In his new novel, Paulo Coelho, bestselling author of *The Alchemist* and *Adultery*, brings to life one of history's most enigmatic women: Mata Hari. HER ONLY CRIME WAS TO BE AN INDEPENDENT WOMAN When Mata Hari arrived in Paris she was penniless. Within months she was the most celebrated woman in the city. As a dancer, she shocked and delighted audiences; as a courtesan, she bewitched the era's richest and most powerful men. But as paranoia consumed a country at war, Mata Hari's lifestyle brought her under suspicion. In 1917, she was arrested in her hotel room on the Champs Elysees, and accused of espionage. Told in Mata Hari's voice through her final letter, *The Spy* is the unforgettable story of a woman who dared to defy convention and who paid the ultimate price.

A chance meeting in Rio takes her to Geneva, where she dreams of finding fame and fortune, yet ends up working as a prostitute. In Geneva, Maria's despairing view of love is put to the test when she meets a handsome young painter. In this odyssey of self-discovery, Maria must choose between pursuing a path of darkness—sexual pleasure for its own sake—or risking everything to find her own inner light and the possibility of true love.

**Hey You!** Vintage

England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years and marry Anne Boleyn. The pope and most of Europe oppose him. The quest for the king's freedom destroys his advisor, the brilliant Cardinal Wolsey, and leaves a power vacuum and a deadlock. Into this impasse steps Thomas Cromwell. The son of a brutal blacksmith, a political genius, a briber, a bully and a charmer, Cromwell has broken all the rules of a rigid society in his rise to power. Narrowly escaping personal disaster—the loss of his young family and of Wolsey, his beloved patron—he picks his way deftly through a court where “man is wolf to man.” Pitting himself against parliament, the political establishment and the papacy, he is prepared to reshape England to his own and Henry's desires. In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. *Wolf Hall* re-creates an era when the personal and political are separated by a hair's breadth, where success brings unlimited power, but a single failure means death.

The hunters become the hunted when the Elric brothers and Prince Lin set a trap for the homunculus with the insatiable appetite -- Gluttony! One another front, state politics are shaken up when a horrifying truth about Fuhrer President King Bradley is revealed -- and Colonel Roy Mustang is right there to capitalize on the situation.

**Wolf Hall** One World

In this provocative and dreamy parable, a young man disillusioned by the corruption of his homeland sets out on a quest to find Gebel, the land of perfection, from which no one has ever returned. On his way, Ibn Fattouma passes through a series of very different lands--realms where the moon is worshipped, where marriage does not exist, where kings are treated like gods, and where freedom, toleration, and justice are alternately held as the highest goods. All of these places, however, are

inevitably marred by the specter of war, and Ibn Fattouma finds himself continually driven onward, ever seeking. Like the protagonists of *A Pilgrim's Progress* and *Gulliver's Travels*, Naguib Mahfouz's hero travels not through any recognizable historical landscape, but through timeless aspects of human possibility.
