BRADSHAW ALIJAH

Ordering Your Private World Open Road + Grove/Atlantic

Young Elizabeth O'Connor is the little sister John Brady always longed for. But she wants much more than that from her spiritual mentor. As she blossoms into a beautiful young woman intent on loving John, he must push back the very real attraction he feels for her. His past just won't let him go there. Unfortunately, Lizzie won't let him go anywhere else--until she discovers he is not all that he seems. Can true love survive such revelations? Full of the romance and relationships Lessman readers have come to love, *A Passion Denied* is the final book in the popular *Daughters of Boston* series.

Small Unit Leadership Baker Books

This work is a collection of observations, insights, and advice from over 50 serving and retired Senior Non-Commissioned Officers. These experienced Army leaders have provided for the reader, outstanding mentorship on leadership skills, tasks, and responsibilities relevant to our Army today. There is much wisdom and advice "from one leader to another" in the following pages.

A Passion for Leadership Penguin

Using a range of disciplines, this book explores the relationship between moral passion and rational ethical deliberation.

Crisis of Command Government Printing Office

Does your life feel cluttered? Maybe an overcrowded calendar isn't your only problem! In this updated classic, learn how our technology-focused generation can deal with stress and find balance in life by submitting to God in five areas: motivation, priorities, intellect, spiritual growth, and rest. We have schedule planners, computerized calendars, smart phones, and sticky notes to help us organize our business and social lives every day. But what about organizing the other side of our lives? The spiritual side? In *Ordering Your Private World*, Gordon MacDonald equips you to live life from the inside out, cultivating the inner victory necessary for effectiveness. Simplifying your external life begins with seeking internal order. In addition to focusing on spiritual and mental disciplines, you'll discover: The difference between being driven and being called The lifelong pursuit of the growth of the mind The importance of being a listener and reader How to exercise your soul to keep it in good shape Our culture encourages us to believe that the busy, publicly active person is also the most spiritual. Our massive responsibilities at home, work, and church have resulted in many of us on the verge of collapse. Learn to take a step back from the outer world and deal with the stress of life by developing your inner world: your soul.

Sharing Success--owning Failure Oxford University Press

What does it take to get the job done? How do you get the men in your unit to do what you say? To follow you into battle and shoot to kill? How you build the confidence that spurs men on to do their job, to stand by their leader and each other? Praise for *Small Unit Leadership* "Identifies in very specific terms what company grade officers and non-commissioned officers (NCOs) must do to ensure winning in land battle."—*Marine Corps Gazette* "Colonel Malone tackles the elusive topic of leadership with a real-world, pragmatic approach. This is not a book of intellectual theorization, but of specific techniques for leading soldiers on and off the battlefield."—U.S.N.I. Proceedings "The author condenses volumes of psychological studies into a readable and exciting book on practical military leadership."—ARMOR "Colonel Malone not only provides handy guides on what should be done and how it should be done . . . he also aids the reader in how to know that desired results are being achieved."—*Leatherneck*

The Concept of Religious Passion Thomas Nelson

What do we mean when we say that a novel's conclusion "feels right"? How did feeling, form, and the sense of right and wrong get mixed up, during the nineteenth century, in the experience of

reading a novel? *Good Form* argues that Victorian readers associated the feeling of narrative form—of being pulled forward to a satisfying conclusion—with inner moral experience. Reclaiming the work of a generation of Victorian "intuitionist" philosophers who insisted that true morality consisted in being able to feel or intuit the morally good, Jesse Rosenthal shows that when Victorians discussed the moral dimensions of reading novels, they were also subtly discussing the genre's formal properties. For most, Victorian moralizing is one of the period's least attractive and interesting qualities. But *Good Form* argues that the moral interpretation of novel experience was essential in the development of the novel form—and that this moral approach is still a fundamental, if unrecognized, part of how we understand novels. Bringing together ideas from philosophy, literary history, and narrative theory, Rosenthal shows that we cannot understand the formal principles of the novel that we have inherited from the nineteenth century without also understanding the moral principles that have come with them. *Good Form* helps us to understand the way Victorians read, but it also helps us to understand the way we read now.

Moral Issues in Military Decision Making Plume Books

Today's best companies get it. From Costco® to Commerce Bank, Wegmans to Whole Foods®: they're becoming the ultimate value creators. They're generating every form of value that matters: emotional, experiential, social, and financial. And they're doing it for all their stakeholders. Not because it's "politically correct": because it's the only path to long-term competitive advantage. These are the Firms of Endearment. Companies people love doing business with. Love partnering with. Love working for. Love investing in. Companies for whom "loyalty" isn't just real: it's palpable, and driving unbeatable advantages in everything from marketing to recruitment. You need to become one of those companies. This book will show you how. You'll find specific, practical guidance on transforming every relationship you have: with customers, associates, partners, investors, and society. If you want to be great—truly great—this is your blueprint. We're entering an Age of Transcendence, as people increasingly search for higher meaning in their lives, not just more possessions. This is transforming the marketplace, the workplace, the very soul of capitalism. Increasingly, today's most successful companies are bringing love, joy, authenticity, empathy, and soulfulness into their businesses: they are delivering emotional, experiential, and social value—not just profits. *Firms of Endearment* illuminates this, the most fundamental transformation in capitalism since Adam Smith. It's not about "corporate social responsibility": it's about building companies that can sustain success in a radically new era. It's about great companies like IDEO and IKEA®, Commerce Bank and Costco®, Wegmans and Whole Foods®: how they earn the powerful loyalty and affection that enables truly breathtaking performance. This book is about gaining "share of heart," not just share of wallet. It's about aligning stakeholders' interests, not just juggling them. It's about building companies that leave the world a better place. Most of all, it's about why you must do all this, or risk being left in the dust... and how to get there from wherever you are now.

