The Warmth of Other  
Suns Random House  
Socrates, the great  
Athenian philosopher,  
was born during the

Golden Age of Greece, one of the most glorious periods in human history. He grew up during the exciting days of Pericles in Athens, in the midst of the flowering of drama and poetry, the creation of magnificent architecture and sculpture, the writing of literature that has inspired mankind for 2,500 years. The glory of Athens, inspired by the Athenians' victory over the Persians against great odds, lasted less than 50 years. Socrates lived to see his city conquered by the Spartans from without and by a terrible plague from within. He tried to convince his fellow citizens to examine their own beliefs and behavior. The Athenians, looking for

someone to blame for their troubles, arrested Socrates. They accused him of corrupting the young men who were his students. He refused to run away to save his life and was tried and executed.

All her life, Katherine

Keith has hungered for

remote, wild places that fill her soul with freedom and peace. Her travels take her across America, but it is in the vast and rugged landscape of Alaska that she finds her true home. Alaska is known as a place where people disappear—at least a couple thousand go missing each year. But the same vast and rugged landscape that contributed to so many people being lost is precisely what has gotten her found. She and her husband build a log cabin miles away from the nearest road and create a life of love. An idyllic existence, but with isolation and brutal living conditions can also come heartbreak. Chopping wood and hauling water are not just parts of a Zen

proverb but a requirement for survival. Keith experiences tragic loss and must push on, with her infant daughter, alone in the Alaskan backcountry. Long-distance dog sledding opens a door to a new existence. Racing across the state of Alaska offers the best of all worlds by combining raw wilderness with solitude and athleticism. The Iditarod Trail Sled Dog Race, the “Last Great Race on Earth,” remains a true test of character and offers the opportunity to intimately explore the frontier that she has come to love. With every thousand miles of winter trail traversed in total solitude, she confronts challenges that awaken internal

demons, summoning all the inner grief and rage that lies dormant. In the tradition of Cheryl Strayed's *Wild* and John Krakauer's *Into the Wild*, *Epic Solitude* is the powerful and touching story of how one woman found her way—both despite and because of—the difficulties of living and racing in the remote wilderness.

*The Life of Ruby Bridges* Simon and Schuster

It was a beautiful late summer morning, the kind of day even busy New Yorkers took a moment to appreciate. The sky was spectacularly clear, tinted an azure blue, the air stirred by a gentle breeze. The mood of the city seemed optimistic as people hurried down the crowded streets on

their way to work. Then the world as people knew it changed forever... The attack on the Pentagon in Washington, D.C., and New York City's World Trade Center by three fuel-laden, hijacked airplanes was the worst attack ever on mainland American soil. The nation watched in horror as the events were captured by video and live news coverage. The attacks temporarily brought the nation to a stop, both emotionally and literally—for the first time, all commercial flights were grounded. Ironically, the attacks intended to undercut America's way of life only served to reinforce its core values. And out of the carnage of that day came acts of

unspeakable bravery,  
uncommon courage,  
and true heroism.

Amicus Ink

From the creators of  
the bestseller

Storytellers Dictionary  
comes the My Epic Life

Dictionary for children  
ages 4-8 years. All the  
hilariously illustrated

words every child

needs to learn to

express themselves in  
today's world. This is

not your average

dictionary. It is a

dictionary, but it's also  
a handbook for any

child who wants to live  
a truly epic life.

Designed by literacy

experts to be

hilariously fun and

endlessly surprising,

each page bursts with  
Hollywood illustration.

The words are curated  
from relevant, global

curriculum lists for kids

aged four to eight, with

extra challenging  
vocabulary added to  
the mix. This dictionary

gives children the

words they need to

express themselves in  
every part of life from

emotions to maths,

food to philosophy,

making a big mucky

mess to cleaning up, as  
well as a whole section

on the future of

technology. "This is the

dictionary for the 21st

century. I can't

imagine a more

delightful way to learn

about words than with

these wild and hilarious  
characters. What's

especially exciting is

that My Epic Life uses

the very latest in the

science of learning to

grab children's

attention and teach

them words about their

world. Educators take

note! This dictionary

will not only improve

children's vocabulary,

it will accelerate it at epic speed.” -- Susan Neuman, Professor of Childhood Education and Literacy Development, NYU “My Epic Life Dictionary is pure magic! Driven by compelling research on the importance of vocabulary development and socio-emotional learning for every child’s growth and development, this modern marvel is filled with compelling characters, powerful themes, and remarkable story-telling assets that every child and parent will love. It has been decades since I encountered a children’s dictionary that was so delightful and important!” -- Michael Levine, Chief Knowledge Officer, Sesame Street

The Watcher Mitchell Lane

Have you ever wondered what happens to a plastic bottle when you no longer need it? This lovely bedtime story helps children understand how and why we should recycle our plastic.

