Do you wonder if you have an important call with destiny? That you have been selected for something? A cause of a higher purpose? Well you have been chosen and the why, when, where and how is the subject of this book. Explore Your Destiny is divided into four sections. Each section supplies one more piece of the puzzle for you to place, so you can look at your life's arc with new insights. 1. Why - Why are we here and why must we live what we are living through right now? It's the age old expression, that we all say at one time or another, "Why me?" Well there is a reason and it will be explained to you. 2. When - In what period along your souls timeline is all of this happening? Yes, there is a greater context of your soul, which you may not be aware of. Knowing your relative position in the path to perfection will guide you to understanding your current life. 3. How - How does all of this occur? How does the entire process affect your destiny and actions? What are the rules of the game? Knowing the structure and comprehending the basic laws that direct your life provides you with a point of view that will put everything into perspective. 4. Where - Where is this world that plans our destiny? Are there good places to be and are there bad? Where does the earth fit into the

logical structure? You will see where the regions that you are striving to attain are and where you may be living in your not-to-distant future.

Following this pattern - STABILITY, VISION, and BALANCE - or what we call, The Intentional Living Cycle, enables you to reach new heights that you never thought possible! We encourage you to heed this call to action and take charge of your life today! The authors readily admit that they have a bias for action (an effect of their military service) with an aggressive approach to problem-solving of "Ready, Fire, Aim, Fire!" Don't take our word for it -- go to the website, look inside the book, and it will be readily apparent! IF YOU GIVE THIS BOOK AN EARNEST TRY, YOU WILL BE SUCCESSFUL!

In Stop Sabotaging Your Life: 3 Steps To Your Full Potential, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment

through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that." —Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential." —Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." —Blaine *Moving the Needle Our Peaceful Family*

*My Overdue Book*: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life

without a filter! Readers across generations will share and co-experience numerous real life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer, the grammy awards

The road to success can be a long, arduous journey. It is a journey that needs a step-by-step, clearly defined strategy to arrive at the final destination. To accomplish this goal, Gary A. McAbee has laid out a series of success principles, carefully placed in a logical order, which can lead to greater success. These principles have been used consistently by many of the highest achievers in our society. If they can use these concepts to reach success, then they can also be used by everyone to achieve victory. The book *Defining Success: One Word at a Time* starts with defining and visualizing the end result: victory. From there, concepts like faith, passion, knowledge, and patience are introduced to the reader as building blocks toward success. Finally, the book ends with an all-encompassing definition of success. This definition, like all of the success keywords before it, includes the previous concepts outlined in this book. Projects, known as Call-to-Action exercises, are located throughout the book as samples that can be used to supplement the success keywords. In essence, these exercises serve as written examples that allow the reader to work toward success. By completing projects such as *The Success Book*, *Goal Worksheet*, and *Define Your Success*, the success keywords and the concepts associated with them come to life. *Defining Success: One Word at a Time* serves as a road map to success. Make no mistake about it; the road to success can be daunting. Yet this book, along with the teachings and exercises it contains, is the ultimate guide to producing greater results. It is a guide book to reach the ultimate goal: success!

Do you ever feel burned out, beat up, or just plain bored, wondering, "Is this all there is?" Do you ever feel trapped in a stressful job that leaves you unhappy and unsatisfied? Do you ever question if you're doing what you're supposed to be doing—if you're fulfilling your life's purpose? If so, you are not alone.
