## **DILLON CARLEE**

*Cambridge International  
AS and A Level Chemistry*  
Philip Allan

These new resources have been written to match the 2016 OCR GCSE Gateway Science (9-1) specifications. Built-in assessment and differentiation supports students of all abilities and makes progress tracking easy. Maths skills and practical skills are developed throughout with ramped practice questions and differentiated learning outcomes.

OCR (A) AS/A2 Chemistry  
Student Unit Guide New  
Edition: Units F323 &  
F326 Practical Skills in  
Chemistry Philip Allan

Written by a senior examiner, John Older, this OCR AS/A2 Chemistry Student Unit Guide is the essential study companion for Units F323 and F326: Practical Skills in Chemistry. This full-colour book includes all you need to know to prepare for your Unit F323 and Unit F326 assessments: clear

guidance on the range of practical apparatus and techniques that you need to know about and an overview of the scientific method of testing ideas by experimentation  
examiner's advice throughout, so you will know what to expect in the assessments and will be able to demonstrate the skills required sample investigation tasks for extra practice before your assessments

### **My Revision Notes: OCR A Level Chemistry**

**A** Heinemann  
This student-friendly textbook comprehensively covers the OCR A exam specification for A2-Level Chemistry. It contains in-depth, accessible notes explaining every topic, supported by clear diagrams, photographs, tips and worked examples. To test students' knowledge and understanding, there are practice questions throughout the book - with complete answers included. There's also detailed guidance for success in the final assessments, including exam-style questions and sections dedicated to exam skills and how

science works.

OCR(B) A2 Chemistry  
(Salters) Student Unit  
Guide: Unit F335  
Chemistry by Design

Hodder Education

Puts the development of chemical ideas in the context of social and industrial needs. This book uses OCR terminology, and contains a glossary of the key terms from the specification. It is structured in line with the OCR specification with colour content, photographs and illustrations.

My Revision Notes: OCR  
(A) A2 Chemistry Hodder  
Education

AQA Approved Help students to apply and develop their knowledge, progressing from basic concepts to more complicated Chemistry, with worked examples, practical activities and mathematical support throughout - Provides support for all 12 required practicals with activities that introduce practical work and other experimental investigations in Chemistry - Offers detailed examples to help students get to grips with

difficult concepts such as Physical Chemistry calculations - Mathematical skills are integrated throughout the book and all summarised in one chapter for easy reference - Allows you to easily measure progression with Differentiated End of Topic questions and Test Yourself Questions - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries AQA A-level Chemistry Year 1 includes AS-level.

**OCR A Level Chemistry Student** Nelson Thornes Written by experienced author Mike Smith, this Student Guide for Chemistry: - Helps you identify what you need to know with a concise summary of the topics examined in the AS and A-level specifications - Consolidates understanding with tips and knowledge check questions - Provides opportunities to improve exam technique with sample answers to exam-style questions - Develops independent learning and research skills - Provides the content for generating individual revision notes *A Level, Year 1 and AS* Hodder Education

Written by curriculum and specification experts, this Student Book supports and extends students through the new course while delivering the breadth, depth, and skills needed to succeed in the new AS and beyond. It develops true subject knowledge while also developing essential exam skills.

*A Level Chemistry a for OCR Student Book* Philip Allan

This is an OCR endorsed resource Encourage students to learn independently and build on their knowledge with this textbook that leads students seamlessly from basic biological concepts to more complicated theories. - Develop experimental, analytical and evaluation skills with activities that introduce the practicals required by OCR and other experimental investigations in Biology - Provide assessment guidance with synoptic questions and multiple choice questions throughout the book, and revision tips and skills all in one chapter - Strengthen understanding of key concepts with contemporary and engaging examples, illustrated with accessible diagrams and images -

Give students the opportunity to apply their knowledge and understanding of all aspects of practical work with Test Yourself Questions and Exam Practice Questions - Offer detailed guidance and examples of method with a dedicated 'Maths in Biology' chapter and mathematical support throughout - Develop understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries OCR A Level Biology Student Book 1 includes AS Level [A Level Mathematics for OCR A Student Book 1 \(AS/Year 1\)](#) Hodder Education Inspire, motivate and give confidence to your students with OCR PE for A Level Book 2. This reliable and accessible textbook will offer your students comprehensive support for both the academic and practical elements of the course. We are working in collaboration with OCR to produce the following print resources that support the teaching and learning of the new A Level Physical Education specification - Key questions to direct thinking and help

students focus on the key points - Diagrams to aid understanding -  
 Summaries to aid revision and help students access the main points -  
 Extension questions, stimulus material and suggestions for further reading to stretch, challenge and encourage independent thinking and a deeper understanding -  
 Definition of key terms - again to aid and consolidate understanding of technical vocabulary and concepts - Activities to build conceptual understanding and sound knowledge and understanding, analysis, evaluation and application skills

