this book: Summary of 'Fifty Shades Darker' Anastasia is still thinking about her separation from Christian Grey. Three days have passed ever since and she cannot believe that it has only been three days since that happened. She has trouble concentrating on her new job where she is an assistant to Jack Hyde, who continues to try his hand at flirting with her and she keeps on rebuking him. She receives an email correspondence from Christian that startles her since she didn't know that he had any of her contact information. He asks her whether she'd like to go to her best friend Jose's show along with him. Since the show is going to take place in Portland, she accepts

the offer for the ride. Christian arrives on time and Anastasia leaves her office to go with him. His actions and words show that he doesn't want their relation to end and he offers to renegotiate on their way to Portland. At the show, Jose has showcased some single shots of Anastasia, which are later bought by Christian. They leave the show early to eat dinner and as Anastasia suspects, to talk about their future relation. *this is an unofficial summary of Summary of Fifty Shades Darker and Grey: Fifty Shades of Grey as Told by Christian. NATIONAL BESTSELLER
A Book of the Year Selection for Inc. and Library Journal "This book picks up where *The Tipping Point* left off." -- Adam Grant, Wharton professor and New York Times bestselling author of *ORIGINALS* and *GIVE AND TAKE* Nothing "goes viral." If you think a popular movie, song, or app came out of nowhere to become a word-of-mouth success in today's crowded media environment, you're missing the real story. Each blockbuster has a secret history—of power, influence, dark broadcasters, and passionate cults that

turn some new products into cultural phenomena. Even the most brilliant ideas wither in obscurity if they fail to connect with the right network, and the consumers that matter most aren't the early adopters, but rather their friends, followers, and imitators -- the audience of your audience. In his groundbreaking investigation, Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives. Shattering the sentimental myths of hit-making that dominate pop culture and business, Thompson shows quality is insufficient for success, nobody

has "good taste," and some of the most popular products in history were one bad break away from utter failure. It may be a new world, but there are some enduring truths to what audiences and consumers want. People love a familiar surprise: a product that is bold, yet sneakily recognizable. Every business, every artist, every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear. Hit Makers is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty-first century—people's attention.
