This reader was developed to be used in numerous courses taught in sociology, anthropology, history, political science and global studies. This book will fit into any course that is focused on contemporary global issues. It is appropriate for an introductory course, as well as for more specialised upper level courses. The readings have been selected from

numerous well respected journals (including numerous SAGE journals) as well as from the popular press. The journal articles have been edited to make them more 'user friendly' for the undergraduate student. The reader includes a topic guide to help the instructor better integrate the material into their course and well-crafted section openers place each article in context for the students .

Throughout the War in Southeast Asia, Communist forces from North Vietnam infiltrated the isolated, neutral state of Laos. Men and supplies crossed the

mountain passes and travelled along an intricate web of roads and jungle paths known as the Ho Chi Minh Trail to the Viet Cong insurgents in South Vietnam. American involvement in Laos began with photo-reconnaissance missions and, as the war in Vietnam intensified, expanded to a series of air-ground operations from bases in Vietnam and Thailand against fixed targets and infiltration routes in southern Laos. U.S. Air Force leaders and aircrews flying interdiction missions over Laotian territory faced a unique set of challenges. Their efforts were plagued by political controversies, daunting weather, rugged terrain, a tenacious foe, and above all a

bewildering array of rules of engagement limiting the effectiveness of air operations. *Interdiction in Southern Laos, 1960-1968* examines this complex operational environment. Many of these issues—particularly those relevant to conducting a politically sensitive, limited war from foreign bases, with a commitment to minimizing civilian casualties—are still relevant today and for the foreseeable future as the modern Air Force meets its responsibilities in an ever-changing global environment. The Rocky Road To Democracy

Peachpit Press

Bringing together the Soviet historical experience and Stalin-era art in novels, films, poems, songs, painting, photography, architecture and advertising, Dobrenko examines Stalinism's representational strategies and demonstrates how real socialism was begotten of Socialist Realism.

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

 "THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his

honor, home, & life."--Ismail Kadare, Albanian writer.

This book builds a new vision of the development of Russian revolutionary culture, bringing together fiction, criticism, utopian projects, manifestos, performance and film theory, religious philosophy, and the imaginary space of communism centered around the Mummy of Lenin. Revolution and modernization are two main issues of the book. The author argues that in Modernism the work of art was conceived as a miniature of the world to come; thus, art was meant to make projects, not master-pieces. He analyzes the genre of the manifesto as a special rhetorical device of modernist discourse and shows how projects of biological and social engineering elaborate a vision of a future human type apt to exist under unprecedented conditions. Red Square, Black Square traces the process of totalitarian reduction of the modernist impulse into a rigid party doctrine. It follows the turbulent development of Russian Modernism through its categorical arrest under the official doctrine of "socialist realism." Moscow's Red Square is

examined as a primal communist space that manifests the symbolism of power. Viewing communism as an aesthetically, not economically, motivated society, the book enacts "political aesthetics" as a discipline that provides the fundamental tool for an adequate and thorough understanding of communism. Todorov concludes by discussing the rise of nationalism in Eastern Europe as a post-communist condition, and the new mission of the intellectuals.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that

their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war."

Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

"The Kosova Liberation Army (KLA) was the first successful insurgent movement in Europe since the Second World War. In the struggle against Milosevic's Serbia it developed from a tiny group of conspirators in the Swiss political underground in the 1980s to an 18,000 strong military force that was allied with NATO between 1997 and 1999. In this ground-breaking and innovative history, James Pettifer traces the development of the force using previously unknown documents from Russian, American, Serbian, Swiss archives, amongst others, numerous interviews with participants and observers and eye witness material. The

KLA drew on deep historical traditions of resistance to Serbian rule in Kosova, but in other respects was highly innovative and was the first postmodern insurgency for which the image it carried in the media was almost as important as its achievements in the campaign. The book focuses in particular depth on the work of the KLA leaders in secret organisations prior to the war, and how Milosevic misunderstood the nature of the opponent he was facing. This also applied to many NATO nations, who often saw the unique Kosova struggle as an extension of the earlier Bosnian and Croatian conflicts. The author draws on years of study of the region and personal knowledge of many of the KLA and other leaders involved to write what should become the standard account of the origins of the conflict."--BLACKWELLS.

From the moment that Gjorg's brother is killed by a neighbour, his own life is forfeit: for the code of Kanun requires Gjorg to kill his brother's murderer and then in turn be hunted down. After shooting his brother's killer, young Gjorg is entitled to thirty days' grace - not enough to see out the month of April. Then a visiting honeymoon couple cross the path of the fugitive. The bride's heart goes out to Gjorg, and even these 'civilised' strangers from the city risk becoming embroiled in the fatal mechanism of vendetta.

Life is War: Surviving Dictatorship in Communist Albania is a collection of oral histories that guides readers through through the decades (1944-1992) in which everything was controlled by the Communist Party; what work one could do, what food was available, and even who one could marry. The reader accompanies Shannon, the author and historian, through intimate interviews with six Albanian men and women. We hear how everyday people survived shocking living conditions, political persecution and oppression dependent on ethnicity, political status, gender and sexuality. This is a thorough and vivid history of lived communism in Albania, charting political and ideological shifts through the experiences of those who survived. *Life is War* stands as remarkable and profound testimony to the resilience of humanity in the face of unrelenting political terror. An accurate and precise historical work, engagingly rendered from life narratives, it plunges the reader into the difficult emotional truths that are at the core of remembering Albania's communist past. *Life is War* is a valuable contribution to studies of everyday life under communism

and dictatorship. Eloquently written and expertly researched, it will appeal to readers interested in life histories, war, communism, European history and trauma studies.

This collection of 24 readings is the first comprehensive treatment of important topics by leading figures in the rapidly growing interdisciplinary field of animal cognition. Taken together the essays provide the nucleus for an introductory course in animal cognition (cognitive ethology and comparative psychology), philosophy of biology, or philosophy of mind. Selections are grouped in five sections: Perspectives on Animal

Cognition; Cognitive and Evolutionary Explanations; Recognition, Choice, Vigilance, and Play; Communication and Language; and Animal Minds. Seventeen essays are reprinted from the authors much cited two-volume collection, Interpretation and Explanation in the Study of Animal Behavior. One essay taken from that book has been subsequently revised, and five additional essays are recent examples of critical thinking in cognitive ethology. The preface and final chapter, "Ethics and the Study of Animal Cognition," are new. A Bradford Book