Student Unit Guide Philip Allan

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements. This guide offers advice on preparing for the OCR(B) (Salters) Units F333 Chemistry in Practice and F336 Individual Investigation assessments. The Practical Chemistry section deals with experimental results and practical techniques. It explains how to obtain and record results and how to process them.  
*Cambridge International*

*AS & A Level Chemistry Student's Book Second Edition* Hodder Education  
 Stretch and challenge your students' knowledge and understanding of Chemistry, build their mathematical and practical skills, and provide plenty of assessment guidance with this OCR Year 2 Student Book. - Build understanding with a summary of prior knowledge and diagnostic questions at the start of each chapter to help bring students up to speed - Support practical assessment with Practical Skill summaries that help develop your students' knowledge and skills - Test understanding and provide plenty of practice to assess progression, with Test Yourself Questions and multiple choice questions - Provide mathematical support with examples of method integrated throughout and a dedicated 'Maths in Chemistry' chapter - Develop understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries  
**OCR A Level Year 2 Chemistry A Student Guide: Module 5** Philip Allan  
 New 2017 Cambridge A

Level Maths and Further Maths resources to help students with learning and revision. Written for the OCR AS/A Level Further Mathematics specification for first teaching from 2017, this print Student Book covers the Statistics content for AS and A Level. It balances accessible exposition with a wealth of worked examples, exercises and opportunities to test and consolidate learning, providing a clear and structured pathway for progressing through the course. It is underpinned by a strong pedagogical approach, with an emphasis on skills development and the synoptic nature of the course. Includes answers to aid independent study.  
**OCR A Chemistry A2 Student Unit Guide: Unit F325 New Edition: Equilibria, Energetics and Elements** ePub  
 Hodder Education  
 Helps students to pull together key ideas in the course and apply them to exam questions in a fresh context. Organised by module to allow readers to quickly access specific information, this work provides tips on common pitfalls and advice on approaching exam questions, with practice

style exam questions for each module, along with answers.

*OCR A2 Chemistry: Facts and Practice for A2 Level*  
Philip Allan

OCR A level Chemistry  
StudentHodder Education  
*OCR A Level PE* Vantage  
Press, Inc

Student Unit Guides are perfect for revision. Each guide is written by an examiner and explains the unit requirements, summarises the relevant unit content and includes a series of specimen questions and answers.

[A/AS Level Computer Science for OCR Student Book](#) Coordination Group Publication

This is an OCR endorsed resource Stretch and challenge your students' knowledge and understanding of Chemistry, build their mathematical and practical skills, and provide plenty of assessment guidance with this OCR Year 1 Student Book. - Build understanding with a summary of prior knowledge and diagnostic questions at the start of each chapter to help bring students up to speed - Support practical assessment with Practical Skill summaries that help develop your students' knowledge and skills -

Test understanding and provide plenty of practice to assess progression, with Test Yourself Questions and multiple choice questions - Provide mathematical support with examples of method integrated throughout and a dedicated 'Maths in Chemistry' chapter - Develop understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries OCR A Level Chemistry Student Book 1 includes AS Level  
**OCR A Chemistry A2 Student Unit Guide: Unit F324 New Edition: Rings, Polymers and Analysis ePub** Philip Allan

Written by experienced author Mike Smith, this Student Guide for Chemistry: -Identifies the key content you need to know with a concise summary of topics examined in the A-level specifications -Enables you to measure your understanding with exam tips and knowledge check questions, with answers at the end of the guide - Helps you to improve your exam technique with sample answers to exam-style questions -Develops your independent learning skills with content you can use for further study and

research.

*OCR AS/A Level Year 1 Chemistry A Student Guide: Modules 1 and 2*  
Cambridge University Press

With short questions at the end of each section that make students stop and think about the topic, this work provides tips on common pitfalls and advice on how to tackle different types of exam question and exam preparation. It also includes practice exam-style questions.

[OCR A-level Chemistry Student Guide: Practical Chemistry](#) Heinemann  
Endorsed by Cambridge International

Examinations Covers the entire syllabus for Cambridge International Examinations' International AS and A Level Chemistry (9701). It is divided into separate sections for AS and A Level making it ideal for students studying both the AS and the A Level and also those taking the AS examinations at the end of their first year. - Explains difficult concepts using language that is appropriate for students around the world - Provides practice throughout the course with carefully selected past paper questions at the end of each chapter
