## LANE GUADALUPE

**Anthem: Rush in the 1970s** Soundcheck Books

A sequence of eight interlinked tales explores the common experiences that shape early adulthood and features an eclectic cast of female characters who navigate the pitfalls of the cultural landscape from the 1970s to the present.

**Beer Drinkers and Hell Raisers** Voyageur Press

Formed in Los Angeles in 1981, Metallica has become the single bestselling heavy metal act in music history, with more than 100 million album sales to its credit. Now based in the San Francisco Bay Area, the band remains hugely popular worldwide: in 2009, Metallica's 1991 self-titled LP became the bestselling album of the SoundScan era. In this book, the first complete illustrated treatment of the band, acclaimed heavy metal journalist Martin Popoff leads a roster of respected heavy metal writers to take on Metallica's entire history, analyzing each of the group's ten studio albums (including 2011's LuLu collaboration with Lou Reed) and providing a complete discography. More than 300 images complement extensive band stories: their formative years spent woodshedding in the clubs of Los Angeles, tragedies like the death of founding bassist Cliff Burton, the triumphs of multiple platinum recordings, personnel changes like the departures of Dave Mustaine and Jason Newsted, and tours covering the world over. Live-performance and candid off-stage photographs are accompanied by a stunning selection of memorabilia, including gig posters, concert tees, picture sleeves, backstage passes, buttons, ticket stubs, and more. By following the same critically acclaimed, high-quality format as Voyageur Press' previous books on Led Zeppelin, Aerosmith, Queen, Iron Maiden, and others, Metallica: The Complete Illustrated History is the authoritative tribute to one of history's most successful and admired heavy metal bands.

*Album by Album* Infinity Publishing (PA)

Canadian progressive rock band Rush was the voice of the suburban middle class. In this book, Chris McDonald assesses the band's impact on popular music and its legacy for legions of fans. McDonald explores the ways in which Rush's critique of suburban life—and its strategies for escape—reflected middle-class aspirations and anxieties, while its performances manifested the dialectic in prog rock between discipline and austerity, and the desire for spectacle and excess. The band's reception reflected the internal struggles of the middle class over cultural status. Critics cavalierly dismissed, or apologetically praised, Rush's music for its middlebrow leanings. McDonald's wide-ranging musical and cultural analysis sheds light on one of the most successful and enduring rock bands of the 1970s and 1980s.

**The Yes Story** Knopf Books for Young Readers

Part two of the definitive biography of the rock 'n' roll kings of the North — covering Rush's most iconic and popular albums, *Moving Pictures* and *Power Windows* Includes two full-color photo inserts, with 16 pages of the band on tour and in the studio In the follow-up to *Anthem: Rush in the '70s*, Martin Popoff brings together canon analysis, cultural context, and extensive firsthand interviews to celebrate Geddy Lee, Alex Lifeson, and Neil Peart at the peak of their persuasive power. Rush was one of the most celebrated hard rock acts of the '80s, and the second book of Popoff's staggeringly comprehensive three-part series takes readers from *Permanent Waves* to *Presto*, while bringing new insight to *Moving Pictures*, their crowning glory. *Limelight: Rush in the '80s* is a celebration of fame, of the pushback against that fame, of fortunes made — and spent ... In the latter half of the decade, as Rush adopts keyboard technology and gets pert and poppy, there's an uproar amongst diehards, but the band finds a whole new crop of listeners. *Limelight* charts a dizzying period in the band's career, built of explosive excitement but also exhaustion, a state that would lead, as the '90s dawned, to the band questioning everything they previously believed, and each member eyeing the

oncoming decade with trepidation and suspicion.