Will Rogers Vintage  
BEST KNOWN AS THE DIRECTOR of such spectacular films as The Ten

Commandments and King of Kings, Cecil B. DeMille lived a life as epic as any of his cinematic masterpieces. As a child DeMille learned the Bible from his father, a theology student and playwright who introduced Cecil and his older brother, William, to the theater. Tutored by impresario David Belasco, DeMille

discovered how audiences responded to showmanship: sets, lights, costumes, etc. He took this knowledge with him to Los Angeles in 1913, where he became one of the movie pioneers, in partnership with Jesse Lasky and Lasky's brother-in-law Samuel Goldfish (later Goldwyn). Working out of a barn on streets fragrant with orange blossom and pepper trees, the Lasky company turned out a string of successful silents, most of them directed by DeMille, who became one of the biggest names of the silent era. With films such as *The Squaw Man*, *Brewster's Millions*, *Joan the Woman*, and *Don't Change Your Husband*, he was the creative backbone of what

would become Paramount Studios. In 1923 he filmed his first version of *The Ten Commandments* and later a second biblical epic, *King of Kings*, both enormous box-office successes. Although his reputation rests largely on the biblical epics he made, DeMille's personal life was no morality tale. He remained married to his wife, Constance, for more than fifty years, but for most of the marriage he had three mistresses simultaneously, all of whom worked for him. He showed great loyalty to a small group of actors who knew his style, but he also discovered some major stars, among them Gloria Swanson, Claudette Colbert, and later, Charlton Heston. DeMille was one of the

few silent-era directors who made a completely successful transition to sound. In 1952 he won the Academy Award for Best Picture with *The Greatest Show on Earth*. When he remade *The Ten Commandments* in 1956, it was an even bigger hit than the silent version. He could act, too: in Billy Wilder's classic film *Sunset Boulevard*, DeMille memorably played himself. In the 1930s and 1940s DeMille became a household name thanks to the Lux Radio Theater, which he hosted. But after falling out with a union, he gave up the program, and his politics shifted to the right as he championed loyalty oaths and Sen. Joseph McCarthy's

anticommunist witch hunts. As Scott Eyman brilliantly demonstrates in this superbly researched biography, which draws on a massive cache of DeMille family papers not available to previous biographers, DeMille was much more than his clichéd image. A gifted director who worked in many genres; a devoted family man and loyal friend with a highly unconventional personal life; a pioneering filmmaker: DeMille comes alive in these pages, a legend whose spectacular career defined an era. *The Death and Life of the Great Lakes* Simon and Schuster We don't usually identify with the author of a great story. Instead we bond with the hero and heroine-

the ones that the story is about. We share in their heartaches and triumphs. We cheer their accomplishments and mourn their losses. When we think about our own story, we may see God as the author—an omniscient and omnipotent cosmic mastermind—but fail to recognize Him as the central character. In *Epic*, a retelling of the gospel in four acts, John Eldredge invites us to revisit the drama of life, viewing God not only as the author but also as the lead actor, exploring His motives and His heart. Eldredge examines the power of story, the universal longing for a "plot" that makes sense deep inside us, our desire for a meaningful role to play, our love of books and movies, and how all of this points us to

the gospel itself. It's a story better than any fairy tale! Our human hearts are made for great drama, and the gospel, with its tragedy and grandeur, truly is epic. Also available as an unabridged audio on CD, as well as hardcover Spanish edition.

