Touchpad Computer Applications series is comprehensively designed as per the new ICSE syllabus. KEY FEATURES ● National Education Policy 2020. ● Some More Programs: This section contains additional programs related to the chapter. ● Glossary: This section contains definitions of important IT terms. ● Model Test Paper: This section contains sample question papers for practice. ● Most Common Programming Mistakes: This section contains an overview of some of the common mistakes that programmers often make while programming. ● Digital Solutions DESCRIPTION This book will help the students to learn

programming in an effective and interactive manner. This book contains an ample amount of interactive programs for the students to practice and learn programming. This book will help the students to learn the fundamental concepts of Object-Oriented Programming in Java. The programs are designed to develop the learner's analytical thinking, so that they are able to understand and develop programs on their own. To help the student understand the concept of programming, the codes are written clearly and neatly with line numbers and proper indents. These programs have been executed in the Bluej Development Environment. All the codes are accompanied with their outputs. These codes are presented as they appear on the Bluej platform. All the keywords appearing in the code are coloured as they appear in the platform respectively. This book also contains sample question papers to provide the learners with a grasp of what the question paper looks like. The book also contains previous year's questions from the past decade to cover as many questions and their variations. WHAT WILL YOU LEARN You will learn about: ● Revision of Class IX Syllabus ● Class as the Basis of all Computation ● User-defined Methods ● Constructors ● Library classes ● Encapsulation ● Arrays ● String handling WHO THIS BOOK IS FOR Grade 10 TABLE OF CONTENTS 1.
