Erotic Fantasies You and Your Partner Can Try at Home Excessica Publishing

Spontaneous sex can be hot, intense, and incredibly satisfying. Whether you are a new couple who can't keep your hands off each other or married with kids, quickies are the perfect way to stoke your libido, beat predictability and performance pressures, and add another dimension of excitement and trust to a relationship. Quickies are also a necessity to a regular sex life for those of us with little time and privacy for extended lovemaking sessions on a regular basis. Quick sex doesn't have to be less satisfying--it just requires some mindblowing techniques for getting it on fast and good. Fast sex isn't always about positions or orgasms--it's about the thrill of the lusty contact done semi-secretly--such as a hot hand job underneath the table at a restaurant or quick blow job in a public restroom or waking up your husband by riding him in the Cowgirl position. Mindblowing Mornings, Naughty Nooners, and Wild Nights to the rescue! Try morning quickies, nooners, and nights and learn how to master quick hand jobs, oral techniques, and positions. Whether you're looking to bring yourself (or your partner) to climax fast--or create a teaser for a longer session later, each technique will show you how to create excitement and satisfaction in minutes.

Life on Meditrine Island is luxurious...but brief. Marla Neuborn has found the best post-grad job in the world—as a "Lamplighter" working on Meditrine Island, an exclusive idyllic paradise owned and operated by a consortium of billionaires. All Lamplighters have to do is tend to the mansions, cook and

clean, and turn on lights to make it appear the owners are home. But the job comes with conditions. Marla will not know the exact location of the island, and she will have no contact with the outside world for the duration of her stay. Once on the island, Marla quickly learns the billionaire lifestyle is not all it is made out to be. The chief of security rules Meditrine with an iron fist. His private police force patrols the shores night and day, and CCTV cameras watch the Lamplighters relentlessly. Soon Marla will also discover first-hand that the island hides a terrible secret. She'll meet the resident known as the Skin Mechanic. And she'll find out why so few Lamplighters ever leave the island alive.

Women Loving Women explores the phenomenon of the contemporary "bi-sexual" or "lesbian" experience for the heterosexual woman. However, while women loving women is indeed an emerging trend, it is also an age-old obsession that this book also addresses and places in a historical perspective. The book investigates the reasons modern women are more open to same-sex encounters, how these experiences can connect people and help them grow, and how regardless of one's sexual orientation, there is much to learn here about the nature of love, sex, and physical attraction and its unconscious determinants. In addition, Women Loving Women also responds to how these same-sex encounters are less apt to create conflict in their heterosexual relationships, and actually might spice things up with their male partner (many men fantasize about same-sex women relationships), break the ice with a best friend, or simply add a new dimension to their sexual history. Women Loving Women features sophisticated photographs that will capture the warm and enlightening approach of exploring erotic possibilities with other women, even when you don't identify yourself as a bisexual or lesbian. Testimonials from heterosexual women who have experienced same-sex romantic encounters will be featured throughout. Sidebars will also feature quotations from women-who-have-loved-women throughout history, such as Virginia Woolf, Simone de Beauvoir, Anais Nin, and Eleanor Roosevelt, amongst others. The photographs, shot on location in New Hampshire, tell a story of three beautiful women who leave their boyfriends/husbands behind for a "girls weekend"-and discover a new dimension to their friendship
