Peter
Schweizer has
been fighting
corruption—an
d winning—for
years. In
Throw Them
All Out, he
exposed
insider trading
by members
of Congress,
leading to the
passage of the

STOCK Act. In
Extortion, he
uncovered
how
politicians use
mafia-like
tactics to
enrich
themselves.
And in Clinton
Cash, he
revealed the
Clintons'
massive

money machine and sparked an FBI investigation. Now he explains how a new corruption has taken hold, involving larger sums of money than ever before. Stuffing tens of thousands of dollars into a freezer has morphed into multibillion-dollar equity deals done in the dark corners of the world. An American bank opening in China would be prohibited by US law from hiring a slew of family members of

top Chinese politicians. However, a Chinese bank opening in America can hire anyone it wants. It can even invite the friends and families of American politicians to invest in can't-lose deals. President Donald Trump's children have made front pages across the world for their dicey transactions. However, the media has barely looked into questionable deals made by those close to Barack

Obama, Joe Biden, John Kerry, Mitch McConnell, and lesser-known politicians who have been in the game longer. In many parts of the world, the children of powerful political figures go into business and profit handsomely, not necessarily because they are good at it, but because people want to curry favor with their influential parents. This is a relatively new phenomenon

in the United States. But for relatives of some prominent political families, we may already be talking about hundreds of millions of dollars. Deeply researched and packed with shocking revelations, *Secret Empires* identifies public servants who cannot be trusted and provides a path toward a more accountable government. *The Rise of Populism*

Independent Institute
THE INSTANT NEW YORK TIMES AND WASHINGTON POST
BESTSELLER A call to action from three of Washington's premier political scholar-journalists, *One Nation After Trump* offers the definitive work on the threat posed by the Trump presidency and how to counter it. American democracy was never supposed to give the nation a president like

Donald Trump. We have never had a president who gave rise to such widespread alarm about his lack of commitment to the institutions of self-government, to the norms democracy requires, and to the need for basic knowledge about how government works. We have never had a president who raises profound questions about his basic competence

and his psychological capacity to take on the most challenging political office in the world. Yet if Trump is both a threat to our democracy and a product of its weaknesses, the citizen activism he has inspired is the antidote. The reaction to the crisis created by Trump's presidency can provide the foundation for an era of democratic renewal and vindicate our long experiment in

self-rule. The award-winning authors of *One Nation After Trump* explain Trump's rise and the danger his administration poses to our free institutions. They also offer encouragement to the millions of Americans now experiencing a new sense of citizenship and engagement and argue that our nation needs a unifying alternative to Trump's dark and divisive brand of

politics—an alternative rooted in a New Economy, a New Patriotism, a New Civil Society, and a New Democracy. *One Nation After Trump* is the essential book for our era, an unsparing assessment of the perils facing the United States and an inspiring roadmap for how we can reclaim the future. *Summary: Devil's Bargain* Simon and Schuster He helped engineer one

of the greatest upsets in political history—the election of Donald J. Trump as president of the United States. Now, after a short and turbulent tenure in the White House, Steve Bannon is working on the outside to propel forward his populist agenda even when it puts him at odds with the Trump administration. Unafraid to speak the truth and unwilling to back down, Bannon has made

headlines in recent months for slamming the Trump administration's approach to North Korea and China, backing controversial Senate candidate Roy Moore at all costs, and calling members of Trump's circle—including Trump's son Don Jr. and his son-in-law Jared Kushner—"treasonous" for meeting with Russians during the election. What is Steve Bannon trying to achieve? Is he a political

genius with a promising ideology, or a muckraker without allegiances? In *Bannon: Always the Rebel*, veteran White House reporter Keith Koffler sits down for hours of interviews with Steve Bannon and gets the embattled former White House advisor talking about his plans, his current thinking about the Trump White House, and the reasons he's still fighting. "Keith Koffler's book will help

you understand why Steve Bannon still matters, and why he is one of the most powerful and important men outside the Oval Office." —SEBASTIAN GORKA, Ph.D., former deputy assistant to President Trump, author of *Defeating Jihad*, and chief strategist of the Make America Great Again Coalition. **The Hill to Die on** Macmillan + ORM The instant #1 New York

