 Rae Colbert's family is cursed and they have the scars to prove it. But no matter where they go the darkness always seems to follow. At the age of eight, Rae discovered a perfect way to protect her heart: a cold, hard, and unbreakable shell that has left her comfortable, numb, and detached from the world around her. For the past nine years, Rae's shell has protected her from pain, but when her parents move to a small town in Oklahoma and she meets the strangely familiar Alex Loving, everything that she has worked so hard to build begins to crumble. The story begins to unravel when Rae finds several tattered notes tucked away in an old family scrapbook. With only a few letters in hand, she sets out to discover the secrets of her past. In the process, she uncovers the source of her family's darkness and the true identity of the mysterious Alex Loving. Follow Rae as she finds a better way to protect her heart. Discover the light that breaks through the darkness and changes her world forever. This is a story about eternal love, a story about healing, and the story of Rae, a girl who finds her purpose buried deep beneath her pain.

 Talking to people about your designs might seem like a basic skill, but it can be difficult to do efficiently and well. And, in many cases, how you communicate about your work with stakeholders, clients, and other non-designers is more critical than the designs themselves—simply because the most articulate person usually wins. This practical guide focuses on principles, tactics, and actionable methods for presenting your designs. Whether you design UX, websites, or products, you'll learn how to win over anyone who has influence over the project—with the goal of creating the best experience for the end user. Walk through the process of preparing for and presenting your designs Understand stakeholder perspectives, and learn how to empathize with them Cultivate both implicit and explicit listening skills Learn tactics and formulas for expressing the most effective response to feedback Discover why the way you follow through is just as crucial as the meeting itself Educate your stakeholders by sharing the chapter from this book on how to work with designers

In this book, Fred Zaspel explores the provisions of the New Covenant and expounds its implications for life and worship as well as for biblical interpretation. By doing so, he provides a clear guide for under-standing the "big picture" of the Bible and an exulting appreciation of the glorious privileges that belong to every Christian. He also shows that the inauguration of the New Covenant is the hinge of biblical and redemptive history and that its promises define the nature of the privileges of the people of

God and their status in Christ.

This author's works have been praised by numerous celebrities, the most notable being Nelson Mandela who described two of his African stories as 'Wonderful', the late Princess Diana who used to read two of his books to the Princes William and Harry when they were aged 9 and 7 years, and a former Chief Inspector of Schools for The Office for Standards in Education, Children's Services and Skills (OFSTED), who described the author's writing to the press as being of 'High quality literature.'The Kilkenny Cat has been written as a trilogy. Book One deals with the theme of 'truth', Book Two with 'justice', and Book Three on the theme of 'freedom'.All three books seek to show that truth, justice or

freedom cannot exist in isolation, and that the only way one can experience any one of them is when one is able to experience all three. Book Three is set in the English North and has as its backdrop, the riots that embraced this area from the 1990s onwards. Recent riots all around the country merely reflect how deeply rooted the 'gang culture' of Great Britain has since become. The trilogy is designed to show that every country on the face of the Earth exercises discrimination against some of its citizens. The nature of discrimination may subtly change and vary from one country and situation to another in both shape and form, but it will always be present in some degree for those of us who care to look. Particular forms of discrimination looked at in this trilogy include the issues of colour, race, religion, age, culture, sexism, disability, homophobia, gypsies, asylum seekers, refugees and economic migrants. These issues are looked at through the eyes of travelling cats, whose experiences mirror those of human society. Overarching all the themes of this trilogy is the issue of 'Good' versus 'Evil', where the terms 'God' and 'Satan' are used to denote opposing values, qualities and lifestyles. The speech of the cat characters who come from Jamaica is distinguished from the speech used by non-Jamaican cats by changing the word 'you' to 'ya' and its linguistic associates, and no attempt has been made to replicate the patois more commonly used by many Jamaican citizens. The *Kilkenny Cat Trilogy* is an allegorical story of all manner of discrimination practised throughout the world; and particularly in Ireland, Jamaica and England. Told through the eyes and experiences of travelling gypsy cats, it is a must for all cat lovers and students of the discrimination, the 'Northern Riots', Ireland, Jamaica and Northern England and 'Good v Evil.' It is suitable for reading by teenagers and adults.

*True Christianity: It May Not Be What You Think* seeks to define true Christianity and to help persons progress toward practicing it. The second edition includes some changes/corrections, some updated links, and seven new chapters, which makes a total of 51 chapters (in addition to the introduction). The book's introduction is followed by 51 mainly very short chapters that are subdivided into five parts. The chapters in the first part define true Christianity (also called authentic Christianity or real Christianity) and offer general guidelines for practicing it. Chapters in the second section discuss specific attitudes and beliefs. Chapters in the third segment cover specific behaviors. The fourth portion is probably the most unusual one. It discusses the relationship between Christianity and some other beliefs and practices. This fourth section includes generally very brief discussions of subjects such as atheism, agnosticism, religions other than Christianity, hypnotism, mental illness, and ESP. One chapter in this fourth part deals briefly with some of the unusual events the author has experienced or witnessed. Part five concludes the book with a brief summary/epilogue. A few chapters in the book deal much with the author's own views and/or experiences. A few cite numerous other sources to support the author's views. All chapters reflect the author's personal perspective rather than

that of any particular Christian denomination or any other person. Each chapter after the introduction contains two or more sometimes provocative "Questions for Reflection and Discussion." The author hopes the book will help persons live happier, healthier, longer, more fruitful lives by coming closer to practicing true Christianity.

(2nd edition; 2016) I have recently revised this book (June 2016) in order to provide the general public with updated information about product diversion, skin cancer statistics, hair removal options and what to look for in an esthetician. This book provides an overview, the goal of which is to help the general public navigate their way through various skin care options before committing to a medical or surgical procedure that could be expensive, irreversible and possibly dangerous. (Estheticians, please give this little book a quick read and pass it along to your clients, your friends, their friends, etc. Let's get the word out that Estheticians Are a Girl's Best Friend!) Women in particular are bombarded with ads advising them to nip, tuck, lift, tighten, slim, change and fix. In other words, we are urged to alter who we are and how we look. But no matter what any manufacturer, salesperson, or the media tries to tell you (or sell you), there is no anti-aging miracle product that will work for every woman. We all have personal variables which determine how well our skin will age such as genetics, environmental exposure, lifestyle choices, hormones and health issues. And even within those parameters, much depends upon how the skin is maintained throughout one's life.
