The Dance of Death Scholastic Paperbacks Death never dances alone. Death is due a soul, and Ben Reed is on a mission to reap it. With his memories back... well, most of them, Ben must find a way to lead a wayward soul back into the cold embrace of death. When his friend Olivia comes knocking with a case involving a man on the run and with dangerous powers, Ben agrees to help find him, seeing an opportunity to find allies among the city's supernatural underworld. Rose Klein's life is on the right track. She's about to be married and hopes for a career change. But something keeps her stranded in the past as her friend is no longer the man she's known all her life. Coming to an uncomfortable truth about Ben's recent actions, she must either attempt forcing something that is long dead or find the strength to move forward. Trying to balance the needs of the people in his life, Ben must face the limitations, and wonders, of being human. Freed from the neutrality of his previous existence, he soon comes to realize that in the search for the supernaturally gifted no one is who they seem, and allies may appear in the strangest places. Saving the living might not be as easy as this reaper thought.

Dance of Death is the third novel in the Ashdale Reaper Series, a tale of betrayal and trust, accepting the truth, and a Reaper of Death breaking his own rules.

Dance of Death

William Herman's "The Dance of Death" is a fictional general literature. The author . An excerpt from the preface of the book read thus "On this score he is not disposed to be greatly troubled; and for these reasons: Firstly—he feels that he is performing a duty; secondly—he is certain that his sentiments will be endorsed by hundreds upon whose opinion he sets great value; thirdly—he relieves his mind of a burden that has oppressed it for many years; and fourthly—as is evident upon the face of these pages..."

[The Dance of Death](#)

John Fahey hovers ghostlike in the sound of almost every acoustic guitarist who came after him. He was to the solo acoustic guitar what Hendrix was to the electric: the man whom all subsequent musicians had to listen to. Fahey made more than forty albums between 1959 and his death in 2001, fusing folk, blues, and experimental composition, taking familiar American sounds and making them new. Yet Fahey's life and art remain largely unexamined. His memoir and liner notes were largely fiction. His real story has never been told—until now. Journalist Steve Lowenthal has spent years talking with Fahey's producers, friends, peers, wives, business partners, and many others. He describes how Fahey introduced pre-war blues to a broader public; how his independent label, Takoma, set new standards; how he battled his demons, including stage fright, alcohol, and prescription pills; how he ended up homeless and mentally unbalanced; and how, despite his troubles, he managed to found a new record label, Revenant, that won Grammys and remains critically revered. This portrait of a troubled and troubling man in a constant state of creative flux is not only a biography, but also the compelling story of a great American outcast. Steve Lowenthal started and ran the music magazine *Swingset*; his writing has also been published in *Fader*, *Spin*, *Vice*, and the *Village Voice*. He lives in New York City. David Fricke is a senior editor at *Rolling Stone* magazine.
