One particular group of at-risk students is the LGBTQ+ population. K-12 students who identify as lesbian, gay, bisexual, transgender, or queer often fear the repercussions of disclosing this information in the classroom environment. Homophobia from fellow students, faculty, and/or administrators can be in the form of bullying, lack of acknowledgement of identity, absence in curriculum, etc. There is a strong need for this group of students to be included in the landscape of curriculum design and policymaking. Incorporating LGBTQ+ Identities in K-12 Curriculum and Policy is a critical research publication that provides comprehensive research on inclusive curriculum design and education policy that specifically impacts LGBTQ+ students. Featuring an array of topics such as gender diversity, mental health services, and preservice teachers, this book is essential for teachers, counsellors, school psychologists, therapists, curriculum developers, instructional designers, principals, school boards, academicians, researchers, administrators,

policymakers, and students.

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's

been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.
