King of the Middle March (The Arthur Trilogy, Book 3) Robinson

The Hunger Games is on fire. This series of novels and movies is attracting millions. Jane Wells offers an exciting new perspective on novelist Suzanne Collins' complex world. Readers and moviegoers, young and old, continue to cheer for her hero Katniss Everdeen, a teenager fighting forces of injustice in a bleak future version of our world. Now, Jane Wells delves into this dystopian realm from a Christian perspective, exploring themes of social justice, transformation and unlikely heroism. In the novels and movies, Katniss is not content with the tragically unjust world in which she finds herself. Instead, she is on fire for justice and transformed by the love and loss she encounters. Jane Wells' new book, *Bird on Fire*, is thought-provoking for the individual reader, but the chapters also feature discussion questions, making this book an excellent option for small group study. The book opens with a description of the Mockingjay, the revolutionary symbol of hope that gives the second book in The Hunger Games trilogy its title. Jane Wells recounts several other tales of "unlikely heroes" from The Hunger Games (often paralleled by examples from scripture), including Katniss' own journey. Katniss risks her life to fight for justice. When Katniss emerges from the arena, she finds herself changed. She witnesses the death of her friend, Rue, and she experiences things no teenager should have to encounter. She also learns to appreciate the differences in those around her. Wells invites readers to reflect on these eye-opening experiences of love and loss, both in The Hunger Games-and in readers' our own lives. Then, Jane Wells invites us to take action. The fictional world of Panem is full of inequality and desperation-and Katniss fights desperately to make her world better for everyone. Wells guides us through issues of social justice featured in The Hunger Games, inviting us to model our actions on Katniss Everdeen-and our faith.

The Hunger Games Simon and Schuster

National Book Award winner M. T. Anderson returns to future Earth in a sharply wrought satire of art and truth in the midst of colonization. When the vuvv first landed, it came as a surprise to aspiring artist Adam and the rest of planet Earth — but not necessarily an unwelcome one. Can it really be called an invasion when the vuvv generously offered free advanced technology and cures for every illness imaginable? As it turns out, yes. With his parents' jobs replaced by alien tech and no money for food, clean water, or the vuvv's miraculous medicine, Adam and his girlfriend, Chloe, have to get creative to survive. And since the vuvv crave anything they deem classic Earth culture (doo-wop music, still life paintings of fruit, true love), recording 1950s-style dates for the vuvv to watch in a pay-per-minute format seems like a brilliant idea. But it's hard for Adam and Chloe to sell true love when they hate each other more with every passing episode. Soon enough, Adam must decide how far he's willing to go — and what he's willing to sacrifice — to give the vuvv what they want.
