The Final Report of the Special Counsel on Russian Interference in the 2016 Presidential Election
 Constellation

Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

The Science of Thought Control McGraw Hill Professional

The New York Times bestselling journalist and leading conspiracy writer presents his latest findings on the truth behind the 9/11 terror attacks. The terror attacks of September 11, 2001 ushered the United States into an era of war across the Middle East and government surveillance at home. In *The Terror Conspiracy Revisited*, Jim Marrs updates his authoritative dissection of the official story of 9/11. This revised edition is packed with explosive material including: The revelations of former New Jersey attorney General John Farmer, who served as Senior Counsel to the 9/11 Commission: "At some level of the government, at some point in time. . . there was an agreement not to tell the truth about what happened." Commission cochairman Thomas Kean's suspicion of deceit: "We to this day don't know why NORAD told us what they told us. It was just so far from the truth." The conclusion of European scientists that there was nanothermite in the World Trade Center debris, a high explosive generally available only through the US military. The investigation by Pilots For 9/11 Truth and their conclusion that hijackers could not have accessed the cockpit of Flight 77. One thing we know to be true is that the full truth about the September 11th attacks has not yet been presented to the American public. Jim Marrs thoroughly dismantles the credibility of the US government's narrative and leaves the reader with some unsavory but indisputable conclusions sent to the American public. The Plot That Killed Kennedy Disinformation Company

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller *Rule by Secrecy*, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual

liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

Crossfire HarperCollins

America's economy is in shambles . . . Its citizens are terrified and dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and legendary conspiracy researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our nation's past to craft a frightening history that no one else is brave enough to tell.

Crossfire Red Wheel/Weiser

Blood, Money, & Power exposes the secret, high-level conspiracy in Texas that led to President John F. Kennedy's death and the succession of Lyndon B. Johnson as president in 1963. Attorney Barr McClellan, a former member of L.B.J.'s legal team, uses hundreds of newly released documents, including insider interviews, court papers, and the Warren Commission, to illuminate the maneuvers, payoffs, and power plays that revolved around the assassination of Kennedy and to expose L.B.J.'s involvement in the murder plot. In addition to revealing new information, McClellan answers common questions surrounding the assassination of our thirty-fifth president. Who had the opportunity, motive, and means to assassinate J.F.K.? Who controlled the investigation and findings of the Warren Commission? This historically significant book is proof that absolute power, money, blood, corruption, and deception were at the heart of politics in the early 1960s, and it represents the very best investigative journalism has to offer.

Allen Dulles, the CIA, and the Rise of America's Secret Government St. Martin's Press

"Utterly compulsive and unputdownable--the most exciting, authentic, and humanly moving of all the recent Storm books. Brilliantly paced and perfectly balanced. . . . Carrier is a marvelously trustworthy narrator. . . . A terrific book."--Jonathan Raban, author of *Passage to Juneau: A Sea and Its Meanings* and *Bad Land: An American Romance* "A wonderful story. An extremely well-written account of the events as I knew them. I commend Jim Carrier for a magnificent job."--Jerry D. Jarrell, Director, National Hurricane Center In October 1998, the majestic schooner *Fantome* came face-to-face with one of the most savage storms in Atlantic history. The last days of the *Fantome* are reconstructed in vivid and heartbreaking detail through Jim Carrier's extensive research and hundreds of personal interviews. What emerges is a story of courage, hubris, the agony of command, the weight of lives versus wealth, and the advances of science versus the terrible power and unpredictability of nature.

Secrecy in the Bush administration HarperCollins

The official story about 9/11 is discredited. That is the sobering conclusion reached by millions of Americans, all across the political spectrum, who have sifted through the evidence uncovered by hundreds of independent researchers. Many honest citizens are now forced, with sadness and reluctance, to make an almost unthinkable inference: Powerful US officials must have had foreknowledge of the planned attacks, and then acted from the inside to: thwart efforts to prevent 9/11, remove or cover up criminal evidence, and hamper inquiries into what happened. Were the

horrific events of September 11, 2001 truly an inside job? This book will help you decide for yourself. In this work, world-renowned conspiracy theorist Jim Marrs makes a compelling case that 9/11 marks the intersection of several conspiracies at once, each based on overlapping political agendas. Support for his thesis comes from this sampling of the many disturbing anomalies, cited by Marrs: Standard air defence mechanisms systematically failed, simultaneously; Interceptor jets were scrambled too late, too slowly, and from the wrong locations; President Bush proceeded with a 'photo op' long after he knew we were under attack; Fires could not have caused the free-fall collapse of the World Trade Center towers; The collapse of Building 7 in the complex was later admitted to be a demolition; Vital physical evidence was either removed or has never been released to investigators; Key officials claimed warnings never came, despite massive evidence to the contrary. This is the definitive journalistic account of the hidden role of the Bush administration in failing to prevent the 9/11 attacks. The author provides heavy documentation of his findings, plus extensive appendices that include perspectives from families of 9/11 victims, and excerpts from the RICO Act lawsuit filed by 9/11 widow Ellen Mariani.

Set aside your preconceptions of the world, of what you've read in your history textbooks, and what you see and hear from the mainstream media. Jim Marrs, award-winning journalist and author of Alien Agenda and the New York Times bestseller Crossfire, is about to change your perspective, as he unmasks the hidden masters of history and religion. In Rule by Secrecy Marrs painstakingly examines the world's most closely guarded secrets, tracing the history of secret societies and the power they have wielded, from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude to start and stop wars, manipulate stock markets and interest rates, maintain class distinctions, and even censor the six o'clock news. And they do this under the auspices of the Council on Foreign Relations, the Trilateral Commission, the Bilderbergers, the CIA, and even the Vatican. According to Marrs, the power of these groups extends as far back as humankind's prehistory. Drawing on historical evidence and his own impeccable research, IMarrs clearly traces the mysteries that connect these modern-day secret societies to the Freemasons, the Illuminati, the Knights Templar, and Egypt's Great Pyramids. The result is a masterful synthesis of historical information, much of it long hidden from the public, that sheds light on the people and organizations that rule our lives. Disturbing, thought-provoking, and utterly compelling, Rule by Secrecy offers a provocative worldview that may explain who are we, where we came from, and where are we going.

The Secret Society That Hijacked the World Cambridge University Press

From the food we eat, the water we drink to the air we breathe, everything these days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In Population Control, acclaimed journalist Jim Marrs lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world's population to 500 million by whatever means necessary and make a profit from it. Marrs, the bestselling author of Rule by Secrecy and The Trillion Dollar Conspiracy, pulls no punches in exposing this evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry - guns, oil, pharmaceuticals, food, and of course the media - and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive Population Control, Marrs lays bare the damning truths corporate owners don't want you to discover: how they've spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen's blueprint for fighting back.
