The monster under the bed is real. In fact, all the monsters are real, as well as all the heroes and everything in between. All Fiction is real and lives in a place called Story. however, plenty of

Fiction hangs out in the Mortal world living both innocent and nefarious lives. This might not mean much to the average Mortal unaware of the Fictional characters living among them, but for The Last Scion - the only Mortal that can kill Fiction - things are about to become very complicated. Tessa Battle is that Mortal. And Story is long from done with Tessa no matter how much she would like to deny her destiny. With more than one monster chasing her and questionable allies like The Snow Queen and Robin Hood, Tessa is going to need all the superpowers he inherited just to stay alive. In fact, it may be a good thing that behind her back Stories call Tessa THE

The Holy Spirit is often portrayed as something "weird." But the Bible makes it clear that the Spirit is not something. He is someone—a Person who has promised to never leave your side. John Bevere invites you into a personal discovery of the most ignored and misunderstood Person in the Church: the Holy Spirit.

This massive authoritative Swahili dictionary, is the most definitive and comprehensive in

existence. It has taken a team of lexicographers and academics fourteen years to prepare, with the support of the Institute of Kiswahili Research in Dar es Salaam. The last comparable edition was in 1939, and was primarily intended to help the user to comprehend English texts. The dictionary records new words and meanings of words which the language has acquired since 1939; and provides lexicographical information needed by current dictionary users. There are more than 50,000 entries, with an attempt to give every English word an equivalent in Swahili, or otherwise a phrase; and the vocabulary covers both general and specialized

language. Guidance is provided on use and connotation, word formation and syntax, and derivatives and compounds of a headword are explicitly shown in each entry. The full information and arrangement given for each entry is: headword, homographs, wordclass, alternative spelling of a headword, cross-reference, gloss, definition, subject label, usage label, regional label, senses separated by numbers, illustrative examples, compounds, derivatives, and adjectival complementation. *Kenya Gazette* Indiana University Press

This is the sixth title in a series of titles

focussing on the oral literary tradition of various East African ethnic groups - the Maasai, the Embu and the Mbeere amongst others - published by EAEP. Okumba Miruka, particularly known for his contribution to oral literature in Kenya, sets out to contextualise his subject by first explaining about the Luo people and culture - from migratory patterns and economic activity to the concept of divinity, death, warfare and Luo cuisine and eating culture. He then approaches the oral literature of the Luo through the genres of riddles, proverbs, poetry and narratives. For each genre, he offers a general introduction, notes on style, convention,

performance and social function, and a wide range of samples, or 'primary texts' with commentaries.