*Teaching Under Pressure* Soundcheck Books

Find out what 20 rock journalists and writers have to say about Rush's 20 studio albums. Formed in Toronto in 1968, the rock trio Rush has gone on to multiplatinum success behind the distinctive high register and virtuosic bass-playing of frontman Geddy Lee, the legendary drumming and lyric-writing of Neil Peart, and the guitar heroics of Alex Lifeson. Despite having just four chart-topping singles since the release of their debut LP in 1974, Rush has nonetheless sold more than 25 million albums in the U.S. and more than 40 million worldwide. Indeed, the Canadian trio may be the definition of an "album band," and this new book from prolific rock journalist and acknowledged Rush authority Martin Popoff pays tribute to the band's discography by moderating in-depth, frank, and entertaining conversations about all 20 of Rush's studio albums. Inside, the author gathers 20 rock journalists and authors who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique historical overview of the band, as well as a handsome discography. Popoff also includes loads of sidebars that provide complete track listings, details on album personnel, information on where and when the albums were recorded, and sidebar facts about the albums, their songs, and the band.

**Warning Contents Under Pressure** Oxford University Press

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME  
 The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —*The New York Times*  
 "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —*USA Today*  
**DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.**

*Contents Under Pressure* 30 Years of Rush at Home and Away

This text is based on the author's research into primary school teacher's stress. The research has been linked with the author's belief in the need to understand ourselves, our personal and professional situations and how they relate. The resulting book is a practical text designed to address the reader in such a way that they can readily identify with what is being discussed. Furthermore, readers are encouraged to explore ways in which they can begin to tackle their own problems.

(If You Like). In hard rock history, there is the time before Metallica and there is everything that has come since: metal, punk, industrial, grunge, alternative all of it absorbed, transformed, and reinvented by the band that, for decades, has ruled as both the Beatles and the Stones of heavy music. From garage rock to the avant-garde, indie pop to hardcore punk and, of course, all shades of metal, *If You Like Metallica...* illuminates the sounds and styles that influenced and have been influenced by this band, in addition to nonmusical elements such as movies, books, and cultural iconoclasts. Just as Metallica expanded heavy metal to new meanings and new possibilities, *If You Like Metallica...* expands being a fan of the band to an education and a treasure hunt that, put as bluntly as a devil-fingered salute to the face, rocks.

**Four Decades of Progressive Heavy Metal** Cooper Square Press

Rush is often referred to as a libertarian rock band, but really what the band is channeling is an Aristotelian individualism, a philosophy that strongly resonates with today's 40-somethings. This

helps explain the band's resurgence in popularity, culminating in its 2013 induction in the Rock and Roll Hall of Fame.

**How Science Will Shape Human Destiny and Our Daily Lives by the Year 2100** Voyageur Press (MN)

AC/DC Album by Album is an in-depth discussion of each of the band's 16 studio albums by prolific rock journalist Martin Popoff and illustrated with phenomenal photography. Formed in 1973, AC/DC became one of the most popular and bestselling bands in rock history with their no-frills approach to loud, heavy, and sweat-drenched blues-based rock music. This new book from prolific rock journalist Martin Popoff pays tribute to the band's discography by moderating in-depth and entertaining conversations about all 16 of AC/DC's studio albums, every page illustrated with thoughtfully curated performance and offstage photography and rare memorabilia. Popoff gathers 17 rock journalists and authors who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique history of the band, covering everything from early lineups; the role played by the Youngs' older brother, George; the songwriting and legendary antics of original vocalist Bon Scott; the mega tours undertaken in support of the LPs; the debut of singer Brian Johnson on the band's mega breakthrough, *Back in Black*; the band's fallow 1980s and 1990s resurgence; and later difficulties, such as Malcolm's onset of dementia and the legal problems of drummer Phil Rudd.

*Life, Liberty, and the Pursuit of Excellence* Indiana University Press

This is a detailed history of the exhaustive road experience of Canadian rock icons Rush. Celebrating the band's 30th anniversary, this book features in-depth original interviews with Geddy Lee, Alex Lifeson and Neil Peart. From the author of the Top 500 Heavy Metal Songs of All Time and the Top 500 Heavy Metal Albums of All Time, comes another authoritative piece of music journalism that will satisfy the curiosity of all fans of this enigmatic Canadian institution.

