 'Hard-hitting and hilarious' - James Acaster 'Funny, moving and compelling' - Mike Costello A heart-warming, hilarious true story about fighting and family, based on the acclaimed stage show. For fans of books by Dave Gorman, James Acaster and Danny Wallace, along with boxing tales from the likes of Tyson Fury and Ricky Hatton. **THE CHAMP** Terry Downes - the charismatic cockney known as 'The Paddington Express' - was a world champion boxer, US Marine, gangsters' favourite and later a film star and businessman. **THE CHUMP** James McNicholas' PE teacher once told him he was so unfit he'd be dead by the time he was 23. James has spent his life pursuing a career in acting and comedy. In reality, that has meant stints as a car park caretaker and river cruise salesperson. After Terry's death, James finds himself in reflective mood, comparing his story of underachievement against that of his world champ grandad. What follows is an increasingly colourful journey through post-war Paddington to the blood-soaked canvases of Baltimore and Shoreditch, via Mayfair parties with the Krays. Along the way, James begins to dig into his own story, confronting the dysfunctional elements of his childhood, describing his often hilarious efforts to make it in the world of showbiz, and attempting to recreate Terry's trials by enlisting in a brutal military boot camp and boxing gym. When James is diagnosed with a frightening and mysterious neurological condition, the two tales of the fighter and the writer suddenly collide, and what began as a nostalgic journey takes on a far more important significance altogether. 'A wonderfully funny and heartfelt story of what family and lineage means. Even made me like boxing' - Josh Widdicombe 'An extraordinary family history, told with warmth and wit. Two remarkable underdog stories - come for the cockney scrapper who conquered the world, stay for the grandson and the fight of his life' - Greg Jenner 'If you like comedy and boxing this is the perfect book. James McNicholas is a very funny man and a brilliant writer' - Rob Beckett

 Reforming Urban Transport in India is an attempt to take stock of the various issues our cities and towns are facing in the area of

urban transport, efforts made and being made both at the policy level as well as the field level to address the problems, the ever increasing complexities of challenges in the area of urban mobility and some of the laudable initiatives on the ground to handle the problems. This book would be a valuable addition to the limited literature available on the subject of urban transport in India. The topic has not attained much prominence even in the broader discussions on the transport sector issues in the country. The fact that we address our urban transport issues in a casual manner but there is need to take them up in a focused and purposeful manner and this can no longer be delayed is probably the one loud message which is emerging out of this volume. The wealth of knowledge of the contributors, each one of them having huge experience behind them in this sector, makes the book a valuable addition to the literature and a helpful guide in policy discussions.

The Way We Wore is a passionate and personal account of the dazzling array of street styles and trouser tribes Britain produced from the 1950s to 1990s. Robert Elms' memoir takes us from Teddy Boys to Acid house, from Notting Hill to Soho. A love letter to London Town and the overdressed, undervalued youth who made this city such a hotbed of cool. This is the story of a life's obsession. From Ben Sherman shirts to boxtop loafers, from bondage trousers to Comme de Garcons, Elms has been there, seen it, and worn it out. It's about why you'd rather not go out at all than go out in the wrong sort of brogues, and why you just had to have a Budgie Jacket to cut it in the playground in 1970. It is ultimately a hilarious, passionate social history of London street fashion from the Teddy Boys and rude boys battling it out in his homeland of Notting Hill in the 50's to its end in Acid House in the 90's. A fond memoir of working class lads in tumultuous times and lary schmutter. One day in 1965 the five-year-old Robert Elms fell in love with clothes. His brother had just returned to the family's Burnt Oak council house in a new suit he'd picked up from a tailor in Kilburn. Otis Redding was playing in the front room. This, as his mum would say, was "all the go" - whatever that meant. This, Elms realised, was what you grew up for.

