... Automating Open Source Intelligence
Algorithms Algorithms for Automating
Open Source Intelligence (OSINT)
presents information on the gathering of
information and extraction of actionable

intelligence from openly available
sources, including news broadcasts,
public repositories, and more recently,
social media. As OSINT has applications
in crime fighting, state-based
intelligence, and social research, this
book provides recent advances in text
mining, web crawling, and other
algorithms that have led to advances in
methods that can ... Automating Open
