period that he wrote some of his autobiographical works as well as political essays such as *On the Government of Poland*. This 1997 volume, like its predecessor, contains a comprehensive introduction, chronology and guide to further reading, and will enable students to obtain a full understanding of the writings of one of the world's greatest thinkers. [Discourse on the Origin of Inequality](#) Createspace Independent Publishing Platform

John Locke's Second Treatise of Government (c. 1681) is perhaps the key founding liberal text. A Letter Concerning Toleration, written in 1685 (a year when a Catholic monarch came to the throne of England and Louis XVI unleashed a reign of terror against Protestants in France), is a classic defense of religious freedom. Yet many of Locke's other writings--not least the Constitutions of Carolina,

which he helped draft--are almost defiantly anti-liberal in outlook. This comprehensive collection brings together the main published works (excluding polemical attacks on other people's views) with the most important surviving evidence from among Locke's papers relating to his political philosophy. David Wootton's wide-ranging and scholarly Introduction sets the writings in the context of their time, examines Locke's developing ideas and unorthodox Christianity, and analyzes his main arguments. The result is the first fully rounded picture of Locke's political thought in his own words.

*Rousseau: The Discourses and Other Early Political Writings* HarperCollins Publishers

The basic political writings of Rousseau, including A Discourse On The Moral Effects Of The Arts And Sciences A Discourse On Political Economy The Social Contract Or Principles Of Political Right

*POLITICAL WRITINGS OF JEAN JACQUES ROUSSEAU*, Manchester University Press

This title presents an overview of Rousseau's work from a political

science perspective. Was the great theorist of the French Revolution really a conservative? The text argues that the author of 'The Social Contract' was a constitutionalist closer to Montesquieu and Locke than to revolutionaries.

The Political Writings of Jean Jacques Rousseau, Ed. from the Original Manuscripts and Authentic Editions University of Chicago Press

This new edition features a revision by Donald A. Cress of his bestselling 1987 translation of *On the Social Contract* together with Introduction, footnotes, and chronology by David Wootton, one of our leading historians of the Enlightenment.

**Basic Political Writings** Hackett Publishing

The searing indictment of man-made inequality in all its many forms that Rousseau offers in *Discourse on Inequality* is a must-read for philosophy buffs and supporters of social justice. This artfully composed argument sets forth the core elements of Rousseau's philosophical views, including his unique take on Hobbes' concept of nature and natural law.

Rousseau: 'The Social Contract' and Other Later

Political Writings Cambridge University Press

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

**Social Contract**

Cambridge University Press

This substantially revised new edition of *Rousseau: The Basic Political Writings* features a brilliant new Introduction by David Wootton, a revision by Donald A. Cress of his own 1987 translation of Rousseau's most important political writings, and the addition of Cress' new translation of Rousseau's *State of War*. New footnotes, headnotes, and a chronology by David Wootton provide expert guidance to first-time readers of the texts.

*The Essential Writings of Jean-Jacques Rousseau* Univ of Wisconsin Press  
Frederick Watkins' 1953 edition of Rousseau's *Political Writings* has long

been noted for being fully accurate while representing much of Rousseau's eloquence and elegance. It contains what is widely regarded as the finest English translation of *The Social Contract*, Rousseau's greatest political treatise. In addition, this edition offers the best available translation of the late and important *Government of Poland* and the only published English translation of the fragment *Constitutional Project for Corsica*, which, says Watkins, provides the clearest possible demonstration of the practical implications of Rousseau's political thought.

**Selected Political Writings** Arcturus

Publishing *Basic Political Writings*, written by legendary author Jean-Jacques Rousseau, is widely considered to be one of the greatest classic texts of all time. This great classic will surely attract a whole new generation of readers. For many, *Basic Political Writings* is required reading for various courses and curriculums. And for others who simply enjoy reading timeless pieces of

classic literature, this gem by Jean-Jacques Rousseau is highly recommended. Published by Classic Books International and beautifully produced, *Basic Political Writings* would make an ideal gift and it should be a part of everyone's personal library.

**The Political Writings of Jean Jacques Rousseau, Ed. from the Original Manuscripts and Authentic Editions**

Hackett Publishing In *The Social Contract*, Rousseau wrote one of the most influential studies ever made. It is as relevant today as when it was first published more than 250 years ago. Political society, Rousseau argued, required each individual to submit their personal desires to the 'general will'. At the same time, there was no 'divine right' of the monarchy to allow them to act as they pleased. Therefore, there must be a social contract between governor and governed - the only truly legitimate form of government. Rousseau's ideas influenced both the French and American Revolutions and created the foundations of the liberal democratic

societies we live in today.

**The Political Writings Of Jean Jacques Rousseau Edited From The Original Manuscripts And Authentic Editions**

**With Introductions And Notes** Hackett Publishing In *Jean-Jacques Rousseau's Discourses on the Origin of Inequality*, he outlines his own history of the development of human society. He explains in general terms how the differences between social and economic classes arose alongside the formation of modern states. He also explores the means by which these inequalities were actually built into and perpetuated by the foundational notions of modern society and government. Rather than endorse a return to the peaceful ways of pre-modern human beings, Rousseau addresses these inequalities in his seminal work, *The Social Contract*. Rousseau does not see government as an inherently corrupting influence, and he makes very clear and precise recommendations about how the state can and should protect the equality and character of its citizens.
