Mayne & McGregor on Damages

Cambridge University Press

A unique comparative analysis of Chinese contract law accessible to lawyers from civil, common, and mixed law jurisdictions.

McGregor on Damages. Fourth

Supplement to the Sixteenth Edition

Central European University Press

This essential text on the Law of Damages

provides a comprehensive and authoritative account of the legal principles to be applied in assessing damages. It examines the current law and also highlights areas for possible future development. The text covers all the key areas and general principles of damages making it an essential text for both practitioners and academics.

MCGREGOR ON DAMAGES. Oxford

University Press on Demand

The law of commercial remedies raises a number of important doctrinal, theoretical

and practical controversies which deserve sustained and rigorous examination. This volume explores such controversies and suggests solutions, which is essential to ensure that the law is defensible, clear and just. With contributions from twenty-three leading academic and practitioner experts, this book addresses significant issues in the law which, taken together, range across the entire remedial jurisdiction as it applies to commercial disputes. The book primarily focuses on the resolution of controversies in the

English law of commercial remedies, but recent developments elsewhere are also considered, especially in other common law jurisdictions. The result provides remarkably comprehensive coverage of the field which will be of relevance to academics, students, judges and practitioners.

Defamation Law WaterBrook

The "Europeanization" of European private law has recently received much scrutiny and attention. Harmonizing European systems of law represents one of the greatest challenges of the 21st century. In effect, it is the adaptation of national laws into a new supra-national law, a process that signifies the beginning of a new age in Europe. This volume seeks to frame the creation of a new European Common Law in the context of recent events in European integration. The work is envisioned as a guide and written in a research friendly style that includes text inserts and an extensive bibliography. The detailed analysis and research this volume accomplishes is invaluable to those scholars and lawmakers who are the next generation of European leaders.

The Rule in White and Carter

(Councils) Limited V. McGregor

Thomson Carswell

Presenting a comprehensive and timely examination of remedies for breach of contract, this text analyses and challenges fundamental features of English contract law.

A Common Law for Europe Cambridge University Press

This book challenges certain differences between contract, tort and equity in relation to the measure (in a broad sense) of damages. Damages are defined as the monetary award made by a court in consequence of a breach of contract, a tort or an equitable wrong. In all these causes of action, damages usually aim to put the claimant into the position the claimant would be in without the wrong. Even though the main objective of damages is thus the same for each cause of action, their measure is not. While some aspects of the measure of damages are more or less harmonised between contract, tort and equity (e.g. causation in fact and mitigation), significant differences exist in relation to (1) remoteness of damage, which is the question of whether, when and to which degree damage needs

to be foreseeable to be recoverable; (2) the compensability of non-pecuniary loss such as pain and suffering, distress and loss of reputation; (3) the effect of contributory negligence, which is the victim's contribution to the occurrence of the wrong or the ensuing loss through unreasonable conduct prior to the wrong; (4) the circumstances under which victims of wrongs can claim the gain the wrongdoer has made from the wrong; and (5) the availability and scope of exemplary (or punitive) damages. For each of the five topics, this book examines the present position in contract, tort and equity and establishes the differences between the three areas. It goes on to scrutinise the arguments in defence of existing differences. The conclusion on each topic is that the present differences between contract, tort and equity cannot be justified on merits and should be removed through a harmonisation of the relevant principles.

Mayne and McGregor on Damages

Bloomsbury Publishing

Torts and other Wrongs is a collection of eleven of the author's essays on the theory of the law of torts and its place in

the law more generally. Two new essays accompany nine previously published pieces, a number of which are already established classics of theoretical writing on private law. Together they range across the distinction between torts and other wrongs, the moral significance of outcomes, the nature and role of corrective and distributive justice, the justification

McGregor on Damages Oxford University Press

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away

the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.