*Rush* Sylvia Munson

Required reading for any metalhead, Iron Maiden is a compendium of in-depth, entertaining, and profusely illustrated conversations about all sixteen of the legendary metal band's studio albums. This new book from prolific rock journalist Martin Popoff pays tribute to the Iron Maiden's studio discography through a series of in-depth, frank, and entertaining conversations about all sixteen of the legendary heavy metal band's studio albums. Inside, the author gathers together metal journalists, authors, and musicians, who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique historical overview of the band, covering everything from early albums with original lead singer Paul Di'Anno; the songwriting of founder and bassist Steve Harris; the impeccable talents of drummer Nicko McBrain and guitarists Dave Murray, Adrian Smith, and Janick Gers; mega tours undertaken in support of the LPs; fights within the band; and much more. Even their iconic mascot Eddie is sure to make an appearance or two! Popoff also includes loads of sidebars that provide complete track listings, details on album personnel, and information on where and when the albums were recorded. Every page is illustrated with thoughtfully curated performance and offstage photography, as well as rare memorabilia.

*Takin' Care of Business* Collectors Guide Pub

A fresh, honest look at the difficult choices and unexpected joys in a girl's life under pressure. Lucy Doyle is about to explode. She's sure her name might as well be Loser because she's never, ever been kissed. To make matters worse, nearly all of her friends have left her behind for boys. Even Lucy's favorite brother doesn't seem to have time for her anymore. He's just moved home from college with a distant new attitude and a big-haired girlfriend Lucy can't stand. Freshman year is definitely not off to a good start. So when Lucy attracts the attention of Tobin Scacheri, the junior everyone wants to date, she can barely believe her luck. Tobin's cute and funny, and he might like Lucy as much as she likes him. But Lucy's brother has a secret that will turn her already mixed-up world completely upside down. Now, Lucy must figure out how far she's willing to take her relationship with Tobin—and how to deal with a brother who's not as perfect as she thought.

*All the Albums, All the Songs* ECW Press

Imagine, if you can, the world in the year 2100. In *Physics of the Future*, Michio Kaku—the New York Times bestselling author of *Physics of the Impossible*—gives us a stunning, provocative, and exhilarating vision of the coming century based on interviews with over three hundred of the world's top scientists who are already inventing the future in their labs. The result is the most authoritative and scientifically accurate description of the revolutionary developments taking place in medicine, computers, artificial intelligence, nanotechnology, energy production, and astronautics. In all likelihood, by 2100 we will control computers via tiny brain sensors and, like magicians, move objects around with the power of our minds. Artificial intelligence will be dispersed throughout the environment, and Internet-enabled contact lenses will allow us to access the world's information base or conjure up any image we desire in the blink of an eye. Meanwhile, cars will drive themselves using GPS, and if room-temperature superconductors are discovered, vehicles will effortlessly fly on a cushion of air, coasting on powerful magnetic fields and ushering in the age of magnetism. Using molecular medicine, scientists will be able to grow almost every organ of the body and cure genetic diseases. Millions of tiny DNA sensors and nanoparticles patrolling our blood cells will silently scan our bodies for the first sign of illness, while rapid advances in genetic research will enable us to slow down or maybe even reverse the aging process, allowing human life spans to increase dramatically. In space, radically new ships—needle-sized vessels using laser propulsion—could replace the expensive chemical rockets of today and perhaps visit nearby stars. Advances in nanotechnology may lead to the fabled space elevator, which would propel humans hundreds of miles above the earth's atmosphere at the push of a button. But these astonishing revelations are only the tip of the iceberg. Kaku also discusses emotional robots, antimatter rockets, X-ray vision, and the ability to create new life-forms, and he considers the development of the world economy. He addresses the key questions: Who are the winner and losers of the future? Who will have jobs, and which nations

will prosper? All the while, Kaku illuminates the rigorous scientific principles, examining the rate at which certain technologies are likely to mature, how far they can advance, and what their ultimate limitations and hazards are. Synthesizing a vast amount of information to construct an exciting look at the years leading up to 2100, *Physics of the Future* is a thrilling, wondrous ride through the next 100 years of breathtaking scientific revolution.

