A powerful secret and a fresh approach to writing bestselling fiction! What's the best way to write a "next level" novel? Some writers start at the beginning and let the story unfold without a plan. They are called "pantsers," because they write by the "seat of the pants." Other writers plan and outline and know the ending before they start. These are the "plotters." The two sides never seem to agree with each other on the best approach. But what if it's not the beginning or the end that is the key to a successful book? What if, amazing as it may seem, the place to begin writing your novel is in the very middle of the story? According to #1 bestselling writing teacher James Scott Bell, that's exactly where you'll find your story's heart and heat. Bell's "Mirror Moment" is the secret, and its power is available to any writer, at any stage of the writing process. Bringing together years of craft study and personal discovery, Bell presents a truly unique approach to

writing a novel, one that will stand the test of time and serve you all your writing life. "I need three things before I tackle a new novel: Diet Coke, a laptop, and my dog-eared copies of James Scott Bell's books on writing craft!"- Kami Garcia, #1 NYT Times & International Bestselling author

Business Writing For Dummies Penguin
In their youth, Manni and Franzi, together with their brothers, Ziggy and Sebastian, captured Germany's collective imagination as the Flying Magical Loerber Brothers - one of the most popular vaudeville acts of the old Weimar days. The ensuing years have, however,

found the Jewish brothers estranged and ensconced in various occupations as the war is drawing near its end and a German surrender is imminent.

Manni is traveling through the Ruhr Valley with Albert Speer, who is intent on subverting Hitler's apocalyptic plan to destroy the German industrial heartland before the Allies arrive; Franzi has become inextricably attached to Heinrich Himmler's entourage as astrologer and masseur; and Ziggy and Sebastian have each been employed in pursuits that threaten to compromise irrevocably their own safety and ideologies. Now, with the Russian noose tightening around Berlin and the remnants of the Nazi government fleeing north to Flensburg, the Loerber brothers are unexpectedly reunited. As Himmler and Speer vie to become the next Führer, deluded into believing they can strike a bargain with Eisenhower and escape their criminal fates, the Loerbers must employ all their talents -- and whatever magic they possess -- to rescue themselves and one another. Deftly written and darkly funny, *Germania* is an astounding adventure tale

-- with subplots involving a hidden cache of Nazi gold, Hitler's miracle U-boats, and Speer's secret plan to live out his days hunting walrus in Greenland -- and a remarkably imaginative novel from a gifted new writing talent.

"Every morning I jump out of bed and step on a land mine. The land mine is me. After the explosion, I spend the rest of the day putting the pieces back together. Now, it's your turn. Jump!" Zest. Gusto. Curiosity. These are the

qualities every writer must have, as well as a spirit of adventure. In this exuberant book, the incomparable Ray Bradbury shares the wisdom, experience, and excitement of a lifetime of writing. Here are practical tips on the art of writing from a master of the craft—everything from finding original ideas to developing your own voice and style—as well as the inside story of Bradbury's own remarkable career as a prolific author of novels, stories, poems, films, and plays. *Zen In The Art Of Writing* is more than just a how-to manual for the would-be writer: it is a celebration of the act of writing itself that will delight, impassion, and inspire the writer in you. In it, Bradbury encourages us to follow the unique path of our instincts and enthusiasms to the place where our inner genius dwells, and he shows that success as a writer depends on how well you know one subject: your own life.

OBSERVE to UNMASK New Directions Publishing Author and former literary agent Nathan Bransford shares his secrets for creating killer plots, fleshing out your first ideas, crafting compelling

How to Start Writing (and When to Stop): Advice for Writers Random House Books for Young Readers Don't limit your fiction - LIBERATE IT All too often, following the "rules" of writing can constrict rather than inspire you. With *Story Trumps Structure*, you can shed those rules - about three-act structure, rising action, outlining, and more - to craft your most powerful, emotional, and gripping stories. Award-winning novelist Steven James explains how to trust the narrative process to make your story believable, compelling, and engaging, and debunks the common myths that hold writers back from creating their best work. • Ditch your outline and learn to write organically. • Set up promises for readers - and deliver on them. • Discover how to craft a satisfying climax. • Master the subtleties of characterization. • Add mind-blowing twists to your fiction. When you focus on what lies at the heart of story - tension,

desire, crisis, escalation, struggle, discovery - rather than plot templates and formulas, you'll begin to break out of the box and write fiction that resonates with your readers. *Story Trumps Structure* will transform the way you think about stories and the way you write them, forever.
