COLE RAMIREZ

Tennis Lulu Press, Inc
Discusses the personal and political life of Franklin and Eleanor Roosevelt, including their many accomplishments.

Rienzi BRILL

Drawing on case studies mostly from Asia and

Africa, this book reconsiders the increasing interconnectedness between world regions from a perspective of 'translocality'. It suggests a more comprehensive reading of processes often simplified as 'global', very recent, unidirectional, and 'Western'-dominated.

The Dictionary of Anthropology
Wentworth Press

The Dictionary of Anthropology is designed to become the standard reference guide to the discipline of social and cultural anthropology. Its core consists of substantial analytical articles focusing on key anthropological concepts, theories and methodologies.

The Art of Virtue EDITIONS

JEAN-PAUL GISSEROT

Des arbres gñalogiques des familles royales de

France; une brève

biographie de chaque roi.

Tijdschrift op het gebied van geslacht-, wapen- en zegelkunde BRILL

This book is a study of 'collecting' undertaken by Joseph Antoine Bruni d'Entrecasteaux and his shipmates in Tasmania, the western Pacific

Islands, and Indonesia. In 1791-1794 Bruni d'Entrecasteaux led a French naval expedition in search of the lost vessels of La Pérouse which had last been seen by Europeans at Botany Bay in March 1788. After Bruni d'Entrecasteaux died near the end of the voyage and the expedition collapsed in political disarray in Java, its collections and records were subsequently scattered or lost. The book's core is a richly illustrated examination, analysis, and catalog of a large

array of ethnographic objects collected during the voyage, later dispersed, and recently identified in museums in France, Norway, the Netherlands, Switzerland, and the United States. The focus on artifacts is informed by a broad conception of collecting as grounded in encounters or exchanges with Indigenous protagonists and also as materialized in other genres--written accounts, vocabularies, and visual representations (drawings, engravings,

and maps). Historically, the book outlines the antecedents, occurrences, and aftermath of the voyage, including its location within the classic era of European scientific voyaging (1766-1840) and within contemporary colonial networks. Particular chapters trace the ambiguous histories of the extant collections. Ethnographically, contributors are alert to local settings, relationships, practices, and values; to Indigenous uses and significance of objects; to the reciprocal,

dialogic nature of collecting; to local agency or innovation in exchanges; and to present implications of objects and their histories, especially for modern scholars and artists, both Indigenous and non-Indigenous. [Aristocratic Marriage in Ireland, 1750-1820](#) New York, D. Appleton Advice on living a virtuous life, from one of America's Founding Fathers. Benjamin Franklin once wrote that he had "conceived the bold and arduous project of arriving

at moral perfection... and] wished to live without committing any fault at any time...to conquer all that either natural inclination, custom, or company might lead me into." Although he was never able to finish this project completely, Benjamin Franklin was able to lay down the beginnings of this work in his later writings. Collected here for the first time are essays by Benjamin Franklin on living a virtuous life. Starting with Franklin's essay "Art of Virtue," read

on to find out his thoughts on justice, moderation, chastity, and more. An easy-to-read guide to living your life with as much virtue as possible, the way Benjamin Franklin envisioned it could be. *A Study of Eighteenth Century Radicalism in France* Editions Archives & Culture Like a number of Netherlanders in the post World War II era, Inez Hollander only gradually became aware that her family had significant connections with its Dutch colonial past, including an

Indonesian great-grandmother. Unlike the majority of memoirs that are soaked in nostalgia for tempo doeloe, Hollander's sets out to come to grips with her family's past by weaving together personal records with more general, academic views of the period. Hers is a complicated and sometimes painful personal journey of realization, unusually mindful of the ways in which past memories and present considerations can be intermingled when we seek to understand a

difficult past. Silenced Voices is an important contribution to the literature on how Dutch society has dealt with its recent colonial history. Census 1971, England and Wales, County Report BRILL
 A biography of Anne, Princess Royal of England and Gouvernante of the United Provinces, using her unpublished correspondence to reveal a forceful and gifted woman, thrust into power in a foreign country at a time of national upheaval and diplomatic revolution.

Tablettes du Hainaut [Belfast] : Ulster Historical Foundation
 Presents a portrait of Benjamin Franklin as a scientist, inventor, diplomat, writer, business strategist, and statesman while tracing his life as one of America's Founding Fathers.
The Lincoln Family Album SIU Press
 "The Pursuit of the Heiress" is a new, greatly enlarged and more widely focused version of what the late Lawrence Stone described as "a brilliant long essay or short book

on the subject of the role of heiresses among the Irish aristocracy," which was published by the Ulster Historical Foundation under the same title in 1982 and has long been out of print. The new book comes to the same broad conclusions about heiresses--namely that their importance as a means of enlarging the estates or retrieving the fortunes of their husbands has been much exaggerated. This was because known heiresses were well protected by a

variety of legal devices and, in common with many aristocratic women of the day, also had minds and strong preferences of their own--which meant that they were not generally an object of deliberate or profitable pursuit. The new book also ranges more widely than its central theme of heiresses and addresses other aspects of aristocratic marriage such as abductions, elopements, mesalliances, the supposed "rise of the affective family," and the disadvantaged situation of

even the richest and most privileged women in an age when both adultery and divorce were largely the prerogative of men. *With Other Poems* Palala Press
Offers an account of tennis as played from the Middle Ages to the present, covering the origins of the game, the etymology of the word "tennis," and the development of lawn tennis
annuaire généalogique, diplomatique et statistique Burns & Oates
Avec l'engouement actuel

pour la généalogie, les Français sont de plus en plus nombreux à consacrer leurs loisirs à l'histoire de leur famille : ils consultent l'état civil ancien, parcourent des documents notariés vieux de plusieurs siècles, lisent pieusement les vieilles lettres de leur grenier ou analysent avec attention les livres de compte de leur grand-père artisan de village...Assez vite au cours de leurs recherches se posent des difficultés de lecture, parce que les documents anciens sont manuscrits, que les

façons d'écrire ont évolué au cours des siècles, et qu'elles étaient différentes selon les rédacteurs. Aussi devenait-il urgent de publier un ouvrage exerçant chacun à la lecture des manuscrits d'autrefois. Celui que nous proposons ici est original car il reprend un manuel d'école primaire des années 1840 destiné précisément à entraîner les enfants de dix ans à la lecture de textes écrits des XVIIe au XIXe siècles. Intitulé " Bibliothèque manuscrite des écoles

primaires ", il avait un double usage : servir de manuel de cours et, comme l'indique le sous-titre, " exercer à la lecture des manuscrits ", pour mener progressivement l'élève de la lecture la plus simple au déchiffrement le plus complexe. Pour le lecteur d'aujourd'hui, l'ouvrage présente donc un double intérêt : il lui offre un résumé des savoirs inculqués alors à ses ancêtres et il lui permet d'aborder en douceur la lecture des écritures manuscrites anciennes. Après tout, il y

a un siècle et demi, c'était à la portée d'un enfant de dix ans !

The Saxon and Norman Kings Gareth Stevens Pub Secondary Lib

Includes a brief chronology of the life of Franklin Pierce, his annual messages, and a selection of important documents from his administration.