*The Life and Times of Nero* ABDO

"This book for elementary readers outlines key dates throughout this change maker's life. Full-color photographs and a timeline depict each step in the road to change, from Ruby Bridges's early life through her first steps in an all-white school and her struggles against racism. A glossary, further resources, and an index are included"--

- The Epic Story of Our Mitochondria  
It is summer in the Northwest town of Nine Mile Falls, and sixteen-year-old Ruby McQueen, ordinarily dubbed The Quiet Girl, finds herself hanging out with gorgeous, rich, thrill-seeking Travis Becker. But Ruby is in over her head, and finds she is risking more and more when she's with him. In an effort to keep Ruby occupied and mend her own broken heart, Ruby's mother Ann drags Ruby to the weekly book club she runs for seniors. At first Ruby can't imagine a more boring way to spend an afternoon, but she is soon charmed by the feisty group. When it is discovered that one of the group's own members is the subject

of the tragic love story they are reading, Ann and Ruby ditch their respective obsessions to spearhead a reunion between the long-ago lovers. This lyrical, multi-generational story of love, loss, and redemption speaks to everyone who has ever been in love--and lived to tell the tale.

Life - The Epic Story of Our Mitochondria

Simon and Schuster  
NATIONAL BESTSELLER  
WINNER OF THE  
NATIONAL BOOK  
AWARD In this groundbreaking biography, T.J. Stiles tells the dramatic story of Cornelius "Commodore" Vanderbilt, the combative man and American icon who, through his genius and force of will, did more than perhaps any other individual to create

modern capitalism. Meticulously researched and elegantly written, *The First Tycoon* describes an improbable life, from Vanderbilt's humble birth during the presidency of George Washington to his death as one of the richest men in American history. In between we see how the Commodore helped to launch the transportation revolution, propel the Gold Rush, reshape Manhattan, and invent the modern corporation. Epic in its scope and success, the life of Vanderbilt is also the story of the rise of America itself.

Moses is probably the most important figure in the Old Testament of the Bible. Born into a Hebrew family, he was rescued from a cruel death and raised in the court of the Pharaoh. But after killing an Egyptian, he fled into the desert. Many years later, God appeared to him in the form of a burning bush. He ordered Moses to go back to Egypt and lead the Hebrews out of bondage and into the Promised Land. It wasn't easy. The Hebrews spent many

years wandering in the desert, during which time Moses received the Ten Commandments twice. He smashed the stone tablets on which they were inscribed the first time because the Hebrews had begun worshiping a golden calf during his absence. Despite all the difficulties and the dangers, Moses' determined leadership finally brought his people to the Promised Land. He died before he could accompany his fellow Hebrews into their new home.

Chelsea Green

Publishing

In 1606, one hundred and five men left England for the western shores of the Chesapeake Bay. They were looking for adventure, land, and treasure. Instead of gold and silver, the men found a dark and mysterious wilderness. A few, like John Smith, found friendship with the local natives. Others found new lives, hacked out of the Virginia wilderness. Most, however, found disease, starvation, and eventually death. Two-thirds of the original Jamestown settlers died within the first year. Still, the English kept coming. Land and opportunity were worth the risks. By 1621, Jamestown had grown to 1,200

settlers, and people from the first successful English colony began to branch out and settle other towns. The Building America series tells the story of the early years in which America struggled to become an independent nation. Jamestown: The First English Colony details the extraordinary circumstances and often harrowing experiences overcome by the persistent Englishmen who wanted to settle in Virginia.

Thomas Nelson Inc

The Roman emperor Nero is one of the most notorious figures in history. He is most famous for fiddling while Rome burned, then blaming Christians for setting the fire and beginning

a series of persecutions against them. He even ordered the murder of his own mother. Find out why the Romans declared him a public enemy, and what happened when he tried to run away.

*The Life of a Little Plastic Bottle* W. W. Norton & Company  
When Harper Proulx and her newfound sibling travel to Hawaii to track down their sperm donor father, Harper finds a deep-sea diver obsessed with solving the mystery of a shipwreck and the experience forces her to face even bigger questions.

*The First Tycoon* Penguin  
Considered one of the greatest female rulers, Catherine the Great was a German princess who ruled Russia for 34

years. She introduced reforms in government that led to widespread education, advances in medical care, and improvements in the legal system. Catherine was a voracious reader, and she took many ideas from her reading. She was particularly influenced by writers of the Enlightenment who focused on natural law and science. As one of Russia's longest rulers, she introduced arts and culture to Russia. Her influence led to the development of Russia as a world power in the 19th and 20th centuries.

**Chasing the Sun** Crabtree Publishing Company  
In this book, readers will learn about the incredible transformation from egg to tadpole to frog

and every phase in between. Vibrant, full-color photos and carefully leveled text

will engage readers as they learn more about the incredible stages of the frogs life cycle.
