He was supposed to be a myth. But from the moment I crossed the River Styx and fell under his dark spell...he was, quite simply, mine. *A scorchingly hot modern retelling of Hades and Persephone that's as sinful as it is sweet.* Society darling Persephone Dimitriou plans to flee the ultra-modern city of Olympus and start over far from the backstabbing politics of the Thirteen Houses. But all that's ripped away when her mother ambushes her with an

engagement to Zeus, the dangerous power behind their glittering city's dark facade. With no options left, Persephone flees to the forbidden undercity and makes a devil's bargain with a man she once believed a myth...a man who awakens her to a world she never knew existed. Hades has spent his life in the shadows, and he has no intention of stepping into the light. But when he finds that Persephone can offer a little slice of the revenge he's spent years craving, it's all the excuse he

needs to help her—for a price. Yet every breathless night spent tangled together has given Hades a taste for Persephone, and he'll go to war with Olympus itself to keep her close... *Popular Mechanics* Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting. [Bringing Your Product to Market...In Less Than a Year](#)

 A revised and expanded new edition of the classic guide for inventors When this comprehensive resource for inventors was first published, bringing a new product to market was costly, time-consuming, and very risky. But today, new technologies including the Internet have drastically changed the world of inventing. In the past, inventors had to handle production, manufacturing, packaging, and

distribution by themselves. Today, large companies are constantly looking for new inventions to license, and new technology makes it easier than ever for inventors to outsource what they can't handle themselves. A leading expert on invention and innovation, author Don Debelak has brought this one-of-a-kind inventor's guide fully up to date. This new edition is packed with trustworthy, proven advice on product design, manufacturing, patenting, licensing, distribution,

financing, and more. Plus, the latest innovative strategies in funding, outsourcing, and Internet marketing make this the most complete and up-to-the-minute guide available for inventors like you. Inside, you'll learn how to: * Recognize a valuable, moneymaking idea * Determine if your product is market-ready * Create a custom, step-by-step product-to-market strategy * Adjust your strategy for changing market conditions * Find financial help from investors and partners *

Use turbo-outsourcing to bring your product to market in a year or less * Find a manufacturer to cover up-front development costs With more funding, licensing, and outsourcing options available, it's easier and cheaper than ever to get your product on the shelves. So why wait? Whether you're an experienced inventor who wants to sell more of your creations, or just someone with a million-dollar idea, this is your guide to financial success. Don Debelak's expert advice

and timeless wisdom have already helped thousands of people turn their inventions into cash. Don't miss the boat! **Popular Science** Popular Mechanics inspires, instructs and influences readers to help them master the modern world.
