SOON TO BE A MAJOR MOTION PICTURE --

IN THEATERS JANUARY 2016 The harrowing, true account from the brave men on the ground who fought back during the Battle of Benghazi. 13 HOURS presents, for the first time ever, the true account of the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing

extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. 13 HOURS sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. 13

HOURS is a stunning, eye-opening, and intense book--but most importantly, it is the truth. The story of what happened to these men--and what they accomplished--is unforgettable.

"A minor classic in its laconic, spare, compelling evocation by a participant of the shifting moods and maneuvers of the most dangerous moment in human history."—Arthur M. Schlesinger, Jr. During the thirteen days in October 1962 when the United States confronted the Soviet Union over its installation of missiles in Cuba, few people shared the behind-the-scenes story as it is told here by the late Senator Robert F. Kennedy. In this unique account, he describes each of the participants during the sometimes hour-to-hour negotiations, with particular attention to the actions and views of his brother, President John F. Kennedy. In a new foreword, the distinguished historian and Kennedy adviser Arthur Schlesinger, Jr., discusses the book's enduring importance and the significance of new information about the crisis that has come to light, especially from the Soviet Union.

For fans of David Sedaris and Nora Ephron, a humorous, irreverent, and poignant look at the gifts, stereotypes, and inevitable challenges of aging, based on award-winning journalist Steven Petrow's wildly popular New York Times essay, "Things I'll Do Differently When I Get Old." Soon after his 50th birthday, Petrow began assembling a list of "things I won't do when I get old"—mostly a catalog of all the things he thought his then 70-something year old parents were doing wrong. That list, which included "You won't have to shout at me that I'm deaf," and "I won't blame the family dog for my incontinence," became the basis of this rousing collection of do's and don'ts, wills and won'ts that is equal parts hilarious, honest, and practical. The fact is, we don't want to age the way previous generations did. "Old people" hoard. They bore relatives—and strangers alike—with tales of their aches and pains. They insist on driving long after they've become a danger to others (and themselves). They eat dinner at 4pm. They swear they don't need a cane or walker (and guess what happens next). They never, ever apologize. But there is another way... In

Stupid Things I Won't Do When I Get Old, Petrow candidly addresses the fears, frustrations, and stereotypes that accompany aging. He offers a blueprint for the new old age, and an understanding that aging and illness are not the same. As he writes, "I meant the list to serve as a pointed reminder—to me—to make different choices when I eventually cross the threshold to 'old.'" Getting older is a privilege. This essential guide reveals how to do it with grace, wisdom, humor, and hope. And without hoarding. Praise for Stupid Things I Won't Do When I Get Old: "Unbelievably witty and relatable, I alternated bursting into laughter and placing my hand over my face in horror thinking, Oh my God, is that me? I often say, at this age we have something young people can never have...wisdom. My dear friend, Steven Petrow, has wisdom to share in this honest, funny, wry guide to keep us young at heart, without desperately hanging onto our youth. I am buying this book for all of my friends!" —Suzanne Somers, New York Times bestselling author of *A New Way to Age* "Stupid Things I Won't Do When I Get Old is an irreverent, funny, honest look at

aging and all the things we take for granted as normal parts of aging. They don't need to be. If you struggle with getting older and want to find a fresh perspective on lessons learned about what NOT to do as we age, and what TO do to stay young in heart, spirit, mind and body, read this book." —Mark Hyman, MD, #1 New York Times bestseller author of *The Blood Sugar Solution 10-Day Detox Diet*, and Head of Strategy and Innovation at the Cleveland Clinic Center for Functional Medicine. "Steven Petrow resolved to do things differently than his parents had when he gets old because he wished they'd been able to enjoy life more. His solution? He created a list! In this book, he shares the secrets to living a full life regardless of our age. It's all about the decisions we make every day. My advice in a nutshell: Read this book and keep it handy." —"Dear Abby" (Jeanne Phillips), nationally syndicated advice columnist "It's never too early to imagine what your life will look like as you age. And as I once wrote, 'We are not hostages to our fate.' Petrow's book will help you plan, think, and redefine what it means to get older—and even laugh while doing it."

—Andrew Weil, MD, New York Times bestselling author of *Spontaneous Healing* and *Healthy Aging: A Lifelong Guide to Your Well-Being* "Steven Petrow not only has a great attitude about life, he is wise about how to live it. Like me, he says we should embrace our one life 100% and not let a number—our age—get in the way of anything! Steven's book will help you rethink the word "aging" and approach this next chapter with a positive and proactive attitude. Plus, this book is fun!" —Denise Austin, renowned fitness expert, author, and columnist "Steven's writing feels like sitting with a friend—one who is unusually gracious, warm and frank." —Carolyn Hax, author of the nationally syndicated advice column, Carolyn Hax Praise for Steven Petrow: "Steven Petrow's *Complete Gay & Lesbian Manners* helps gays and straights navigate the subtleties of the same-sex world." —People "Move over, Emily Post! When it comes to etiquette for members of the gay, lesbian, bisexual and transgender community—as well as their straight friends, family members and coworkers--author and journalist Steven Petrow is the authority." —TIME "What could've easily become a