Manners for Today Simon and Schuster

All around us we see people who are broken in one way or another, people who have been locked in by life's circumstances, with seemingly no way out. We live in a world full of lives who are not with their true selves, the results are both evident as well as devastating. Being in sync could be described as someone who is living authentically to their true self. Living an authentic life means that you are... * Living True to your identity * Living True to your purpose * Living True to your passions and core desires

Colin Ward spent much of the 1970s and 1980s on the terraces of football grounds around the country, and following England across the continent. It was a time when passionate support of your team did not mean wearing the team shirt and subscribing to your club's TV station. Instead, it often meant having to defend your part of the stadium against attacks from opposition fans, confrontations with the police, and some decidedly hair-raising encounters. Although, post-Hillsborough, this seems like a vanished era, the world of the football hooligan still has the power to fascinate. No one has captured the atmosphere with the same authenticity as Ward, who reveals the truth behind the easy headlines: the camaraderie, the unexpected friendships between rival groups, the characters who attained near mythical status. Controversial, provocative and above all brilliantly told, **Steaming** Intakes the reader right to the heart of the action.

Fashion is widely recognised as a site for social acceptance and rejection, and as a signifier of personal identity. What happens when people stray from 'appropriate' dress codes or associate garments with 'respectability' or deviance? How does fashion relate to criminality? In this interdisciplinary volume, leading scholars propose new ways of seeing everyday dress and the body in public space. Garments and individual or group wearers are used as case studies to explore the codification of clothing as criminal - hoodies, trench-coats, Norwegian Lustkoffe sweaters, low-slung trousers and Hip Hop styling are all untangled as garments with criminal significance. The book questions the point at which morality as a form of social control meets criminality, and suggests ways to renegotiate established dress codes and terms such as 'suitability' and 'glamour' through the study of what people wear in response to notions of criminality.

Big men. Big money. Big games. Big libidos. Big trouble. A decade ago, The Bonfire of the Vanities defined an era--and established Tom Wolfe as our prime fictional chronicler of America at its most outrageous and alive. This time the setting is Atlanta, Georgia--a racially mixed late-century boomtown full of fresh wealth, avid speculators, and worldly-wise politicians. The protagonist is Charles Croker, once a college football star, now a late-middle-aged Atlanta real-estate entrepreneur turned conglomerate king, whose expansionist ambitions and outside ego have at last hit up against reality. Charlie has a 28,000-acre quail-shooting plantation, a young and demanding second wife--and a half-empty office tower with a staggering load of debt. When star running back Fareek Fanon--the pride of one of Atlanta's grimmest slums--is accused of raping an Atlanta blueblood's daughter, the city's delicate racial balance is shattered overnight. Networks of illegal Asian immigrants crisscrossing the continent, daily life behind bars, shady real-estate syndicates, cast-off first wives of the corporate elite, the racially charged politics of college sports--Wolfe shows us the disparate worlds of contemporary America with all the verve, wit, and insight that have made him our most phenomenal, most admired contemporary novelist. A Man in Full is a 1998 National Book Award Finalist for Fiction.

Football is big business and it doesn't come much bigger than Manchester United - commercial giants and the richest club in the world. But in the shadow of Old Trafford a black economy is growing to rival the commercial power of the official sales channels. Scum Airways is an inside investigation of the Manchester grafters - touts, black marketeers and shady dealers - who, led by characters like 'Big Tommy', have come up with a remarkably successful money-making venture: Scum Airways. With the expansion of the Champions League came the opportunity for the grafters to move from ticket touting and producing 'unofficial' replica kits into the independent travel business. International Travel is the company for those who, through choice or because of their police records prohibit them, do not travel with the official clubs. Their customers include many 'straight' supporters of Leeds United, arch-rivals of Man U, but Tommy's core clients are the 'Lads' - die-hard 30-something football hooligans. Scum Airways follows the exploits and adventures of Big Tommy and his team of grafters as they continue to build their empire. John Sugden went along for the ride and provides startling insights into professional football's burgeoning black economy. From Munich to Madrid, Amsterdam to Bangkok, through to the streets and bars of Toyko and Sapporo during the 2002 World Cup, and beyond, Scum Airways reveals the dark side of the football business.
