*An Eighteenth-century Spanish Romance* Penguin

Lugubrious Nights follows the protagonist Tediato on his nightly visits to the temple where his beloved is interred. His ultimate intention is to disinter her body and kill himself in her presence. Tediato is a religious skeptic whose grief is cosmic, and he sees no reason not to join his beloved in death, torn as he is between the emptiness of his soul and the emptiness of the world. Hispanist Russell P. Sebold offers the first English translation of the eighteenth-century Spanish lyrical poem in prose by José de Cadalso (1741-1782). Inspired by his grief over the death of the actress María Ignacia Ibáñez, Cadalso composed Lugubrious Nights in 1771. Sebold considers it to be the first fully Romantic work of continental European literature, written three years before the publication of Goethe's Werther.

**Alfanhui** USCCB Publishing

The classic work about meetings and decision-making. Meetings

are a crucial part of all our lives, but too often they go nowhere and waste valuable time. In Six Thinking Hats, Edward de Bono shows how meetings can be transformed to produce quick, decisive results every time. The Six Hats method is a devastatingly simple technique based on the brain's different modes of thinking. The intelligence, experience and information of everyone is harnessed to reach the right conclusions quickly. These principles have been adopted by businesses and governments around the world, ending conflict and confusion in favour of harmony and productivity. The Six Hats strategy will fundamentally change the way you work and interact. 'An inspiring man with brilliant ideas. De Bono never ceases to amaze with his clarity of thought.' Sir Richard Branson

AVAILABLE FOR THE FIRST TIME IN eBOOK! In 1955, Garcia Marquez was working for El Espectador, a newspaper in Bogota, when in February of that year eight crew members of the Caldas, a Colombian destroyer, were washed overboard and disappeared. Ten days later one of them turned up, barely alive, on a deserted beach in northern Colombia. This book, which originally appeared as a series of newspaper articles, is Garcia Marquez's account of that sailor's ordeal. Translated by Randolph Hogan.

*Vlad: The Last Confession* Penguin Books

This classic book, long out of print in English, challenges accepted ideas of illness by suggesting it is not an enemy to be fought.

When you see your symptoms as bodily expressions of psychological or spiritual conflicts, you can use them as guides to inner work. You can respond to troubles with infection, allergies, respiration, digestion, skin, nervous system, heart and circulation,

sexuality and pregnancy, even accidents, with practical actions that heal the heart and mind. The authors are psychologists one trained in spiritual traditions, the other in natural healing and psychotherapy. The goal of their archetypal or interpretative medicine is to help us see that just as every disease pattern expresses a certain content, every organ and every region of the body has a particular significance. The goal is that we can then build up a field of "contagious good health" and take control in finding our own life mission and path of development. In the German-speaking world, Ruediger Dahlke's books have attracted a large following and have contributed to creating an ever-expanding consciousness for psychosomatic correlations and a holistic approach to medicine. There are over 200 translations of his books in 24 languages."

**Women in Proverbs from Around the World** Hachette UK

In this study the author analyses similarities, differences and contradictions in the cultural norms about gender expressed in proverbs she has found in oral and written sources from over 150 countries. Grouping the proverbs into categories as the female body, love, sex, childbirth and the female power, the author examines shared patterns in ideas about women and how men see them.

Married to the retired magistrate of Vetusta, Ana Ozores cares deeply for her much older husband but feels stifled by the monotony of her life in the shabby and conservative provincial

town. And when she embarks on a quest for fulfillment through religion and even adultery, a bitter struggle begins between a powerful priest and a would-be Don Juan for the passionate young woman's body and soul. Scandalizing contemporary Spain when it was first published in 1885, with its searing critique of the Church and its frank treatment of sex, *La Regenta* is a compelling and witty depiction of the complacent and frivolous world of upper-class society.

*Understanding What Your Symptoms Are Telling You* Penguin UK R. M. Hare writes in his Preface: 'I offer this taxonomy of ethical theories to all those who are lost in the moral maze, including many of my philosophical colleagues. They are lost because, like most of those who hold forth on moral questions in the media, they have no map of the maze. This is has been my aim to provide.' *Sorting Out Ethics* is a characteristically lucid and lively survey of rival ethical theories by one of the most influential moral philosophers of the century. It also constitutes a definitive summary of Hare's own fundamental ethical position.