The Theory of Moral Sentiments Simon and Schuster

Finalist for the National Book Critics Circle Award, the epic New York Times bestselling account of how Civil War general Thomas "Stonewall" Jackson became a great and tragic national hero. Stonewall Jackson has long been a figure of legend and romance. As much as any person in the Confederate pantheon—even Robert E. Lee—he embodies the romantic Southern notion of the virtuous lost cause. Jackson is also considered, without argument, one of our country's greatest military figures. In April 1862, however, he was merely another Confederate general in an army fighting what seemed to be a losing cause. But by June he had engineered perhaps the greatest military campaign in American history and was one of the most famous men in the Western world. Jackson's strategic innovations shattered the conventional wisdom of how war was waged; he was so far ahead of his time that his techniques would be studied generations into the future. In his "magnificent Rebel Yell...S.C. Gwynne brings Jackson ferociously to life" (*New York Newsday*) in a

swiftly vivid narrative that is rich with battle lore, biographical detail, and intense conflict among historical figures. Gwynne delves deep into Jackson's private life and traces Jackson's brilliant twenty-four-month career in the Civil War, the period that encompasses his rise from obscurity to fame and legend; his stunning effect on the course of the war itself; and his tragic death, which caused both North and South to grieve the loss of a remarkable American hero.

Manlihood Cambridge University Press

In a time when masculinity is derided by a culture that doesn't understand it, and labels it "toxic." and in a time where generations of men have grown up without fathers-- Manlihood: The 12 Pillars of Masculinity strives to reclaim the word "masculinity" and emphasize the nobility and honor which drives men. Responsibility, Commitment, Brotherhood, Respect, Integrity, seem to be neglected virtues, yet our world aches for them. Author Josh Hatcher hopes to inspire and reinvigorate these ideas in men today. Manlihood: The 12 Pillars of Masculinity is about personal development for men. Men want to be better, to rise above their current situations, to be better husbands, fathers, leaders - to be better men. This book tackles relationships, character, fatherhood, self help, motivation, work, and a plethora of issues that men face.

The Moral Imagination Military Bookshop

In 1950, when he commissioned the first edition of *The Armed Forces Officer*, Secretary of Defense George C. Marshall told its author, S.L.A. Marshall, that "American military officers, of whatever service, should share common ground ethically and morally." In this new edition, the authors methodically explore that common ground, reflecting on the basics of the Profession of Arms, and the officer's special place and distinctive obligations within that profession and especially to the Constitution.

On War Potomac Books, Inc.

Wall Street Journal Bestseller USA Today Bestseller Publishers Weekly Bestseller As Seen on Tucker Carlson Combat-decorated Marine officer Stuart Scheller speaks out against the debacle of the Afghan pullout as the culmination of a decades-long and still-ongoing betrayal of military members by top leadership, from generals to the commander in chief, comes to light. Lieutenant Colonel Stuart Scheller was the perfect Marine. Battle tested. A leader. Decorated for valor. Yet when the United States acted like the Keystone Cops in a panicked haphazard exit from Afghanistan for political reasons, Scheller spoke out, and the generals lashed out. In fact, they jailed him to keep him quiet, claiming he lost the "trust and confidence" bestowed upon him by the Marines. When the faith and trust is exactly what our generals and even our commander-in-chief betrayed by exercising such reckless and derelict policies. Now Scheller is free from the shackles of the Marine Corps and can speak his mind. And in *Crisis of Command*, that he does. He holds our generals' feet to the fire. The same generals who play frivolously with the lives of our service men and women for political gain. The same general who lied to political leaders to further their own agendas and careers. Stuart Scheller is here to say that the buck stops here. Accountability starts now. It's time to demand accountability and stand up for our military. In this book, Stuart Scheller shows us how.

What It Is Like to Go to War Oxford University Press

Having led change successfully at three sprawling, monumental organizations—the CIA, Texas A&M University, and the Department of Defense—Robert M. Gates offers the ultimate insider's look at how leaders can transform large organizations and companies. For many Americans, bureaucracy and corporate structure are code words for inertia. Gates knows that it doesn't have to be that way. With stunning clarity, he shares how simple plans, faithfully executed, can cut through the mire of bureaucracy to reform organizational culture. And he shows that great leaders listen and respond to their teams and embrace the power of compromise. Using the full weight of his wisdom, candor, and devotion to duty, he empowers leaders at any level to effectively implement his leadership strategies.

