"Blues for America is a scholar's deft survey of everything that happened between the 1920s and the 1990s—depressions, recessions, segregation, and wars—and the resistance that arose to each in turn, related with surprising wit and an amazingly gracious turn of phrase. And by weaving in bits of

autobiography, Dowd has given us much more." --Barbara Ehrenreich

"Magisterial . . . [A] rich portrait of ancient Egypt's complex evolution over the course of three millennia."—Los Angeles Times
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Publishers Weekly
In this landmark volume, one of the world's most renowned Egyptologists tells the epic story of this great

civilization, from its birth as the first nation-state to its absorption into the Roman Empire. Drawing upon forty years of archaeological research, award-winning scholar Toby Wilkinson takes us inside a tribal society with a pre-monetary economy and decadent, divine kings who ruled with all-too-recognizable human emotions. Here are the legendary leaders: Akhenaten, the “heretic king,” who with his wife Nefertiti brought about a revolution with a bold new religion; Tutankhamun, whose dazzling tomb would remain hidden for three millennia; and eleven pharaohs called Ramesses, the last of whom presided over the militarism,

lawlessness, and corruption that caused a political and societal decline. Filled with new information and unique interpretations, *The Rise and Fall of Ancient Egypt* is a riveting and revelatory work of wild drama, bold spectacle, unforgettable characters, and sweeping history. “With a literary flair and a sense for a story well told, Mr. Wilkinson offers a highly readable, factually up-to-date account.”—*The Wall Street Journal* “[Wilkinson] writes with considerable verve. . . . [He] is nimble at conveying the sumptuous pageantry and cultural sophistication of pharaonic Egypt.”—*The New York Times*

The Purple Violet of Oshaantu J.L.

Alexander

Through the voice of Mee Ali, readers experience the rhythms and rituals of life in rural Namibia in interconnected stories. In Oshaantu, a place

where women are the backbone of the home but are expected to submit to patriarchal dominance, Mee Ali is happily married. Her friend, Kauna, however, suffers at the hands of an abusive husband. When he is found dead at home, many of the villagers suspect her of poisoning him. Backtracking from that time, the novel, with its universal appeal, reveals the value of friendships, some of which are based on tradition while others grow out of strength of character, respect, and love.

Burmese-English dictionary Heinemann

"The Potomac", one of the most celebrated volumes in the Rivers of America series. Frederick Gutheim follows the Potomac from its source in West Virginia to the Chesapeake Bay. Along the way, he brings to life the planters and presidents, frontiersmen and industrialists who have shaped the region's

history. From Captain John Smith's 1609 expedition upriver to John Adam's doubting view of the still undeveloped federal city, from the insurrection at Harper's Ferry to the rapid transformation of twentieth-century Washington into a living- and at times unruly- metropolis, "The Potomac" traces the life of a great river and of the people who have lived along its banks.

to become a long-haul trucker. Since then he's covered more than a million miles as a mover, packing, loading, hauling people's belongings all over America. In *The Long Haul*, Murphy recounts with wit, candor, and charm the America he has seen change over the decades and the poignant, funny, and often haunting stories of the people he encounters on the job. **Leveled Books (K-8)** W. W. Norton & Company "Albert Hoffstädt, a classicist by training and polylingual humanist by disposition, has for 25 years been the editor chiefly responsible for the development and acquisition of manuscripts in Asian Studies for Brill. During

that time he has shepherded over 700 books into print and has distinguished himself as a figure of exceptional discernment and insight in academic publishing. He has also become a personal friend to many of his authors. A subset of these authors here offers to him in tribute and gratitude 22 essays on various topics in Asian Studies. These include studies on premodern Chinese, Indian, Japanese, and Korean literature, history, and religion, extending also into the modern and contemporary periods. They display the broad range of Mr. Hoffstädt's interests while presenting some of the most outstanding scholarship in Asian Studies today"--

"At the Shores of the Sky"

This study of two domestic neighbourhoods at Nippur, TA and TB, correlates information from texts found in these houses with architectural modifications to the buildings, and considers the socio-economic circumstances of the occupants. The chapters following Stone's reconstructions of the houses include descriptions of the artifacts and general conclusions. Then follow lengthy appendices of object catalogues, text copies and lists of personal names found in the texts, and plates of architectural plans.