Times bestseller. From the reporter who was there at the very beginning comes the revealing inside story of the partnership between Steve Bannon and Donald Trump—the key to understanding the rise of the alt-right, the fall of Hillary Clinton, and the hidden forces that drove the greatest upset in American political history. Based on dozens of interviews conducted

over six years, Green spins the master narrative of the 2016 campaign from its origins in the far fringes of right-wing politics and reality television to its culmination inside Trump's penthouse on election night. The shocking elevation of Bannon to head Trump's flagging presidential campaign on August 17, 2016, hit political Washington like a thunderclap and seemed to signal the

meltdown of the Republican Party. Bannon was a bomb-throwing pugilist who'd never run a campaign and was despised by Democrats and Republicans alike. Yet Bannon's hard-edged ethno-nationalism and his elaborate, years-long plot to destroy Hillary Clinton paved the way for Trump's unlikely victory. Trump became the avatar of a dark but powerful worldview that

dominated the airwaves and spoke to voters whom others couldn't see. Trump's campaign was the final phase of a populist insurgency that had been building up in America for years, and Bannon, its inscrutable mastermind, believed it was the culmination of a hard-right global uprising that would change the world. Any study of Trump's rise to the presidency is unavoidably a

study of Bannon. Devil's Bargain is a tour-de-force telling of the remarkable confluence of circumstances that decided the election, many of them orchestrated by Bannon and his allies, who really did plot a vast, right-wing conspiracy to stop Clinton. To understand Trump's extraordinary rise and Clinton's fall, you have to weave Trump's story together with Bannon's, or else it doesn't make sense.

A Colony in a Nation
Random House
One of our most eminent historians reminds us of the commanding role party politics has played in America's enduring struggle against economic inequality. "There are two keys to unlocking the secrets of American politics and American political history." So begins *The Politicians & the Egalitarians*,

Princeton historian Sean Wilentz's bold new work of history. First, America is built on an egalitarian tradition. At the nation's founding, Americans believed that extremes of wealth and want would destroy their revolutionary experiment in republican government. Ever since, that idea has shaped national political conflict and scored major egalitarian victories—from the Civil War and

Progressive eras to the New Deal and the Great Society—along the way. Second, partisanship is a permanent fixture in America, and America is the better for it. Every major egalitarian victory in United States history has resulted neither from abandonment of partisan politics nor from social movement protests but from a convergence of protest and politics, and then sharp struggles led

by principled and effective party politicians. There is little to be gained from the dream of a post-partisan world. With these two insights Sean Wilentz offers a crystal-clear portrait of American history, told through politicians and egalitarians including Thomas Paine, Abraham Lincoln, and W. E. B. Du Bois—a portrait that runs counter to current political and historical thinking. As

he did with his acclaimed *The Rise of American Democracy*, Wilentz once again completely transforms our understanding of this nation's political and moral character. *The Method to the Madness* Penguin "In the fall of 1889, she was employed as a domestic servant. She was a beautiful nineteen-year-old redhead of Irish extraction. On the morning of October 19th, her body was found floating

face down in a shallow pond about a mile from her place of employment. Was it murder or suicide? Why would "politically connected" men allow themselves to be on the coroner's jury? Even more important, why were there only "connected" men on the jury? Why did the doctor who performed the autopsy insist that she drowned when there was no water found in her lungs? Why did the