The Great Sex Rescue Thomas Nelson

This thesis examines the generalship, leadership, and operational art of General James N. Mattis, US Marine Corps by using Task Force 58 in Afghanistan as a formative base and then comparing elements of operational art to the conduct of the 1st Marine Division in Operation Iraqi Freedom, 2003. Mattis draws upon many historical influences that shape his operational design in both campaigns. He puts great effort and focus on ensuring that his commander's intent is understood by all his subordinates and uses a preference for a small staff in the planning and execution of his intent. He makes heavy use of personally selected liaison officers to form and sustain habitual relationships with higher and adjacent units. Through the use of historical examples and a refusal to be constrained by doctrine and popular thought he uses innovative approaches in his design. These innovative approaches often constitute paradigm shifts with contemporary thought and doctrine. A 'Mattis Way of War' is postulated in the conclusion which draws from his use of history, commander's intent, and leadership to build up a capacity, or potential energy, for action in his unit. Once built up, he unleashes this energy utilizing explicit trust in his staff and subordinates.

More than ever, people are talking about leadership. But much of today's discourse is advancing the same old misconceptions. In *The Book on Leadership*, best-selling author, pastor, and teacher John MacArthur sets the record straight: Leadership does not come from a job title. It isn't a matter of personality or charisma. And it isn't the same thing as iron-fisted authority. True leadership?the kind that refuses to bend to a shifting, fickle world?comes from a much deeper source. Based on the writings of one of the most effective spiritual leaders of all time?the apostle Paul?MacArthur presents the "26 Characteristics of a True Leader." Whether you are a business leader, civic leader, church leader, parent, teacher, or student, the life of Paul will empower you to unleash your own capacity for leadership.

Firms of Endearment Princeton University Press

New York Times Bestselling Author Colin Powell, one of America's most admired public figures, reveals the unique lessons that shaped his life and career *It Worked for Me* is a collection of lessons and personal anecdotes that shaped four star-general and former Secretary of State Colin Powell's legendary career in public service. At its heart are Powell's "Thirteen Rules,"—notes he accumulated on his desk that served as the basis for the leadership presentations he delivered throughout the world. Powell's short-but-sweet rules such as "Get mad, then get over it" and "Share credit," are illuminated by revealing personal stories that introduce and expand on his principles for effective leadership: conviction, hard work, and above all, respect for others. In work and life, Powell writes, "It is the human gesture that counts." A compelling storyteller, Powell shares parables both humorous and solemn that offer wise advice on succeeding in the workplace and beyond. "Trust your people," he counsels as he delegates presidential briefing responsibilities to two junior aides. "Do your best--someone is watching," he advises those just starting out, recalling his own teenage summer job shipping cases of soda. Powell combines the insight he gained serving in the top ranks of the military and in four presidential administrations, as well as the lessons learned from his hardscrabble upbringing in the Bronx and his training in the ROTC. The result is a powerful portrait of a leader who was reflective, self-effacing, and grateful for the contributions of every employee, no matter how junior. Powell's writing--straightforward, accessible, and often very funny--will inspire, move, and surprise readers. Thoughtful and revealing, his book is a brilliant and original blueprint for leadership.

Moral Passion and Christian Ethics Houghton Mifflin Harcourt

The full story of the role that oil played in the origins and outcome of World War II.

A Little Life Xlibris Corporation

Marine Maxims is a collection of fifty principle-based leadership lessons that Thomas J. Gordon acquired commanding Marines over a career spanning three decades of service. Dealing with the complexities and challenges of the contemporary operating environment requires an internal moral compass fixed true. These maxims focus on developing inner citadels of character, moral courage, and the resilience to persevere in a contested domain where information is key. Its purpose is to provide future leaders with a professional development plan that will steel their resolve and enable them to lead with honor. Thematically, these maxims build upon a foundation of character, courage, and will. To be effective, a leader must model and inspire the will to persevere in the face of danger or adversity. The essence of effective leadership is credibility. A leader's credibility is derived from a congruence of competence and character. Exceptional leaders are not remembered for what they accomplished, but how they did it. Those that lead with integrity will be remembered as a leader worth following.

Oil & War William Morrow

Examines the modern view of human nature and analyzes the desire to be accepted by other people.

The Mattis Way of War Revell

What if the way Christians talk about sex actually makes it worse? Based on a groundbreaking in-depth survey of over twenty thousand women, *The Great Sex Rescue* pulls back the curtain on what is happening in Christian bedrooms and exposes the problematic evangelical teachings that wreck sex for so many couples--while pointing couples to what they should have been told all along. Experience the relief of knowing that you are not broken! Elusive pleasure, mismatched desires, perpetual sexual temptation--that doesn't need to be your story any longer. This book will help you ● Discover what's holding back your sex life ● Replace harmful teachings with ones focused on freedom, passion, and love ● Move forward with check-in questions, practical applications, and reframing exercises ● Find the abundant life Jesus wants for you *The Great Sex Rescue* is a long overdue corrective to church culture, helping couples awaken the kind of intimacy and passion God intended.
