HURLEY DIAMOND

WordPress 2.7 Cookbook Packt Publishing Ltd

In the wake of her father's death, Rose Newlin finds solace in her work as a book restorer. Then, one rainy Connecticut afternoon, a struggling painter appears at her door. William Lomazzo brings with him a sixteenth-century treatise on art, which Rose quickly identifies as a palimpsest: a document written over a hidden diary that had purposely been scraped away. Yet the restoration sparks an unforeseen challenge when William--a married man--and Rose experience an instant, unspoken attraction. Five centuries earlier, Renaissance-era Venetians find themselves at the mercy of an encroaching Ottoman fleet preparing for a bloody war. Giovanni Lomazzo, a portrait artist grappling with tragedy, discovers that his vision is fading with each passing day. Facing the possibility of a completely dark world, Gio begins to document his every encounter, including what may be his final artistic feat: a commission to paint the enchanting courtesan of one of Venice's most powerful military commanders. Soon, however, Gio finds himself enraptured by a magnificent forbidden love. Spellbound by Gio's revelations, Rose and William are soon forced to confront the reality of their own mystifying connection.

WordPress is a free blogging platform available to everyone. WordPress has two components, one is a free, Web-based blog-hosting service called WordPress.com. The other is WordPress.org, which provides users with software to run a more feature-rich version of the blogging tool on their own servers. Both services offer a very easy way to blog, with administrative options to work collaboratively on one or several blogs using the same log-in. Bloggers can write their posts on a WYSIWYG editor, or switch over to a code view on the fly. This is a great introduction to WordPress. As simple as WordPress is to administer, you will still need hand holding. Before this there has not been a book on WordPress that got you on your way. This book assumes no blogging or technical

background and does a good job of explaining the basics. For the non-technical the hosted version of WordPress is a great place to begin. For those needing more there are the install-it-yourself versions. You will find everything you need in regards to hosting companies that offer 1 click installs of the regular version WordPress. Once you're set up, you'll be so educated about WordPress that you'll not only be blogging on the most democratic platform but also involved with one of the most friendly, intelligent and devoted open source communities in the world. Soon you'll be customizing your blog to the bliss you'll be following for the rest of your life. Not sure where to start blogging? Stuck fiddling around with your blog's limitations? Interested in improving the world through a remarkable blogging platform? Then do yourself a big favor and invest in this book. Highly recommended to anybody who needs to run a blog or to budding web designers who would like to extend their toolkit.

Improve productivity, reduce complexity, and speed up cloud-native adoption with Helm for Kubernetes HarperCollins UK

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.