District Attorney assign the case to a local counsel rather than pursue the truth himself? Why did three successful male friends all commit suicide five years after her death? Was it coincidence, bad luck, or was it Maggie's revenge?"-- Back cover. Devil's Bargain PublicAffairs A Rosetta Stone for understanding Donald Trump's style, mindset, and every action, made up of over one hundred interviews with his closest associates and adversaries over the last 15 years. To his critics, Donald Trump is an impulsive, undisciplined crackpot who accidentally lucked into the presidency. But in The Method to the Madness, reporters Allen Salkin and Aaron Short reveal that nothing could be further from the truth. This objective, nonpartisan oral history shows that Trump had carefully planned his bid for the presidency since he launched what many considered to be a joke candidacy in 1999. Between 2000 and 2015, when he announced his candidacy in the lobby of Trump Tower, he was able to identify an unserved political constituency, hone a persuasive message that appealed to their needs, and deliver it effectively,

despite intense media opposition. Through candid conversations with more than 100 subjects close to the President, Salkin and Short make the case that Donald Trump's ostensibly erratic approach to politics is consistent with his carefully honed personal and professional style of information gathering, opinion seed-planting, and conclusion

sharing. His business, media, and political dealings from this era serve as a guide for understanding the man, his mindset, and his every action. The Method to the Madness is an accessible and unbiased oral history that brings readers into the private rooms where decisions are made, confidences are broken, strong words fly, and not all eye-witnesses see the same scene in quite the same way. Full of scoops

both large and small, this is the first book to bring Trump, the politician, into focus. The Alphabet That Changed the World Twelve 'You see, if only they didn't speak English in America, then we'd treat it as a foreign country - and probably understand it a lot better' 'the sanest man in America' - Bill Bryson 'Jon Sopel nails it' - Emily Maitlis **With a brand new chapter, charting

Trump's first year in power** As the BBC's North America Editor, Jon Sopel has had a pretty busy time of it lately. In the time it's taken for a reality star to go from laughing stock to leader of the free world, Jon has travelled the length and breadth of the United States, experiencing it from a perspective that most of us could only dream of: he has flown aboard Air Force One, interviewed President

Obama and has even been described as 'a beauty' by none other than Donald Trump. Through music, film, literature, TV and even through the food we eat and the clothes that we wear we all have a highly developed sense of what America is and through our shared, tangled history we claim a special relationship. But America today feels about as alien a country as you could imagine. It is

fearful, angry and impatient for change. In this fascinating, insightful portrait of American life and politics, Jon Sopel sets out to answer our questions about a country that once stood for the grandest of dreams, but which is now mired in a storm of political extremism, racial division and increasingly perverse beliefs.

Charlottesville —and how Steve Bannon predicted the debacle How the media consistently overreached on the Russian “collusion” scandal Why Trump actually likes journalists, secretly meets with them, and allows the press unprecedented access Why Reince Priebus couldn’t do his job—and the real reason he left the White House How Sean Spicer privately berated journalists for bad reporting—an

d why he and Kellyanne Conway were relentlessly attacked by the media Never before has there been such an eye-opening, shocking look at what the White House and the media think about each other. It’s not pretty. But it also makes for the most important political book of the year. Midnight in Washington Henry Holt and Company A book of the year for Waterstones, the Daily Telegraph,

The Times, the FT, and the Irish Independent. The instant #1 New York Times bestseller. From the reporter who was there at the very beginning comes the revealing inside story of the partnership between Steve Bannon and Donald Trump — the key to understanding the rise of the alt-right, the fall of Hillary Clinton, and the hidden forces that drove the greatest upset

in American political history. Based on dozens of interviews conducted over six years, Green spins the master narrative of the 2016 campaign from its origins in the far fringes of right-wing politics and reality television to its culmination inside Trump's penthouse on election night. The shocking elevation of Bannon to head Trump's flagging presidential campaign on August 17, 2016, hit

political Washington like a thunderclap and seemed to signal the meltdown of the Republican Party. Bannon was a bomb-throwing pugilist who'd never run a campaign and was despised by Democrats and Republicans alike. Yet Bannon's hard-edged ethno-nationalism and his elaborate, years-long plot to destroy Hillary Clinton paved the way for Trump's unlikely

victory. Trump became the avatar of a dark but powerful worldview that dominated the airwaves and spoke to voters whom others couldn't see. Trump's campaign was the final phase of a populist insurgency that had been building up in America for years, and Bannon, its inscrutable mastermind, believed it was the culmination of a hard-right global uprising that would change the