**The Book Thief** ECW Press

Formed in Toronto, Ontario, in 1968 under the heavy influence of British blues, Rush solidified its lineup in 1974 and has gone on to record 18 studio albums (and counting). Notable for bassist/vocalist Geddy Lee's high register, Neil Peart's virtuosic drumming and inventive lyrics, and the guitar heroics of Alex Lifeson, the multiplatinum band melds a diverse range of influences and along the way has amassed a large, notably loyal following worldwide. Rush is bigger than ever before with the hit 2011 documentary *Beyond the Lighted Stage* and this year's new album, *Clockwork Angels*, and tour. *divDIV/divDIVNow*, for the first time, Rush is treated to the epic visual celebration they so richly deserve in a beautifully designed and profusely illustrated history following the band's entire career. A chronological overview history written by noted music scribe and Rush authority Martin Popoff spans the band's entire career from 1968 to today. A complete Rush discography chronicles all their albums, from the debut album to 2012, *Moving Pictures*, and *Signal to Grace Under Pressure*, *Vapor Trails*, and more. The authoritative text is complemented by album reviews written by well-known music journalists from around the globe, commentary from fellow musicians, a discography, and hundreds of photographs and pieces of memorabilia, including picture sleeves, gig posters, rare vinyl, handbills, ticket stubs, and much more. *div*

The definitive biography of the rock 'n' roll kings of the North With extensive, first-hand reflections from Geddy Lee, Alex Lifeson, and Neil Peart, as well as from family, friends, and fellow musicians, *Anthem: Rush in the '70s* is a detailed portrait of Canada's greatest rock ambassadors. The first of three volumes, *Anthem* puts the band's catalog, from their self-titled debut to 1978's *Hemispheres* (the next volume resumes with the release of *Permanent Waves*) into both Canadian and general pop culture context, and presents the trio of quintessentially dependable, courteous Canucks as generators of incendiary, groundbreaking rock 'n' roll. Fighting complacency, provoking thought, and often enraging critics, Rush has been at war with the music industry since 1974, when they were first dismissed as the Led Zeppelin of the north. *Anthem*, like each volume in this series, celebrates the perseverance of Geddy, Alex, and Neil: three men who maintained their values while operating from a Canadian base, throughout lean years, personal tragedies, and the band's eventual worldwide success.

*Thin Lizzy* Omnibus Press

This stunning look back at Pink Floyd's discography comprises a series of in-depth, frank, and entertaining conversations about all of the band's studio albums, including their soundtrack efforts and the instrumental/ambient *The Endless River*. Inside, prolific rock journalist Martin Popoff moderates discussions on each album with rock journalists and musicians who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique historical overview of the band, covering everything from early albums with the iconic Syd Barrett to the songwriting tandem of Roger Waters and David Gilmour; the impeccable talents of drummer Nick Mason and multi-instrumentalist Richard Wright; those mega tours undertaken in support of the LPs; the monster success of breakthrough LP *Dark Side of the Moon*; interpersonal conflict; the band following Waters' 1985 departure; and much more. Popoff also includes sidebars that provide complete track listings, album personnel, and studios and dates. Every page is illustrated with thoughtfully curated performance and offstage photography, as well as rare memorabilia.

*Driven: Rush in the '90s and "In the End"* Algora Publishing

The Temptations were the most commercially successful and critically lauded male vocal group of the Sixties and early Seventies. Through the years, the group's trademark razor-sharp choreography, finely tuned harmonies, and compelling vocals made them the exemplars of the Motown style. This is the frank, revealing story of the legendary supergroup, told by its founder.