novelty book has emerged as an exhaustively researched, essential resource thanks to advice columnist and etiquette expert Steven Petrow." —The Advocate "From having kids to planning funerals, Steven Petrow's *Complete Gay & Lesbian Manners* has most facets of gay life covered. Ms. Post would approve." —Entertainment Weekly "An indispensable refresher course...on what's proper in modern...life." —Kirkus Reviews
Lone Survivor First Second
 From the author of *Thirteen Hours - A Sunday Times '100 best crime novels and thrillers since 1945'* pick *The Woman in the Blue Cloak* is a brilliant novella which will thrill and entertain fans of Deon Meyer's much-loved detective Benny Griessel. Benny Griessel is a cop on a mission: he plans to ask Alexa Bernard to marry him. That means he needs to buy an engagement ring - and that means he needs a loan. So Benny has a lot on his mind when he is called to a top-priority murder case. A woman's body is discovered, naked and washed in bleach, draped on a wall beside a picturesque road above Cape Town. The identity of the victim is a mystery, as is the reason for

her killing. Gradually, Benny and his colleague Vaughn Cupido begin to work out the roots of the story, which reach as far away as England and Holland... and as far back as the seventeenth century. How to Break Up with Your Phone Image In 1913, psychiatrist and psychoanalyst Carl Gustav Jung (1875-1961) experienced an episode of psychosis, seeing visions and hearing voices in what he called a horrible 'confrontation with the unconscious.' But, instead of seeking to minimize the hallucinations after this initial episode, Jung believed there was tremendous value in this unconscious content and developed methods to encourage hallucinations. Over some sixteen years, he recorded his experiences in a series of small journals, which he later transcribed in a large, red, leather-bound volume, commonly known as 'The Red Book'. Jung never published the *Liber Novus*, as he called this pivotal part of his oeuvre, and left no instructions for its final disposition, and it therefore remained unpublished until recently. 'The Red Book Hours' complements the facsimile edition and English-language translation of 'The Red Book', published in 2009, and draws

out the insights into Jung's affinity with art as a means of personal insight.

From celebrated authors Amy Hempel and Jill Ciment writing as A.J. Rich, a smart, thrilling, sexy, and emotionally riveting novel of psychological suspense about an accomplished woman involved with a man who proves to be an imposter. Morgan Prager, at age thirty, is completing her thesis on victim psychology at John Jay College of Criminal Justice in Manhattan. She is newly engaged to Bennett, a seductive but possessive and secretive man. She returns from class one day to find Bennett mauled to death, and her dogs—a Great Pyrenees and two pit bulls she has rescued—covered in blood. Bewildered and devastated that her dogs could have committed such violence, she worries that she might suffer from one of the syndromes she studies: pathological altruism, when selfless acts do more

damage than good. When Morgan tries to locate Bennett's parents to tell them about their son's hideous death, she discovers he was not the man he said he was. Everything he has told her—where he was born, where he lives and works—was a lie. In fact, he has several fiancées, and fits the clinical definition of a sociopath. And then, one by one, these other women are murdered. Suddenly Morgan's research into Bennett takes on the urgency of survival: to stay alive, she must find out who is killing the women Bennett was closest to. Unsettling and highly suspenseful, this is a brilliant collaboration between two outstanding writers.

soul about the enigmatic complexities conjured by the human heart, subconscious brain that ultimately lead to the destruction of their subtle souls. Consequently, arriving at a phase of human nature that explores itself through agony, embracing of uncertainty and difficult times, realizations, self development and growth, change, power and eventually the resiliency of oneself that comprehends only one thing that our nature of the soul may be delicate but it's entirely invincible. The 2009 financial stimulus bill ran to more than 1,100 pages, yet it wasn't even given to Congress in its final form until thirteen hours before debate was set to begin, and it was passed twenty-eight hours later. How are representatives expected to digest so much information in such a short time. The answer? They aren't. With *Legislating in the Dark*, James M. Curry reveals that the availability of information about legislation is a key tool through which Congressional leadership exercises power. Through a deft mix of legislative analysis, interviews, and participant observation, Curry shows how congresspersons—lacking the time and resources to study bills deeply themselves—are forced to rely on information and cues from their leadership. By controlling their rank-and-file's access to information, Congressional leaders are able to emphasize or bury particular items, exploiting their information advantage to push the legislative agenda in directions that they and their party prefer. Offering an

unexpected new way of thinking about party power and influence, *Legislating in the Dark* will spark substantial debate in political science.

For seventeen years I'd lived in Adalita, Pennsylvania, a town that took pleasure in my torment and refused to leave me as anything but broken. Four months ago, I left. I'd driven thirteen hours to Everlee Falls, Georgia, to live with my Gamma for senior year. I'd moved to give myself the chance to fall in love with a life that I'd missed out on for far too long. I'd expected to find hope, I'd hoped to find freedom, but I'd never expected him. I was too

damaged to recognize the beginning. But all it took was a moment, and he was positive he'd invade every one of mine. If I pushed, he pulled. If I ran, he followed. I was his fate. Meekai was my north star. I was what he chose to

remember. He was a goodbye my soul refused to forget. *Trigger Warning: Please be warned, this duet includes scenes of sexual assault and sensitive subject matter.