world. Any study of Trump's rise to the presidency is unavoidably a study of Bannon. Devil's Bargain is a tour-de-force telling of the remarkable confluence of circumstances that decided the election, many of them orchestrated by Bannon and his allies, who really did plot a vast, right-wing conspiracy to stop Clinton. To understand Trump's extraordinary rise and Clinton's fall, you have to

weave Trump's story together with Bannon's, or else it doesn't make sense. One Nation After Trump UNC Press Books Rabbinic tradition asserts that every letter of every word of the Torah is a word in itself. Author Stan Tenen demonstrates that each letter is also a hand gesture, and it is at this level that Hebrew forms a natural universal language. All people, including children

before they speak and together with people without sight, make natural use of these gestures. In The Alphabet That Changed the World, Tenen examines the Hebrew text of Genesis and its relationship to the alphabet. He shows how each letter is both concept and gesture, with the form of the gesture matching the function of the concept. There is thus an implicit relationship between the physical world of function

and the conscious world of concept. Using over 200 color illustrations, Tenen demonstrates geometric metaphor as the best framework for understanding the deepest meaning of the text. Such geometry models embryonic growth and self-organization and the core of many healing and meditative practices. Many subjects in contemporary science were derived from

the methods and means available to the ancients; The Alphabet That Changed the World makes this authoritative recovery of the "science of consciousness" in Genesis accessible for the first time to the contemporary reading public. If Only They Didn't Speak English Penguin In "Killing Mr. Hyde," a former Wall Street trader descends into the abyss of alcoholism and loses

everything valuable in his life. Finding his way back from the gates of insanity and death was not possible without God's help. In this striking narrative, Michael Lassman does a superb job of defining a complex spiritual malady responsible for creating a host of unwelcome character defects that were preventing him from recovering. Over time, Lassman finds himself

becoming less and less of the person God intended for him to be and more and more of a dangerous and delusional alcoholic. At the end of his rope, he finally embarks on an introspective journey and process that allowed God to eliminate the deficiencies in his life that were perpetuating his alcoholism and destroying everything dear to him. "Killing Mr. Hyde"

masterfully breaks down and identifies the relational blockage that exists between God and ourselves and offers insightful, practical solutions to eliminating the things in our souls that are keeping us sick. The true and personal stories interwoven throughout this book are carefully crafted, relevant, and will resonate with anyone struggling to fight their own demons. You'll laugh, cry, and be

amazed as a seemingly hopeless situation transforms into a redemptive journey back to sanity and a chance at new life. Unbelievable Vintage New York Times Bestseller New York Times Book Review Editors' Choice "An essential and groundbreaking text in the effort to understand how American criminal justice went so badly awry." —Tanehisi Coates, author of

Between the World and Me In A Colony in a Nation, New York Times best-selling author and Emmy Award-winning news anchor Chris Hayes opens the national conversation on policing and democracy. Drawing on wide-ranging historical, social, and political analysis, as well as deeply personal experiences with law enforcement, Hayes contends that our country has fractured

in two: the Colony and the Nation. In the Nation, the law is venerated. In the Colony, fear and order undermine civil rights. With great empathy, Hayes seeks to understand this systemic divide, examining its ties to racial inequality, the omnipresent threat of guns, and the dangerous and unfortunate results of choices made by fear. **Media Madness** HarperCollins Presidents

who claimed to limit government often actually did the opposite. History often looks unfavorably on presidents who may have actually contributed smart and important policies. Were Harding and Coolidge really as ineffective as their reputations maintain? Did Hoover not do enough to end the Depression? Was Reagan a true champion of small-government conservatism?

We all know that the American president is one of the most powerful people in the world. But to understand the presidency today we often have to learn from the past. Author Ivan Eland offers a new perspective in *Eleven Presidents* on the evolution of the executive office by exploring the policies of eleven key presidents who held office over the last one hundred years: Warren

G. Harding, Calvin Coolidge, Herbert Hoover, Dwight D. Eisenhower, Richard Nixon, Gerald Ford, Jimmy Carter, Ronald Reagan, George H. W. Bush, Bill Clinton, and George W. Bush. The book combines an exploration of how political currents shape historical legacies with an in-depth analysis of presidents' actual policies. An important, revealing book

about the presidency, legacy, and the formation of history, *Eleven Presidents* is essential reading for understanding the American presidency.

