The Negotiable Instruments Law

Sagwan Press

Excerpt from The Law of Negotiable Instruments: Including Promissory Notes, Bills of Exchange, Bank Checks and Other Commercial Paper, With the Negotiable Instruments Law Annotated, and Forms of Pleading, Trial Evidence and Comparative Tables Arranged Alphabetically by States
 The law herein set out is the law settled by the authorities rather than the writer's own views. The object has been to enable one readily to find the law of bills, notes and checks in any state or territory in the

United States. The peculiarities of the law in those states which have adopted the Negotiable Instruments Law are set forth and all modifications are pointed out. The peculiarities of the law in those states which have not adopted the Negotiable Instruments Law are collected and arranged alphabetically by states. Thus the writer has endeavored to cover the entire field of the law of negotiable instruments, citing cases from every jurisdiction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst

repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

A Treatise on the Law of Bills and Notes West Academic Publishing

In *The End of Negotiable Instruments: Bringing Payments Systems Law Out of the Past*, author James Rogers challenges the basic assumptions of the law of checks and notes and its history, and provides a well-reasoned account of how the law could be changed to better suit the evolution of new payment technologies. The modern American law of payment systems is in disarray. Efforts to create a unified body of law for payment systems

have so far been unsuccessful. Part of the reason for that failure is the assumption that the existing law works well for the traditional paper-based check system, and that problems have been created only by the evolution of new technologies. *The End of Negotiable Instruments* argues that this assumption is unfounded. The basic law of checks is itself anachronistic. There are no other books that undertake a similar analysis—there are legal treatises on the law of checks and notes, but all of them take for granted the basic assumptions challenged in this book. Several articles were published in the late twentieth century concerning the dispute over the application of certain doctrines of traditional negotiable instruments law to modern consumer finance transactions, but none of this literature went on to consider the broader question of whether there is anything worthwhile left in negotiable instruments law.

The Negotiable Instruments Law with Comments and Criticisms Oxford University Press

Tool for teaching Revised UCC Article 3 and 4 and related commercial paper. Coverage largely traditional (mostly negotiable instruments) but presentation is new. Every section is divided into three parts: A basic explanation of the law (the Story); that sets up cases and other

primary sources (the Law); that are behind a logical and easy-to-teach set of problems (Practice). Each section is freestanding to allow instructors to pick and choose what to teach, using text, cases, problems or a combination of all. Chapters are designed to allow flexibility with respect to substance and individual method of teaching.

The Law of Negotiable Paper

"This book gives a thorough overview of Article 3 of the Uniform Commercial Code, commonly referred to as negotiable instruments or commercial paper [sec. 1-101(a) and 3-101], which contains the statutory framework that provides rules to

facilitate the transfer of negotiable instruments and increase their acceptance in our commercial system"--
