The essays in this volume explore the field of contrastive rhetoric—the study of how a person's first language (L1) and culture influence the acquisition of another language. Contrastive rhetoric encourages inquiry into various levels of discourse and text, examining the conventions and rhetorical structures of L1 and their influence on the use of another language. It also studies the cognitive dimensions of transfer in relation to both writing and speech. The four sections of this volume—focusing on writing and translation, diglossia, second language acquisition, and pragmatics—cover a broad spectrum of studies in the field of contrastive rhetoric, with essays by some of its leading scholars from Cyprus, Egypt, Hong Kong, Jordan, Tunisia, Turkey, the United Kingdom, and the United States. The collection will be invaluable to language teachers, students of applied linguistics, and anyone interested in second language acquisition and related issues. Contributors: Nahwat El Arousy, Reem Bassiouney, Ulla Connor, Mohammed Farghal, Ola Hafez, Martin Harfmann, Julide Inozu, Georgette Ioup, Mona Kamel Hassan, Miranda Lee, Zuhal Okan, Mona Osman, Andreas Papapavlou, Paul Stevens, Hulya Yumru, Izzedin al-Zou'bi.

In a compact, easy-to-use format, Modern Standard Arabic Grammar offers a convenient guide to grammar for any student of Modern Standard Arabic (MSA), the version of Arabic mostly commonly used in journalism, formal writing, and literature. Drawing on over a decade of experience as a full-time teacher of Arabic, Azza Hassanein explains the rules in straightforward English, illustrating usage with examples throughout. The book covers all the rules of grammar and morphology that students require for elementary, intermediate, and advanced levels of Arabic. As a compact guide, it is an ideal auxiliary, no matter what textbook the student is using. While students of the language will find Modern Standard Arabic Grammar extremely helpful, it is also a valuable tool for linguists who want to acquire a clear idea about the skeletal structure of the language, as well as translators who are working with written Arabic. Covering all the important grammatical rules of MSA, from nisba adjectives and nominal and verbal sentences to more complex constructions such as conditional sentences and the subjunctive, this unique handbook fills a real need for the growing number of people worldwide learning Arabic.

Arabic Stories for Language Learners—a language learning experience for beginner to intermediate students of the Arabic language. The
traditional stories of a country are invaluable at providing insight into understanding the culture, history and language of a people. A great way to learn Arabic, the sixty-six stories found in Arabic Stories for Language Learners present the vocabulary and grammar used every day in Arabic-speaking countries. Pulled from a wide variety of sources that have been edited and simplified for learning purposes, these stories are presented in parallel Arabic and English, facilitating language learning in the classroom and via self-study. Each story is followed by a series of questions in Arabic and English to test comprehension and encourage discussion.

Arabic Stories for Language Learners brings Arab culture to life colorfully and immediately. Regardless of whether or not you have a working knowledge of Arabic, this book gives readers a tantalizing introduction to the wisdom and humor of these ancient desert-dwelling peoples. The downloadable in audio helps students of Arabic improve their pronunciation and inflection, and immerses non-students into the uniquely Arabic storytelling style.

Dar Al Kotob Al Ilmiyah
A rigorous study of the problem of evil in Islamic theology Like their Jewish and Christian co-religionists, Muslims have grappled with how God, who is perfectly good, compassionate, merciful, powerful, and wise permits intense and profuse evil and suffering in the world. At its core, The Problem of Evil in
Islamic Theology explores four different problems of evil: human disability, animal suffering, evolutionary natural selection, and Hell. Each study argues in favor of a particular kind of explanation or justification (theodicy) for the respective evil. Safaruk Chowdhury unpacks the notion of evil and its conceptualization within the mainstream Sunni theological tradition, and the various ways in which theologians and philosophers within that tradition have advanced different types of theodicies. He not only builds on previous works on the topic, but also looks at kinds of theodicies previously unexplored within Islamic theology, such as an evolutionary theodicy. Distinguished by its application of an analytic-theology approach to the subject and drawing on insights from works of both medieval Muslim theologians and contemporary philosophers of religion, this novel and highly systematic study will appeal to students and scholars, not only of theology but of philosophy as well.

The stories collected here are by leading authors of the short story form in the Middle East today. In addition to works by writers already wellknown in the West, such as Idwar al-Kharrat, Fu'ad al-Takarli and Nobel Prize winner Najib Mahfuz, the collection includes stories by key authors whose fame has hitherto been restricted to the Middle East. This bilingual reader is ideal for students of Arabic as well as lovers of literature who wish to broaden their appreciation of the work of Middle Eastern writers. The collection features stories in the original Arabic, accompanied by an English translation and a brief author biography, as well as a discussion of context and background. Each story is followed by a glossary and discussion of problematic language points. *Recommended*

#1 bestselling author and radio host Glenn Beck exposes the real truth behind the roots of Islamic extremism in Muslim teachings in this sharply insightful handbook that debunks commonly held assumptions about Islam and the dream of a renewed caliphate. From the barbarians of ISIS to the terror tactics of Al-Qaeda and its offshoots, to the impending threat of a nuclear Iran, those motivated by extreme fundamentalist Islamic faith have the power to endanger and kill. The conflict with them will not end until we face the truth about those who find their inspiration and justification in the religion itself. Drawing on quotes from the Koran and the hadith, as well as from leaders of ISIS, Al Qaeda, and the Muslim Brotherhood, Glenn Beck seeks to expose the true origins of Islamic extremism as well as the deadly theological motivations behind these agencies of destruction. Using the same unique no-holds-barred style from his bestselling books Control and Conform, Glenn Beck offers straight facts and history about the fundamental beliefs that inspire so many to kill.

This is the renewed and enlarged English version of a textbook developed at the University of Amsterdam, The Netherlands, which introduced many generations of students successfully to Modern Written Arabic. It is a sequel to the well-known kullu tamam!, on Egyptian Arabic, by the same authors. It focuses on the modern written language used in real life by providing short texts taken from Egyptian journals, newspapers, official statements, and the internet, and introduces personal and business letters, some of them offered in handwritten form (ruqca). For those who have studied kullu tamam!, the first lessons give contrastive word lists and exercises to make the link with colloquial Egyptian. Extensive pattern drills, translation exercises in both directions, and writing exercises help to understand and make active use of the
language. The key to the exercises, the Arabic-English and English-Arabic glossary, and the audio CD containing the texts will allow for classroom use as well as for self-study.

This volume marks a further step in the tedious but indispensable task, on which I have long been engaged, of providing materials for a history of Sufism, and more especially for the study of its development in the oldest period, beginning with the second and ending with the fourth century of Islam. A list of the titles known to us of mystical books written during these three hundred years would occupy several pages, but the books themselves have mostly perished, although the surviving remnant includes some important works on various branches of Sufistic theory and practice by leaders of the movement. IMPORTANT NOTE: This is a facsimile reprint of the original. The document has been tailored for better presentation however it may contain imperfections such as marks, notations, marginalia and flawed pages.