Eleven Presidents

Random House National Bestseller On January 21, 2017, millions of people gathered worldwide for the Women's March, one of the largest demonstrations in political history. Together they raised their voices in

hope, protest, and solidarity. This inspiring collection features 500 of the most eloquent, provocative, uplifting, clever, and creative signs from across the United States and around the world. Each is a powerful reminder of why we march. As with the recent battle cry of "Nevertheless, she persisted," these messages continue to reverberate daily and fortify a

movement that will not be silenced. All royalties from the sale of this book will be donated to Planned Parenthood. **The Engagement** Simon and Schuster A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • The riveting story of the conflict over same-sex marriage in the United States—the most significant civil rights breakthrough of the new millennium "Full of

intimate details, battling personalities, heated court cases, public persuasion." —John Williams, The New York Times On June 26, 2015, the U.S. Supreme Court ruled that state bans on gay marriage were unconstitutional, making same-sex unions legal across the United States. But the road to that momentous decision was much longer than many know. In this definitive account,

Sasha
Issenberg
vividly guides
us through
same-sex
marriage's
unexpected
path from the
unimaginable
to the
inevitable. It is
a story that
begins in
Hawaii in
1990, when a
rivalry among
local activists
triggered a
sequence of
events that
forced the
state to justify
excluding gay
couples from
marriage. In
the White
House, one
president
signed the
Defense of
Marriage Act,
which

elevated the
matter to a
national issue,
and his
successor
tried to write
it into the
Constitution.
Over twenty-
five years, the
debate played
out across the
country, from
the first legal
same-sex
weddings in
Massachusetts
to the epic
face-off over
California's
Proposition 8
and, finally, to
the landmark
Supreme
Court
decisions of
United States
v. Windsor
and Obergefell
v. Hodges.
From churches
to hedge

funds, no
corner of
American life
went
untouched.
This richly
detailed
narrative
follows the
coast-to-coast
conflict
through
courtrooms
and war
rooms,
bedrooms and
boardrooms,
to shed light
on every
aspect of a
political and
legal
controversy
that divided
Americans like
no other.
Following a
cast of
characters
that includes
those who
sought their

own right to wed, those who fought to protect the traditional definition of marriage, and those who changed their minds about it, The Engagement is certain to become a seminal book on the modern culture wars. Horsemens of the Trumpocalypse Crown Publishing Group (NY) From 2007 to 2010 Swaim worked for Mark Sanford, South Carolina's governor, as a communications officer and

speechwriter. Everyone knows this kind of politician: a charismatic maverick who goes up against the system and its ways, but thinks he doesn't have to live by the rules. Swaim tells the story of a band of believers who attach themselves to this sort of ambitious narcissist-- and what happens when it all comes crashing down. **The Waxman Report** Bold Type Books The sound of

the public address announcer yelling out "Deeeee for Threeeee!" reverberated throughout the Assembly Hall for four magnificent seasons, "The One-Man Fast Break" became a household term to college basketball fans around the country, and orange headbands sold out in sporting goods stores everywhere in central Illinois. Dee Brown will probably go down in history as the

most popular player to ever suit up for the University of Illinois, as he became the ideal teammate and a positive role model for children all over the state during his four years of basketball bliss in Champaign-Urbana. The daily newspaper that covered Dee Brown more than any other, The

News-Gazette in Champaign, has put together a tribute to a player no Fighting Illini fan will ever forget. *Dee Brown: My Illini Years* highlights his four seasons through numerous articles and stories first found in the pages of the paper's sports section, along with dozens of vibrant full-

color photos. The book also features tribute sections, an epilogue from Coach Bruce Weber, and quotes from teammates, coaches, and UI fans who witnessed the amazing and thrilling career of a college basketball legend that was highlighted by a trip to the 2005 national championship game.
